Rebirth

Belle Aurora

Rebirth Belle Aurora

It had been six years since my world was turned upside down.

He exposed me to the darker side of life and I could never go back to the person I was.

I had been through more things the average person couldn't even relate to.

If I had the chance to go back and do things differently though?

Not a chance.

I'd pick him a thousand times. A million times. For eternity.

I guess not much has changed.

My name is Alexa Ballentine, and I am still in love with my stalker.

"I'd found my religion. Lexi was my bible. And with her mercy, I would be reborn.

I'm not going to lie, I was really nervous going into this book. It's been almost 4 years since I first read Twitch and Lexi's story and I know that my tastes in books has changed since then so I wasn't sure if I was still going to enjoy Twitch's brand of possessive Alpha. But I didn't have anything to be worried about because I still adored this couple.

Twitch was still a giant pain in the butt with his overprotectiveness and growly Alpha ways but I feel like his character also had a lot of growth in this book. We got to see how sweet he was with A.J and he actually tried to be calmer with Lexi instead of demand everything from her. It was honestly super swoon worthy, especially since in all of that we still got to see some of his grittiness.

And Lexi! My lord, she changed a lot but it was so necessary and I loved it. It wasn't as if her character did a complete turn around and was a different person, I still saw some of the old Lexi in her, but motherhood definitely gave her some fierce protective instincts and it was noticeable. She had a lot more fight in her, which matched Twitch's personality perfectly.

Overall, I would definitely say this book was well worth the wait. Though I do hope we won't have too much of a wait to see more of some of the secondary characters introduced in this book. There were a lot of new players in this world that made an appearance and they have me very intrigued to learn more about them.

Eve Recinella (Between The Bookends) says

UNPOPULAR OPINION ALERT*

I am not going to rate this one because I skimmed a lot. I wasn't planning on reading it because #reasons, but you know what they say...curiosity killed the cat. In this case, it was more along the lines of putting the cat to sleep. It was WAY too long and WAY too drawn out. We got 12000 pointless chapters from Ling's POV, especially in light of the fact they dispensed of her all "easy the fucking peasy" like??!! Like...WTF was THAT?? Twitch was like some weird neutered dog, and it seemed like all his chapters were just to show him being a Dad. The sex was boring...the only good things about the book was it got me interested in a bunch of characters I am sure we won't get books about for 10,000 years from now, and I liked Lexi.

I really should have gone with my gut on this one. Live and learn I guess...

J o d i B i b l i o p h i l e ♥ says

(???? ?????? ????????? ???? -???? ? ??? . ?? ????? ????????? ???, ???? ?????? ?? ??? ????? ??)

HOLY FUCKING TWITCH!

After waiting 4 years, I've finished Raw: Rebirth and it was EVERY-FUCKING-THING!!

Belle, you outdid yourself with this fucker!

Seriously, Twitch with all his tattoos and badass attitude, being a dad, will blow your clit right off.

I don't want to go into too much as I know some of you are waiting for this book to come out before starting Raw, which is crazy to me, as that fucking cliffhanger in the first book got me hard...and psychotic.

Being re-united with Twitch, Lexi and the whole Raw Family again after so long was a fucking adventure. A gruesome and somewhat bloody adventure to say the least and I loved EVERY FUCKING MINUTE.

Get off your arse and read RAW NOW and then Raw: Rebirth on the 2nd January.

I miss it already!

LONG LIVE THE KING!

warhawke says

Genre: Dark Romance

Type: Book 3 of Raw Family series

POV: First Person - Multiple

Rating:

For six years Alexa (Lexi) Ballantine grieved over the father of her child. Raising her son alone wasn't easy but she had a strong support system to help her go through life. But Antonio (Twitch) Falco refused to lay low anymore. And when he's back, so did the problems that came with him.

He was the only man who could break me, shatter my heart, and I would pick up every single broken shard and place them back into his hands.

Twitch was among the first BBF that made it to my Vault, so he is special to me. It's been years since I first read book 1 so it was good to be reacquainted. He was a changed man. It was heartwarming to see him interacted with his son but I was hoping he didn't lose too much of his hard edges.

"You left me with a broken heart, a child, and a fucking tombstone."

Lexi was a woman scorned and understandably so. She was strong having to go through what she did. However, there were times she was being over sensitive and irrational.

I like the story overall and I absolutely loved the side characters. However, I felt there were too much of external circumstances unnecessarily added to the story making the book very long. The additional storyline took away the focus from the main characters. I could see those stories potentially developed into their own books but it's a little too much for this book.

