The Perfect Love Storm

Anna Black

The Perfect Love Storm Anna Black

Chase Storm is a rich, young bachelor who has no intention of settling down. His reputation as the town's playboy is ruining his family's name, so his brothers decide to take action. To tame their youngest brother's appetite for women, they offer him a sweet deal. Unwilling at first, Chase finally agrees to take on the challenge and is introduced to Madison Atkins-Morgan.

Madison, a widow, had moved back to her hometown of Tyler, Texas. After losing her husband and twin sons in a car wreck, she needed a fresh start. When things don't go as planned, she finds herself in a slump. Four years later, after having isolated herself, she decides to rejoin the real world and start living again. Unaware of Chase's reputation for being a ladies' man, she accepts his dinner invitation. They'd met before, but he hadn't seemed interested in her during any of those three encounters. When his reputation comes to light, she chooses to continue their budding relationship. After falling in love with the person the whole town warned her about, she discovers she was part of a wager. One that could cost both of their hearts.

Weathering the Storm

Great story! I enjoyed the way these characters discovered love. Sometimes the second time around is the best. I just wished there were more novels about the rest of Storms.

Michele Hallahan says

Chase Chase Chase

I had a feeling by the time this was over I was either going to be mad at or feeling sorry for, but totally in love with Chase. Turns out I was correct on both ends. Cocky and sexy as all get out, but it only took one goodhearted, genuine, beautiful woman to bring him to his knees. Oh how the mighty fall, but it was so worth it for both of them in the end. I absolutely loved this and would definitely recommend it to anyone looking for a nice sexy read with a HEA.

Deedee Henson says

I absolutely loved it

Cassandra Haywood says

Big Girls Need Love Too

I love to read books by this author and she never disappoints with the storyline. Right from the beginning it drew me right in until I finished. I was kind of sorry when the story ended.

This was a lesson in the book to show that you can't judge someone in how they look, their size and past relationships. There is someone for everyone. You just have to see for yourself and not listen to other people's opinions. The characters were well developed and I felt the emotions of the characters. Especially Hope I wanted to jump in and smack the crap out of her for being so mean uppity and rude.

I recommend this book to read.

Cassandra H.

Mia Morgan says

Wow

I started this book awhile back and I don't know why I stopped, but I'm glad I picked it back up. This was a great read. My boy Lance. He was a changed man. I wish there was an update on them. Great read.

Shirley says

Love at it's finest!

This was a lovely read. This book actually prove anyone can change. If Chase changed anyone can. Love found it's way back. I seen determination work, I seen forgiveness work and I seen the sure power of love work. Awesome read. Highly recommend. You did that Anna Black!

Shanta Gray says

A Storm indeed

I loved Chase & Madison together! Tony had the nerve to want to protect her when he knows he was definitely in the wrong. I wanted to strangle Hope. It's unfortunate that people think that because you're plus size you can't snag the stallion. Excellent read!

R.M. Smith says

I didn't want this story to end!!!

Anna girl! This story had me wrapped all the way in it. I've always enjoyed your books but this is easily one of my favorites. I honestly didn't want this book to end, I read it in 4 hours. Awesome Job I hope to see more from the Storm family, they seem fun!

Lpb says

As an avid romance reader and a black woman, I am constantly on the lookout for good books featuring main characters that don't feed into unfortunate stereotypes about black people. Unfortunately, this book did not meet that criterion. I really wanted to like this book, and overall it was okay. But it was nowhere near being as good as the reviews I read would have me believe.

Chase's character is an unrealistic caricature of a successful thirty something playboy. His behavior is that of a college kid and his attitude and treatment of women is horrible. After he starts dating Madison, Chase repeatedly reminds the reader that he's never before had a real conversation with a woman or cared what one had to say. His behavior after the bet comes to light isn't much better. What's worse is that his family completely enable Chase's behavior at the beginning, all the while saying Chase needs to grow up. Then the males of the family come up with the bright idea of a bet to have Chase date a woman of their choosing for 6 months. They have no regard for the woman involved, which is especially bad given that they know Madison is just now recovering from the death of her husband and kids. After making the bet, the males bemoan how

Chase is playing with her and going to break her heart, but do absolutely nothing to stop it. To the contrary, at one point, they go so far as to up the ante. This made it very frustrating to read scenes involving Chase's brother and father.

Also, the author's treatment toward the end of the book of an admittedly unlikable side character's history is downright disturbing. I don't want to spoil anything for those who want to read the book, but in a part that I'm sure the author thought the reader would be cheering on Madison, I instead found myself wondering if Madison had any basic human decency. This was the first book I've read by Anna Black and although I didn't hate the book, it will probably be the last one I read by her.

Carolyn J. says

Chased and caught

Chase was the man and he had no qualms about being the man. When his brothers bet him 3 million dollars he could not stay with one woman for six months, he took the challenge. He won and he loss.. His BBW was not his norm, but she rocked his world..... A good read..

Jackie says

Stormy road to love

Chase is your typical playboy with too much disposable cash and too many women trying to keep his bed warm and his pockets emptied. Chase's brothers have had enough and devise a little competition to help Chase slow down. \$3 million dollars if he can spend 6 months committed and faithful to the same woman. The catch, they get to pick the woman. Enter Madison, a shy plus sized girl who would never be Chase's type normally. I enjoyed the pairing of Chase and Madison. One ding for not having any real description for Chase.

Jacque Hunt says

OMG!

Divaaaa! This book was Amazing! My Sister fellow writer Genesis Woods turned me on to you! And boy was she right this book was a page turner from page to the end! Your characters were all so relatable but NOT predictable! Nothing was over the top, even the bet though for 6 million it is very believable a upper middle class family would bet like that!

Tangee says

Good Story

Chase Storm is the the baby boy of the Storm clan. He is blessed with good looks and financially stable but has a problem with being a one woman man. Chase is offered a lucrative proposition that includes Madison Atkins-Morgan that he can't refuse, will he be able to successfully complete the assignment.

Good read! The story flowed from beginning to end. A person can change their ways if they are ready to change

Lakimbac says

Perfect Love Storm

Wonderful job! I am still new to this author but will be definitely catching up on all of her works. This book had me captivated the entire time. Firstly I liked that the setting was in Tyler, Texas being that I go through there often. Secondly I really enjoyed the story line. Chase was a spoiled country boy who had never given any thought to love. Then comes Madison who was a BBW and a widow. The pairing of them wasn't ideal with made them love even stronger in my opinion.

reneeNaDaBomb says

Lance, Damon, Travis and baby bro Chase Storm are the owners of an architectural, real estate developers and home builders companies in Tyler, TX. The Storm brothers bet Chase \$1 million each that he couldn't date one woman exclusively for six months and he accepted. But they get to choose the woman and that's where Madison comes in to play and she is a BBW. Oh yeah! Well she fit right in with their wives, Gina, Tasha and Deena because these women were also BBW. And the guys seriously believe she can tame their brother an get him to commit. Oh yeah?

Chase falls, and falls hard, in love with Madison and after a few bumps in the relationship, he commits and then proposes to her. And no one believes he is serious but she does. I enjoyed this story and gave it a 4**** rating.
