The Nephilim Conspiracy B.C. Crow
Book 3 in the Nephilim Series, by B.C. Crow

The whole world is chaos. Not only is our modern society falling to pieces, but the public is about to learn the secret of Mars and its relation to Earth. This revelation comes with a price. If people thought things were bad before, they ain't seen nothing yet!

Back together again, sort of, Flint and Lydia must learn to work together, or else they'll have no chance at bringing peace to a shattering civilization. In the end, one of them must die--else the greatest terrorist the world has ever known, will kill millions. But that's not all. Plans run deeper than either Flint or Lydia could have ever imagined.

B.C. Crow says

This is the thrilling conclusion to the Nephilim Series. This was my personal favorite of the three books. While this and all my books have been written with an adult audience in mind, I feel it's appropriate for most ages. If I were to rate it like a movie, I'd give it a PG-13 rating for violence only.

This was also my first attempt at writing a "series" type book, and I'll admit that while the books are great, they are best read in order. Sorry if you're the type who likes to read out of order. Next time I'll do better. But if you like the first two books, The Nephilim Device and The Nephilim Effect, you'll love this one. If you haven't tried any of the books in this series, get a copy of the first one and give it a try.