*"She's never gonna forgive you."
Maybe not. But I planned to make her love me again or die trying.*

Raw: Rebirth is a story of forgiveness and moving on. It would appeal to fans of sexy dark romance.

Note:

I loved the villain. I felt the character overshadowed the main characters and I definitely want to know more about the character.

FINALLY!!!!!!!!!!!!!!

Update:

It's here people!

I have waited years for this book and now that I've finished this book, I could honestly cry.

I was so nervous and excited to read this book.

I have loved Twitch for years now and every month, every year, I have waited patiently for an update from the author.

Was it worth the wait? HELL YEAH! ?

I can FINALLY breathe ?

This book was long you guys.. and hey I don't mind a long ass book but to be honest... it could have been a tad edited? ?

Y'all need to read Twitch and Lexi's story.

It won't be everyone's cup of tea...it's graphic, raw, dark and dirty. But I PROMISE you, Once you read it, you will love them.

When Twitch says "Hey Angel"... Freaking goosebumps y'all ?

Why else do you think so many of us have waited so patiently for years for this book? READ IT!

☆ Bianca ☆ BJ's Book Blog ☆ says

Twitch is back!
Finally!

You need to read Raw and Dirty before reading this last book in the series!

Do NOT read this review if you haven't yet read them!

Six years have gone by since Twitch 'died' and left Lexi and A.J. behind.

He's been watching them all this time, but it was/is just too dangerous to reveal himself. There are still some very bad people looking for him, and the law might also have something to say about his missing years and his business dealings before he died.

But now he's back - not yet all officially, but he's back.

And we can't wait to see how Lexi will react - will she be mega-mad? Or just über-happy?

And we can't wait for all those amazing daddy-son moments!

But of course there will also be some very exciting and dangerous moments until we can finally ride off into our happily ever after sunset with our three darlings!

????????????????

EEEE!! Finally!

RAW 3 IS HERE!!!

I already started crying in the first chapter/prologue. And I think I cried all through it until ... did we finally get a happy end??? I'm not telling you that of course!

This book was HUGE. I wanted to finish it in one day, because I just had to know how their story would end, but I also wanted to slow down to enjoy it for as long as possible! And it took a while to read, because it's

just so long! I LOVED THAT!

The story was adorable, heartbreaking, sweet, dangerous, exciting, scary, frustrating, funny, sexy ... so full of emotions and heart and hope and ugh. Perfect finale for this amazing series.

One tiny thing I still don't like and don't really understand ... what was Ling's purpose in this series?? This could've been a great series without that woman. I know she's been through hell and mayyyyybe she deserves her own series - I can totally see her being a bit 'nicer' and getting a happy end with the Turk - but nobody needed her in this series - she could've been cut out of it and these books would've been so much better! BUT - she's in here and it wasn't all that bad ... some of her moments were really adorable even! LOL! I might've also shed a little tear for her ... plus also ... we might need a bad guy for those dangerous and exciting moments I mentioned before. ?

I loved reading this book!

I cried a lot - Twitch coming back to his family and fighting for his happily ever after is giving the reader **ALLLLL THE FEELS!**

The only things other than Ling I didn't love in this story? The writing or rather the talking of the guys? Does it just now in this 3rd book sound like Belle is a huge Black Dagger Brotherhood fan? Or has it been like that in all three books? I can't remember. But the way Twitch talks? Straight out of a J.R. Ward book sometimes! ? Also - the leaving-out-the-first-word-in-a-sentence thing he does when talking? I hate that!!!! And then toward the end? (view spoiler)

And Lexi got on my nerves a bit! She knows why he left and what he went through! Why is she so mean to him the whole first part of the book? Ugh! Women! ?

Ha! Another thing I just remembered. I hate it when I read a book and there are people in it from previous books! This time it was Nox and Thiago - but his book is still coming. But why put all the people in a book when they're not part of the same series? At least call it a spin-off then. I really hate it when I have to go back to read a book that should've been read before the one I'm reading at the time. Authors need to make a note about shit like that somewhere! I'm too OCD about reading orders to overlook things like that. Ugh, now I wrote a whole huge paragraph about what I didn't like - sounds like I hated the book!

But I didn't!!!! I loved it - the story was really amazing! So emotional and fun and sweet and ugh. READ IT!!!!

