Simple. Fun. Per... wait, X is... wait.

OK, I'm OK with that. More X animals need to be iron mongers.

Another wonderful Sandra Boynton book with everything we love about her, especially the adorable illustrations! From A to Z, we see animals doing fun things to help convey alliteration to readers. And my 3 yr old twins, who are learning not only their alphabet, but the sounds that go with the alphabet letters, love this book. A great way to reinforce the letter sounds in a fun and engaging way. A big hit with our family.

It is a colorful book for a parent to read to young ones. It is also good for those learning letters to try this book. The drawings are silly.

cute alphabetical animals!

Note: this is not my review but the review of my daughter who can't have her own goodreads but does love herself a book! Therefore I will be writing them for her. She is currently 6 months old.

Mom thought this was hilarious (especially the ugly bird) but baby was unimpressed. Will revisit when older.

genre: Baby book

Lit. requirement: ABC #2

**Summary:**

This is a simple quick read and will be entertaining to babies and toddlers. It is a board book and there are three letters per page. There are two words for the start of a letter the first word are animals and the second word is an action. The words are alliterations for example C is for Cats Cleaning.

**Response:**

I like this book because of how simple it is and because of what some of the animals are like Uglybirds being ugly for U. Some of the animals are made up. This is an entertaining book and I would recommend it.

I don't think there is a Sandra Boynton book that I don't like! This one has cute drawings, alliteration, and colorful ABCs!

---

**Courtney Judd says**

Most of this book is cute. It helps teach ABC's. My only two quips are 1. "U: Ugly Birds Being Ugly" is the least creative caption ever. Especially when "V: Vicuña Violining" follows, which is creative. 2. The "P" isn't all the way "painted" on so my toddler thinks it's the letter "I" and it does kind of look like the letter "I."

A boring but necessary part of every author's body of work?

Cats Cleaning and Zebra Zigzagging !!

Great learning book for kids!

---

**Winn Wester says**

Good book with some new words to learn that I hadn't heard before! Fun pictures. Gave it 4 stars because, as with any alphabet book at the moment, I usually can only sit still until about the letter K.

### **Samantha Munoz says**

I definitely consider this a classic for your child's bookshelf - regardless of the intention and purpose of your library, a good solid book about the alphabet is a necessity!

---

### **Jhaltom says**

Zebra, yak and xylo I saw coming a mile away. I have no idea what a vicuña is and ugly birds is just cheating.

---

### **Erin says**

Each letter is depicted with a noun and a verb starting with that letter. Letter recognition and vocabulary expansion, plus it's cute!

### **Dana says**

Another fabulous addition to the collection of ABC books. This one from the ever-humorous Sandra Boynton. Also can be used to teach alliteration and rhyming.
