Stripper is no stranger to using whatever means necessary in order to gain the information he needs. He's been hired to find a missing woman who has the codes Nicolas Reno is after. When Stripper kidnaps Reno and takes him to a place where he plans to torture the man for information, he soon discovers that he just might have the wrong guy.

Wilbur Castro has no clue why he's been kidnapped. He wakes tied to a chair in a grungy room with no recollection of the night before. The stranger with hazel eyes keeps calling him Reno and no matter how much Wilbur argues otherwise, the guy isn't listening to him. His captor is convinced that Wilbur is the man in question. When the real Reno goes after Wilbur, intent on stealing the man's identity and life, Wilbur finds himself reaching out to the very man who'd kidnapped him.

## Jenni Lea says

OK, I think I'm officially over this series.

Oh, who am I kidding? I'm sure I will inhale the next in the series as soon as it comes out.

## Ije the Devourer of Books says

I really enjoyed this. It was great fun and the best in the series yet!! It had me laughing out loud, but it also had quite a few careless typos and a few missing words here and there which should have picked up in proof reading.

## Susan says

Wilbur was hilarious! I loved him to death.

The story itself in this book was a bit mediocre, but Wilbur saved it.

Stripper and his team accidentally think Wilbur is the criminal they're after and kidnap him.

*Wilbur rapidly shook his head. "But I don't want to go in there. Can't you interrogate me on the front porch with some lemonade?"*

Of course they find out that Wilbur is not a criminal and actually Stripper's mate. Wilbur is shocked to find out Stripper is a bear, although he took it rather well.

*"But I'm not a very good pet parent."*

He just has a way with words.

*"I actually give lots of fucks. Tons of fucks. I'm a prostitute of feelings."*

Even during sex.

*"Mine!" Stripper snarled the word as he fucked Wilbur even faster. "Who does this body belonged to? Whose ass is this?"*

*"Mine," Wilbur cried out.*

*Stripper faltered and then a wickedly sinful smile appeared on his face. "Cognitive thoughts aren't your specialty during sex, are they?"*

And finally, we get a C-section. No ass baby this time.

A great addition to the series, I would say this is one of my favorites.

### **Shannon says**

I'm totally reading these out of order and am a little pissed at myself for doing it. At least I did remember Stripper from a previous book so I wasn't completely lost. I just adored his little, not-so perfect mate, Wilbur. And can we just take a moment and say WTF is with the name Wilbur?!? That is about as unsexy a name as I can think of. It's horrible! Talk about getting yanked out of a sexy scene..."Oh you're so tight...*Wilbur*" Ugh! And why aren't these bear shifters and their cum all healing and shit. That would come in handy for these guys. lol. I really did enjoy this little read even with all my nagging.

### **Janie says**

I really liked this one. I was a little worried in the beginning after the hell Stripper put Wilbur through that I just didn't see any future for them, but I should have known better. Stripper turned out to be much more of a tender loving mate than I thought he would be. And I loved Wilbur, his whole demeanor was incredible, he really was a great character.

### **Hc says**

[Wilbur gets pregnant before getting bitten. Push the envelope and make it a little different. However, when Stripper pushes Wilbur away and Wilbur faces him off.. I have REAL issue here. Your pregnant possible heart issues from a bullet mate shouldn't be treated to such rough and hostile sex! NO LUBE! Stripper isn't on the small s

### **Candice says**

Hmmm...not sure I liked Rex in this one. He was kind of a dick. I understand why, but couldn't he trust his people?

I LOVED Wilbur, even if I hate his name.

**Ericka Walden says**

Not bad, not great. ... Stripper 's wasn't the book I've been waiting for though. Waiting on T-Rex!

**eleanor says**

love love love

---

**Sali Mes says**

Yeah. No. The whole thing felt off.  
I didn't connect at all with the writting style, the plot, the guys..

---

**Dylan St. Jaymes says**

[ Bill's death. NOT COOL AT ALL! He was on page for all of three seconds but I ADORED him. I was so mad. I liked him SO MUCH. \*tear fall forever\* (hide spoiler)]

---

**Shibumi says**

Cute and hilarious story, however, does anyone else notice the higher the price of a book, the worst the editing gets..? Hence my low rating. Ridiculous!

---

**Christy says****Another cute addition**

I really liked Wilbur. He was just so earnest and adorable. He made me smile many times. Stripper was the typical bear shifter and very enjoyable.

---

**Latashia says**

I love the series. My only reason for not giving the book that extra star was there was no story on where Reno came from. Was he Wilbur's twin? I felt like if that bit would have been explained this would have been ?????????? hands down.