RAW: REBIRTH was the perfect finale in this amazing series! Adorable, heartbreaking, sweet, sexy, exciting, beautiful. I loved it! Run to your nearest amazon for your own Twitch - he'll be sold out in no time!

Natalie The Biblioholic says

When I got this book in my hands... When I realized that the story of Twitch and Lexi was finally going to see light again...

I won't even front. When this story landed on my kindle, I was scared. I wanted to read it so very badly, but I knew once I did, that that would be it. I think when I finally cracked this bad boy open, it ended up being my slowest read in a long time. That's not to say the story was slow. **OH HELL NO!!** It's because I was reading very slowly, trying to savor every hook, nook and cranny that these characters wanted to bless me with. I didn't want to let go so I made that goodbye drag on for the longest time.

I just couldn't help myself. It may have taken awhile to get here, but Belle Aurora gave me all I needed and more. This rebirth gave me what I expected, but then it took it up another notch. It was one hell of a send off and although I'm going to miss the freaking hell out of these characters, I'm content with our goodbyes.

You either rolled with the punches or got knocked the fuck out.

I'm not going to lie to you and say everything was perfection. While this story constantly hit me in the feels, I did get aggravated QUITE A BIT by Lexi. She worked my last nerve, but I guess it was necessary to push the plot. *I guess*. However, she did inspire me to write a post about single mothers and fathers rights. As a social worker, you'd think she'd know all of that. I'm just sayin'.

Is it weird that despite all of the deplorable, disgusting, demeaning, and downright dirty things Ling has done that I came to have a bit of sympathy for her character? It was literally the teeniest bit but I learned so much about her that it was hard NOT to see where she was coming from. I obviously didn't agree with her thoughts, behaviors or actions, although they did make me laugh my big butt off, but I felt like I got her. I think the author did an amazing job of humanizing this woman ??

So we've reached the end of this incredible journey full of loss and love and pain and beauty and the joys that life has to offer and I'm an emotional wreck. However, the author introduced quite a few characters that I'm hoping will make another appearance in the future. I definitely wouldn't be opposed to getting more Twitch. That man is EVERYTHING!!

Betul says

****ARC provided in exchange for an honest review****

"I'd found my religion. Lexi was my bible, and with her mercy, I would be reborn."

So, I guess this is it. I have been obsessed with the characters from this series for about five years now. RAW was my introduction to the Dark Romance genre, and Twitch was the first anti-hero/villain I fell in love with. Twitch and Lexi will always have a very special place in my heart, and I am going to miss them. This book has been one of my most anticipated reads the moment Belle Aurora announced about it, and it has been on my TBR list for almost four years. Did it meet my crazy high expectations? Yes, it did. I didn't expect anything less from one of my all time favorite authors.

"Twitch was the medicine I didn't know I needed, and I wanted to shoot him up, right into my veins, and stay high on him for a lifetime."

I will not go into the storyline/plot, because I want you to fully experience this book and characters. I loved the multiple POVs, and it really brought the story to life. It gave a perspective from so many different characters, and it also showed what motivated them to make certain decisions. Lexi, is one of my favorite heroines, she is just so strong and loyal, and I am proud of the huge growth she went through from the first moment we met her. I can say the same about Twitch, on one hand he is still the same crazy controlling asshole, but on the other hand he has evolved into a new and better person. I also want to mention that Belle Aurora writes the best villains. She makes me love, hate, and feel sorry for them at the same time.

"Yes, we were crazy. And that was okay. He would be my remedy. I would be his therapy. Because we were crazy in love."

RAW: Rebirth was everything and more I wanted from this story. I am so happy that the author wrote this series/book and introduced me to this genre and amazing characters. They are not without flaws, and that makes them perfect in my eyes. They make mistakes, and boy are they big ones, but they also know how to make it right. The side characters were phenomenal, and there are a couple who need their own books. I am sad to say goodbye to the RAW Family series and to all the characters, but I am glad I got the ending I wanted. Now I'll just wait for Belle to release her next book.

2018, still waiting :(9 months in...

I won't be reading the second book till we don't get a date for the third book. I've spent too long waiting for the second book and now I'm just not in the mood to be waiting for the third one. Hence I'll wait.

A book #3

OMFGGGGGGGGGGGGGGGGG!!!

PLEASE AUTHOR, Hurry :)

Need some more of this amazing series in my life!!

And some Twitch

Elizabeth says

"Scars. We had them in spades. But those scars had shaped us into the people we were today."

