full review of series on book #3.

## **Carrie Sims Schutze says**

I had a VERY hard time finishing this book. I kept waiting for it to get better, or less confusing and it just never did. When I was about ready to give up on it, my OCD kicked in and I had to finish it. The story line had potential but it was just choppy and didn't flow at all. I kept getting confused and having to go back and re-read to see if I had missed something. The characters seemed bipolar at time. They would be happy, then instantly crying, then angry and all of sudden laughing again in the same paragraph. The ending leaves the story with more questions than answers, but there is no way I will be able to read the next one, if there is one. :(

### **Unsure of how I felt about this book**

I liked the plot and the love story itself as well as the insta love aspect which is why gave the stars I did. Not too fond of the amount of tears each character, especially Emma shed on almost every page! That got annoying quick! I understand all she went through, having a heroine that cries that much and pretty much the bulk of their emotions so little to no imagination

### **Amazing**

Mr. Hines is an amazing man. I can't wait to read the next book. These stories just keep getting better and better.

## **Gloria Herrera for As You Wish Reviews says**

This is a sensitive and emotional love story about second chances in life.

Emma and Brody virtually run into each other and fate takes it from there. Their friendship and love affair grows and neither one knows how deeply they are falling in love.

This story deals with second chances after divorce, illness and impossible stumbling blocks.

Emotional read!

I wish I could give *Wrapped in Silk* more stars.

Sadly, I had a few problems with this book.

The characters were so hot and cold and a bit bi-polar, perhaps. I read someone else's review that had mention this, as well. A character would be bawling there eyes out and then out of nowhere, was completely fine.

The story line had so much promise but it just didn't flow well, at all. I was frustrated throughout, because I was constantly getting confused. I kept thinking I had skipped a page, paragraph, or line. There was dialogue and thoughts missing on just about every page.

There were also a lot of mistakes in editing. I'm understanding of a few errors here and there, but this book was off the charts. There were quite a few incorrect words used.

I did love the dynamic between Emma and Brody. Very raw, emotional relationship. In my opinion, their relationship seemed to go at a very fast pace. Almost to the point of unrealistic.

Maybe I'm a masochist but regardless of this review, I still want to know what happens next. Again, the story line is interesting. I just hope the next book is better written.

Great story by the editing is very poor.

What did I think?

One word: Wow.

If you have read Ms. Field's other books, you know that you're expecting some level of conflict, and real-life struggles for her characters to go through. You're also expecting it to be "adult-oriented"...as this definitely is.

"Bad boy" musician, Brody Hines, whose publicist introduces him to the elusive Emma, falls in love. Hard. While the book seems to move pretty quickly {as does their love story}, it is totally believable...hello?! Have we heard of Britney Spears?

The story line is fantastic, and deals with a lot of very personal, and very real issues that people face today:

cancer, family tragedies, drug abuse, alcoholism, and love. Real, absolutely delightful, can't live without each other love.

I loved this book, more.

### **Good book**

This is a good story. Emma and Brody have a good love bond together. The both of them are strong willed and stubborn and have to be in control.

Lekka i przyjemna książka o dojrzalej miłości pomiędzy rozwódką z dzieckiem a młodszym znanym na świecie muzykiem.

Emma po rozwodzie rozpoczyna życie od nowa. Przez 7 lat odkąd urodziła się córka London, Emma nie musiała pracować. Teraz sama z dzieckiem musi znaleźć pracę. Dzięki na kłótniach rozmowach kwalifikacyjnych odwiedza swojego przyjaciółkę w Nowym Yorku. Zupełnie przypadkowe niewinne spotkanie z nieznanym daje początek i bieg całej historii.

Brody Hiens jest młodym dwudziestoparoletnim sławnym muzykiem - rockmenem.

Początkowo główni bohaterowie Emma i Brody nie posiadają do siebie sympatii. Ale po dokładniejszym poznanu zmieniają opinie na temat tej/tego drugiego.

Emmie wydaje się, że różnica wieku pomiędzy starszą kobietą i młodszym mężczyzną będzie problemem a związek będzie dziecinny i relacje będą mało odpowiedzialne.

Ale w tym wypadku to dzięki niemu i jego upartości rodzi się piękne i silne uczucie.

Niesamowicie bohaterkę tej książki jest córka Emmy - London. Jej dojrzale, inteligentne, czasami zazdriane dialogi i riposty sprawiają, że czuję do tej dziewczynki olbrzymią sympatię.

Książka słodka i czasami miałam wrażenie, że aż za bardzo. Poznamy jednak również przeszłość i historię głównego bohatera, która tylko utwierdziła mnie w przekonaniu o wielkiej odpowiedzialności i miłości do Emmy.

Jest to pierwsza książka w tej serii i kompletnie nie wiem, w którym kierunku dalej akcja się rozwinie.

I wanted to like this book. I really did. I love a good rockstar (think Kellan Kyle). I felt the plot had potential. It started out decent enough, but then it just tumbled downhill & it fell fast. Characters were having some major mood swings, scenes were very disjointed, and editing was HORRIBLE! I'm surprised I even finished this book. But I definitely will not be wasting my time on the rest of the series!

This book started off really slow and then when it picked up I thought it was over shortly but it kept going and then left you with a huge cliff hanger I sort of saw coming. Can't wait to read the next one I just hope it's not to long but I can guess the few things it will probably be about

I loved this book. I loved Brody's character, strong and domineering but also soft and caring. I imagined his voice to be like the singer from Nickleback. Emma's character came alive as the story goes on. I cried at the end of this book. Need more of Brody and Emma. What a cliffhanger!
