**My Shadow Warrior** Jen Holling

*Acclaimed author Jen Holling presents the stunning final novel in her sensual trilogy, set against the windswept hills of Scotland, about a trio of sisters with witchcraft -- and passion -- in their blood.*

Rose, the youngest of the MacDonell sisters, is more concerned with her father's mysterious illness than with her impending marriage to her childhood sweetheart. A gifted but frustrated healer, she decides to beg help from William MacKay -- a reclusive laird who is renowned not only for his ferocity, but also for *his* healing powers. Denied entry to his fortress in the cold, harsh mountains of the far northwestern highlands, Rose uses cunning to force her way in, and William is duly intrigued with this bold slip of a girl. But securing his help may not be enough to save Rose's father. For there is something darker at work in the glen, something more powerful than William's and Rose's magic combined, and only the soul-deep passion that shadows their mutual desire can help their love prevail.

09/24/05 #167

TITLE/AUTHOR: MY SHADOW WARRIOR by Jen Holling

RATING: 4.5/B+

GENRE/PUB DATE/# OF PGS: Historical Romance, 2005, 370 pgs

COMMENTS: 3rd in the trilogy -- 3 sisters sent in Medieval

Scotland who are witches w/ different powers. Rose MacDonnell is a healer and can not determine what is ailing her father. She begs William McKay -- the wizard healer -- to come to her family's home to heal her father. Very good series!

---

## Rachel says

What a wonderful end to a great plot! Even though I figured out by the end of the first book that someone had cursed the dogs, I still was fuzzy on who was doing it. I wasn't sure if it was the uncle or the guard to Alan. But Rose was a good character. But I just loved William. I'm not sure who I liked more, the dark Nicholas or the wizard William. There's just something about those men who have magic and it makes their hair turn white, lol (just like Hugh from Sleepless in Scotland). That and the fact he can heal is the perfect bit of fantasy mixed with the romance. The best love scene was on the battlement when they were making out. It was more intense and hotter than when they did finally have sex. Which it seems to be that way most of the time for me.

---

## Lisa says

### Great book

Was an awesome end to a trilogy! The book is older but was still a great read. I plan to read more from this author.

---

## Laura says

This is the last book in the MacDonnell Brides trilogy and my first series by this author. I liked the second book the best but this book ties it all up nicely. I look forward to the author's other books.

Plot = B+

Romance = B

Sensuality = B+

BOOK = B+

## Kelly says

Got this book late yesterday and stayed up today until I finished it. I couldn't put it down. I am probably one of the rare ones out there who never knew paranormal romance existed. Set in 1597, this book is about *Rose MacDonell, a gifted but frustrated healer, who decides to beg help from William MacKay - a reclusive Scottish laird who is renowned not only for his ferocity but also for his healing powers, to help her father who has a mysterious illness.*

Sounds like it could be corny but it is far, far from it. Nothing in this book made me roll my eyes. I loved every minute of it as I became quickly invested in the two main characters and those around them.

There are two other books in the series of the MacDonell sisters, this being the third. I had worried that I might be lost reading the last book before the others but I took a shot anyway because the synopsis on the back of the book grabbed me. So glad I did. Now of course I need to go find the other two, although the heroes in that book will have a lot to live up to after reading about William MacKay. :) Looking forward to reading more by this author. Highly recommend this book to those who like historical romances and/or paranormal romances.

## Sarah says

I'd read more Jen Holling books. I really liked the characters and the storyline.

## Lillie says

DNF

It was an okay read but a number of things just didn't work for me and so I quit. I wasn't about to force myself to finish a book I felt nothing for. Not hate, not anger, not love, nothing. Just: meh.

Here's my main problems with this book(in chronological order):

- 1) **The author depends too much that the reader has read the previous two books** (i have not) and so she throws information, characters, and what little world building there is at the reader in the first few pages. After that the story goes on and it's left in the dust. Any questions I have aren't answered and you're forced to just go with. Information is given without explanation or set up and it's frustrating. Since this is a series that has rotating protagonists all in the same world, i think there should be SOME part of the book left to world building and set up but there wasn't. It left me feeling lost and overwhelmed.
- 2) **The hero/heroine got too attached too quickly on very little.** They had hardly any time together at the beginning and seemed to have nothing in common when they DID talk about each other. This made their "romance" come off forced and unbelievable.
- 3) **There wasn't enough time to get to know about the characters** and thus I ended up not caring about

them. They weren't "bad". I just simply didn't care about them.

4) **Contradicting/forced writing:** one minute the heroine is determined to do something but in the next line she's given up. One minute the hero is about to die and everyone is freaking out about it and literally two seconds later they're resigned and saying "he always gets through these things". The hero agrees to do something for the heroine and in the next breath takes it back. Why? So they can argue. Why? Because (to me) the author wanted to progress the plot so she forced things to do a complete 180 instead of letting them progress naturally.

