## **From Reader Review The Viking's Captive for online ebook**

### **Kristie Holmes says**

Loved it! I couldn't stop reading. Quinn really knows how to spin a story. I really got into the characters and I felt their pain when they were going through their hardships. I literally cried for 10 minutes on one part of the book where Allete was really emotional. I felt her pain. Quinn really captures a reader. She has me hooked. I feel like an addict waiting for my next high.

---

### **Mary Briggs says**

Great second book and now can't wait for book 3. Love the characters and although the plot is a little predictable a real page turner.

---

### **Jamie says**

Loved it!

---

### **Ashley Kirby Ware says**

4.5 stars

---

### **Carla Dulzaides says**

This book start where the first one finish. The separation between our main character, our viking and princess, will make you want to continue reading until the end. Amazing story of love, loyalty, honor, and family will make you love this story.

---

### **Krystle Davis-Zerbe says**

So GREAT! I absolutely adore this series. It's a fun lighthearted read that will keep you thoroughly entertained!

I highly recommend this series. I can't wait for book 3. ??

---

### **La-Verna J. Fountain says**

**Foolishness - Darkness - Light - Love**

I am not a fan of darkness, of pain. While life holds dark moments, I prefer the fantasy of struggle and victory. The Viking's Captive had a few dark moments that I prefer to ignore, but I am now looking forward to Book Three. Saucy, witty women who are ultimately victorious are my daydreams.

---

### **Laura Hernandez (TheVoluptuousBkDiva/YABkDivas) says**

I want to say that this book was better than the first but that would be a lie as they are equally outstanding. I was glued to my seat and couldn't turn the pages fast enough. This one picks up where the first one left off and the storytelling is fantastic. I was quickly swept away and lost within this beautiful storyline full of Vikings, princesses, manical jarls and even a very disturbing witch. The characters are strong and work well within the story and I can't wait to learn more about Dayna and Brant as I know their story will also be epic!!

### **TP says**

Horrible!!!

I can not understand how an author who apparently is some kind of USA Today Bestseller author, is able to deliver such a lousy work.

The aforementioned banter turned already extremely annoying in the first few pages of the second book. It is too immature even for a YA book. It reads forced and is just inappropriate in those situations. Sheltered princesses of a young age are confronted with savage Viking's, for the first time in their life's outside of the castle and it seems like they left their brain cells behind as well.

Two days had passed since the two sisters were captured and hold hostage on a ship. Which apparently is outright hell to them, says the author, literally.

Bloody hell. They are not bound, they have cots to sleep on, they are not starved or threatened or beaten or raped.

And all those two silly girls have to complain about are the smell and the singing of the Viking's.

I only can shake my head due to such stupidity. What a hell that must be.

As both sisters learn that the Viking's are singing out of superstitions, to keep sirens away.

Their logical thought process leads them to two conclusions.

1: why are the silly Viking's then sailing at all?

(I can't even comment such stupidity)

2: how could they believe such none-sense?

(Says the one sister who has healing powers, can talk telepathically with her soulmate and there are probably more supernatural powers to discover)

This whole book suffers under the sole focus of forced banter which are not funny at all and the cringeworthy love proclamations which have no end in sight.

We have a Viking warrior on a rescue mission and all he thinks about is how much he loves his bloody soulmate and ways how to butcher his enemy, as well as one whole chapter dedicated to a discussion which woman would be the best mother. This is so far from reality it is ridiculous.

Where the bloody hell is the seriousness and authenticity? The real plot and the real story??

Instead of planing ahead, which route to take, how the enemy thinks and using the soul link to get some intel, being on a serious rescue mission, how to defeat at least 10 times more people than his own party of 6. Our hero seems to have lost all his marbles. We are talking about a second in command, a Viking army general. Riding through enemy territory by horse. It is idiotic. Our "hero" does none of it, the little there is, is actually contributed by other characters.

I probably won't last much longer.

This is like watching silly teenagers staring in a grown up movie. A bloody disaster. Sprinkled with over dramatic, soul deep love vomit.

And here I thought it can't get even worse and I was so horribly mistaken.

I am done with this book.

Actions and dialogues of the protagonists that doesn't even make sense, in those situations.

I constantly thought, why would he or she do that?

How could you talk and talk and banter during this and that situation?

What a coincidence?

Can't they talk like normal persons?

the list goes on and on and on...

It is not even worth 1 star.

## **Kristen Nyland says**

### **Must read**

Getting pulled into this world with the ups and downs that come along through the twists. It keeps you turning the pages and crying that the book ended so quickly. Its humorous and heartbreaking, it dosen't hide the ugly that can come with the darker side of drama but brings with it the good that can come out of surviving with the help of loved ones.

---

## **Anna says**

### **Loved! Cant wait for the next book!**

I loved this book! I can't wait for the next one! Happy with the end. I did think Dayna was alive when Allete thought she has died. I'm glad Torben and Allete married in this book. Idk if I could have lasted to the next book for them to get together. I am dying to see them go after everyone. I want to see if she goes and finds the white witch to train her. I felt like that chapter was a setup for possibly a spin off book? I am also curious

as to what is happening to her family. We didn't get up updates through this book on them after Torben and his men set out to rescue Allete and Clan Hakon, thought Allete did a good job of making her way back to him.

---

**Bec says**

This story is amazing! So many emotions. Can't wait for the final book in this brilliant new series by Quinn Loftis. Recommend to All

---

**Mandy Cummings says**

This is why I don't like cliffhangers. Gah!!! Now to wait for book 3.

---

**Lona says**

Skimmed the last 200 pages...

---

**Karen Gomez says**

Loved this book could not put it down I had to finish it in one sitting... just finished it and am I tears T.T now I have to wait like 9 months for the next one! why cruel world do you like to torture me. I love this series, you are an amazing author and have a loyal fan here for life. Keep up the great work I can't wait to read more of your books, and discover all the wonderful worlds that you create.
