### **Breyan Anderson says**

So far i think this book is a really good book because it takls about real things that go on in the world today. what i mean is that like it talks about the two main characters CoCo and Genesis which he is a drug kingpin and she a queen-pin. but where i am at in the book right now CoCo is in fedral prisjon and Genesis is on the run from the Feds as well.

---

### **Laura Perry says**

I like part2 alot it contiunes with alot of drama with genesis. Genesis end up on a run from the feds but he got busted in miami. Coco in jail while her twin sister chanel is plotting on her and trying to keep in jail a lot longer and trying to make her give up the game for her and arnez can take over. Tony is love crazy over deuce death, so see finds out all the information she needs from her cousin and her former friends Denise and monica. Her cousin Delonda start messing with Denise, and when she finally start catching feeling she told him about her pass with arnez he was so mad he told her to get the fuch out his house and don't come back. Arnez try to use denise again as a pond to set delonda up cause arnez want him dead fo he can take back whats his, But denise don't play along. time is not on her side when talisa go to denise and monica house and killed them both then got herself killed by the cops. Genesis decided to marry Talisa and take care of her and his child, something bad happen after there wedding when talisa died and all hell breaks. but he still want him and coco to work on the drug game as business partner. Now on to read about his sister :)

### **Tish says**

Great read. Definitely a page turner!

---

### **Eva Leger says**

Lots of mistakes which is the norm for any King book but the story is just as good as the rest. Starting the two Trife books now and then on to Superstar and I think I'm done until Bitch #6.

I wish King would take into account what her books would be if it weren't for the mistakes. There have to be people that won't continue to read her because of this - it's that many. As it is I won't spend any money on her books. I'll get them anywhere else but I really don't buy her books because of the poor quality. As much as I'd like to purchase her books and support her I can't - not until the quality is up to par.

The Cost to Be the Boss...

In STACKIN' PAPER II by Joy King, Genesis is on the run from the Feds. In order to protect Talisa he had to leave her behind. Genesis is determined to stay free so he can seek retribution on the person or people that are responsible for murdering his best friend, Deuce.

Talisa is literally making herself sick worried about Genesis' safety. Missing him and stressing is causing a drastic weight loss in Talisa.

Meanwhile sitting in a jail cell, Coco is angry because she has been locked up for so long. The longer she sits their the angrier she becomes. She is starting to wonder who really has her back.

STACKIN' PAPER II by Joy King was a page-turner. Where the first one was somewhat predictable, She does an excellent job in weaving the characters from her previous novels. STACKIN' PAPER II has some twists that you will not see coming. It is full of sex, lies, betrayal and murder. I am taking .5 star off because the ending was abrupt and yet again leaves the reader with a cliff hanger. I am not a fan of sequels and trilogies but as long as Ms. King keeps bringing her "A" game, I will continue to read them. I recommend that you read STACKIN' PAPER first and then TRIFE LIFE 2 LAVISH before reading STACKIN' PAPER II.

### **Nicole says**

Okay so I loved this book. I felt Chanel got what she deserved because she should not have let Arnez get into her head and her pants to get Coco out the game. And it was so sad that Talisa had to die before she even had a chance to see what her baby looked like. I have a feeling that it was Arnez and I hope he gets his! On to the next one.

---

### **Rachel says**

Enjoyed this book. Tonya took me for a loop. Didn't think she had it in her. Laughed out loud when Delonda hit Denise's face against the wall. I mean really what did you expect. She should have came clean from jump.

---

### **Shaleena says**

Omy freaking goodness! Not saying I don't love Zane but Deja aka Joy King is my favorite author! Its not because her books are urban base but I love how she took about 8 book and took me on a ride omg! All I have to say if you read the all bitch series then trife life 2 lavish then stackin paper then you will know how I feel right now! Deja where ever you @ your a bad girl! All I have to say is I'm on a literary high! What a beautiful imagination! Wow! I can't wait until May 25,2010 Trife life 2 Lavish part 2 will hit the stands!

### **tahina vasquez-gann says**

#### **Interesting book**

I really didn't get the end but i guess I have to remember not every book has a fairy tale ending!!

---

### **Alysia says**

I love me some Genesis. This book simply catches you up from part one of Stckin paper and Trife life to lavish part one. A marriage, a child, and alot of death takes place in this book. Sisters turn on each other and there is alot of unfinished business in this book. Everybody is after Arnez. May the best man win!!!

---

### **Lesa Divine says**

I like a lot.

Part 2 continues more drama with Genesis.

Genesis goes on the run and finds himself locked up anyway.

Coco in jail while her twin sister Chanel is plotting to try to keep her in and to get Coco to give Arnez her business.

Tonya still loves stuck on Deuce death and takes it into her own hands when she finds out some information.

Delondo starts dating Denise and when Denise tells him about her past he pushes her out the door.

Arnez tries to use Denise again to get to Delondo because Arnez wants him dead but, Denise didn't play along.

Genesis decided to marry Talisa and take care of his new baby but, he still wants to work in the drug game and have Coco as his business partner.

Now on to read about his sister :)

### **Elise Randall says**

I knew it was too good to be true. I didn't think they would have the opportunity to actually get married, however it was short lived. I wonder what will happen between CoCo and Genesis and how will the reuniting with his sister go.

---

**Danelle Mahoney says**

loved it

---

**Mel says**

I didn't read the prequel to this book. Although I thought I did. But, it was easy to follow. There seemed to be a lot of characters and they weren't fleshed out. Coco/Chanel, Genesis, Talisa, Arnez, Delondo, Tonya, Monica/Denise... But a pretty good quick read anyway. Full of drama.

---

**Sherryl Patton says**

Enjoyed!