5) **Nothing interesting happens for a very long time.** As a romance lover, this shouldn't have bothered me. I'm someone that can survive a long time on nothing happening as long as the characters are interesting or at least their interactions with other characters are. But for this book that wasn't the case. I didn't care about the characters, their interactions felt forced and played out, and so that left little motivation for me to finish this book.

At this point (100 pages or so) i saw no reason to continue. I didn't feel the need to finish it, either out of hate or love for the material simply because i didn't CARE. Nothing in this book was emotional or entertaining.

---

## Gail says

This third installment of the "MacDonnell Brides" Scottish paranormal romance series may be the best one! It's still not perfect (plot twists announce themselves hundreds of pages before their arrival, the characters' naivete is hard to swallow at times, certain parts drag a tiny bit, etc.), but the book is thoroughly engaging and satisfying. I'll certainly be seeking out this author's later work.

---

## Patsyann says

The last book of the trilogy. The youngest sister finds her man. And witches prevail. The villain of all the books is finally revealed, it is revealed to the reader before anyone in the book figures it out. Lots of death and mayhem in this book, more mean, cruel people than in the first two books.

All the characters from the first two books come together in a "book epilogue".

This book is more male character based. The hero's, soon to be husband of the heroine, story is the basis of this book. The heroine, or third sister of the trilogy, is almost a secondary character. As in the other two books, the hero and heroine are destined to be together and the heroine is the catalyst that pushes the envelope to get the relationship going.

There is more 21st century speech, in between the "aye's", "methinks" and "verra's"— but somehow it is not too irritating. However, there was an incorrect reference to the relationship of a child. When it was indicated once, I forgave the editor, but then two or three pages later it happened again. It was very jarring!!

I'm not a big paranormal romance reader. This trilogy does the paranormal very well – it was somewhat subtle and there was no shape shifting, so it was enjoyable to this non-paranormal romance reader. As in all time periods, those who are "different" are treated with disdain and hatred. As I said before, in this time period, the "witches" in this book would have reality TV shows or books on the best seller list.

I don't know what the attraction is with young gray haired heroes. It's hard for me to picture them in my imagination. In this book the gray hair is part of the plot – but I still do not see the attraction. I did not like

this book as much as the first two. I never liked Rose, she did not feel like a "witch" to me. But I did like William, Drake and Deidra and they kept me into the story.

BEST USE OF: dogs, gray hair, magic and honesty

ALPHA MALE 10

SPUNKY HEROINE 10

CUTE KID 10

SOME SEX 7

HEA(HAPPILY EVER AFTER) Oh yes!!

PROLOGUE/EPILOGUE Epilogue only – and it of course wraps up everything from the three books

Rating System

9 - Excellent – A keeper with the other two books

Heat Level

4 – one hot sex scene – that didn't last long but was very hot!!

COVER COVERS IT: The Cover covers it all except for the hero's hair which- was gray streaked

---

## **Dawn says**

Rose can heal the sick, Wizard William is her chosen one but he will not have anything to do with magic and healing.

---

## **Lisa says**

This is the third novel in the MacDonnell Brides Trilogy, and it was my favorite due to its suspenseful plot. Rose and Will were a well-matched couple, having similar abilities and interests, and endured a rocky path to romance.

---

## **Paranormal Romance says**

A-MAZ-ING! The heroine, a gifted healer, sets out on a quest to find the hero who's rumored to possess divine healing powers after she's unable to heal her dying father. The hero, a recluse in self exile, is tortured by his guilt and hunted as a demon by his towns folk. At first he refuses to see her but she's stubborn and desperate and finally she gains audience with him. He has good reason to deny her pleas along with everyone else's, but he's lonely and develops a kinship toward the beautiful woman. He's not selfish, nor evil but his gifts have brought him nothing but loathing and heartache. He agrees to help her and they set off towards her keep. The way the characters spoke to each other and acted around one another was nothing short or brilliance. They possessed such chemistry and spark and balanced each other out so perfectly that I don't think I've read about two characters who I've loved more. I'm a sucker for a man with grey hair and the hero, though young, has peppered silver streaks thanks to his healing gifts. The heroine, though betrothed to another, falls in love with him the first time she's meets him as he poses as a servant, though she doesn't know it. As the reader, you're taken on a spectacular journey as two lost and damaged souls find each other at the most desperate times of their lives and struggle to keep their passions from having dire consequences. I can't even express how much I loved this book and am counting down the days until I can read it again.

---

♥ **Suger Honey** ♥ says

I loved this book it's a great paperback small but mighty it's got romance, plots, heart aches, twists and I loved it I could see the emotions in all the characters and I really loved William and squirrel (deidra) it was a lovely father and daughter bond but I'd like to have seen more interest with rose and deidra considering she loves her dad but apart from there little interest at the lake where rose assumes negativity of drake there's not much relationship with them to otherwise it was brilliant x

---

**Tonya Warner says**

Rose is a witch. Her gift is healing but she is unable to help her ailing father so she goes to bring a great wizard to help. William is a very gifted healer, but at great cost.

Together, they are able to overcome devastating obstacles and find a deep binding love.

A very good story.

---

**Mitzi says**

Book 3 in series. Good.
