I think this is an excellent book for anyone who wants to learn more about God and Jesus and themselves. This books interacts with the reader. If you are a Christian or a Catholic or simply interested in God and Jesus this book lets you take an indepth look at the relationship Jesus has with you. Max Lucado brings his charm and wisdom to connect the reader and to engage the reader. Definitely a good religious tool for oneself. As well if you want to do this book as a church seminar as well.

I am filled with great joy of having finished this study. Though there were times that I felt too tired answering the exercises, but through those exercise, I've learned a lot and understood more of Jesus' life and His ministry. Discussing each important essential in our faith, made me have a deeper understanding of my faith: Jesus' love, care, forgiveness, grace and joy. I'm so fulfilled and very joyful.

Marvin Montñes says

I'm literally experiencing Jesus' heart.. His thoughts.. His compassion to the lost.. His love..

Chaston Pfingston says

This is a fantastic bible study that allows you to approach the fundamentals of Christian belief in a new, contemplative way. Though tedious at times with the fill-in-the-blanks, they are strategically placed to make you slow down and contemplate God's simple message of hope and love.

Nena says

I didn't feel like this book was very thorough or that it answered all of the questions it brought up. Or maybe it just didn't answer my questions. I'm not a fan of workbooks, I'd rather have a debate about a topic- I just learn better from human interaction and points of view than filling in word blanks. I was unimpressed; but that has more to do with my distaste for the presentation. Compared to other workbooks, maybe this is a good one, but I dislike them all. There's no need to read this again.

Maima says

This devotional workbook was just what I needed to get into the habit of spending my mornings in bible study. It can be difficult to set daily time to read and pray but this book was something I looked forward to for the entire 10 weeks it took to complete.

Max Lucado brings color to the scriptures through vivid stories and heartwarming excerpts from many of his other books. Although it sometimes took up to an hour to complete each day's lesson, that is, if you didn't speed through, splitting up lessons between morning and night also worked well for those busy days.

It was a bit of a challenge to remain consistent but my faith was deepened and my heart softened as I learned about God's heart for me, even during the tough seasons of life. Great devotional workbook, enjoy!!!