Raw: Rebirth is the third book in the Raw Family Series. Twitch has returned and life has moved on without him. Although Lexi and AJ (his son) have managed to go on, the pain of losing him still remains. Lexi has surrounded herself with friends and done her best to create a beautiful home for her son! When Twitch reveals himself to his family, AJ is thrilled to have his father back but Lexi's world is rocked off of its axis. She feels betrayed and Twitch will have to fight to earn back her trust and her love. The stakes are high for Twitch to put his family back together. As passion and love reignite, adversaries from the past are preparing for battle and Twitch and Lexi must put it all on the line in order to protect their family.

"How could I live without this urgent kind of love? The answer came swiftly. I couldn't. I wouldn't."

Told in multiple POV, **Raw: Rebirth** is a brilliant dark contemporary romance with action, suspense, intrigue, and fiery passion. The characters are thoroughly developed and there are multiple twists and turns in the plot to keep you on the edge of your seat as you read. It was a true delight to see the transformation that Twitch has made through the loss he has experienced. The healing that takes place is truly remarkable and the intricacies in the story arc increase the intensity as the plot moves forward. The central villain in the story plays a central role and although there was a lot going on, I found myself mesmerized by all of the action. In true Twitch fashion, the passion with Lexi is off the charts and with the growth he has experienced, I found "Twitch 2.0" to be just as addictive as our "the original bad boy" we all know and love!

"Failure was never an option."

Overall, **Raw: Rebirth** is an absolute must read for readers who enjoy dark romance with action, intrigue, suspense, and passion. Twitch fans will be delighted to have more Twitch and Lexi and will find the wait was completely worth it! I look forward to reading more from this author and Twitch and Lexi will forever hold a special place in my heart and on my shelf!

? ? This is an F(BR) with Loyda, CC, and WAR! ? ?

KAT ? Kitty Kats Crazy About Books ? says

Twitch was a man of good intentions, stitched together with barbed wire and fuelled by raw fury.

‘RAW: REBIRTH’ is the third book in Belle Aurora’s ‘*Raw Family*’ series. It can not be read as a standalone. Various POV’s

Seeing the sign up sheet making it’s rounds with this beauty I couldn’t help but sign my bloggers ass up for it, knowing how much I loved the previous books I needed this in my hands asap. As soon as it arrived I had that ‘Oh fuck’ moment race through my head when I tried to remember what had happened in the previous books, but once i picked this up surprisingly enough it all came back to me, and my love for Twitch was set in concrete, then I looked at the amount of pages, I think I fainted there for a moment or two because this was long, 1,600 on my iPad. But yet again once I started reading those pages just flew by.

This was a slow burn but boy did it burn, all the feels in the world came rushing at me out of nowhere, I fell in love with Twitch all over again, I swooned like no other, no words can convey how much I loved this book, it stole my heart, and like a greedy bitch when it comes to finding gems like this series I never wanted it to end. My heart was full..

Onto my review.....

Their story started many many moons ago at the age of eight when she took care of a wee boy in the neighbours back yard who was hurt and hiding, she fixed him up with a band aid.

Their story isn’t pretty but it’s their story.

Before jumping onto this book you need to go back to the beginning, back to where it all started. Six long gruelling years have gone by that it was assumed the ‘King Pin Twitch’ had died by a bullet leaving a distraught Lexi behind to raise their son A.J. alone.

But that's not how this story goes.

Now he's back from the dead and he's been watching in the dead of night as his family tries to carry on with life without him. He's ready to claim them and make them his. But Lexi isn't going to make it so easy for him. She's angrier than a hell cat and she does not make it easy for him to weasel his way back into her good graces.

I'm your mother fucking 'King' and you are my beautiful 'Queen.'

But this is 'Twitch' we're talking about and he's a changed man, he's up for the challenge, nothing or no one will stand in his way.

1-Click Addict Support Group says

"Hey Angel" – the two magic words RAW fans all over the world have been waiting for. And the wait was SO, SO WORTH IT!

RAW: Rebirth was EVERYTHING and so much more! Imagine all the amazing of RAW and add in ALL THE FEELS. This book was like coming home and you don't ever want to leave.

The MOST anticipated and the BEST book I have read this year.

~ Kylie

Shanny says

I just realised she posted the cover...eeeeek

OH MY GOD, could this finally be about Twitch reuniting with his family.
Please say yes!!!!

Ok now let's calm down and pray that Belle Aurora is writing more about Twitch and Lexi...
