"What makes Baugher one of the best is his ability to bring the Western to life... right in front of you!" ~

Robert Hanlon - Bestselling author of "Clint Cain: The Texan Avenger"

From Mark Baugher, the bestselling author of “Cimarron Frost, Bounty Hunter,” comes his best Western, “C-Bar: A Western Saga.” Action, adventure and gun-smarts come in many forms. For Baugher, it comes in the form of his ability to write Westerns—a Western he knows how to write better than almost anyone else.

Filled to the brim with action, adventure, plot twists and gunsight justice—Dockie is not a man to be crossed. This is a book filled with the dead, the dying and those who don’t get in his way—because those who do cross Dockie end up dead. Real dead.

This exciting Western tale is told by Chris, the nephew of a tough old pioneer named Dockie Barnett, owner of the C-Bar Ranch. Chris was a city slicker attorney when he first came to visit his Uncle Dockie and Aunt Marsha, but he became one of the C-Bar Ranch family and a real cowboy. This is his adventure... an adventure you won't want to miss!

If you like your Westerns written in the style of Robert Hanlon, Bruce G. Bennett and Paul L. Thompson, you will love “C-Bar: A Western Saga!” Download your copy today, and start a read filled with action, adventure and drama—and the hopes and dreams of the American West.

"C-Bar" is now available as a major motion picture!

## **From Reader Review C-Bar: A Western Saga (The C-Bar Western Series Book 1) for online ebook**

**Charles Castell says**

**This is an unbelievable book, as the characters of interest are described beyond belief. Mr. Baugher did an excellent job of mesmerizing his readers from beginning to end. His ability to make me feel as if I was among the characters and their daily activities is beyond belief.**

Five stars or more, as I was completely involved in the action from page one until the final paragraph. I cannot put into words how the author could so romantically express himself, yet make the storylines so dramatic that my mind floated along without any interference whatsoever.

Very few first novels are this overpowering, but I cannot really define my true comfort in following the excitement I felt through the entire book. I certainly hope there will be a sequel in the not too distant future.

Recommend this book? You bet your life. I have no doubt that if you read these many different escapades of the characters that you will be as impressed as I am. Those of you not reading the book are the losers.

**Shirley Lewis says**

**Good story**

Too much swearing and taking the Lords name in vain. Would have been a good story with out the bad language.

---

**Joel E Henderson says**

**Good read**

For a first novel I found a very nice flow to the story. I am still curious about JL and looking forward to the next book. Also unless I missed it, what happen with Sara? The last thing I remember was Martha Jean tellig him to marry her.

**Cathy Delamotte says**

**Unusual western**

This book is a western like no other .Warm and funny atmosphere with real western shootouts. Indian problems and genuine personal struggles. I will wait a year and read it again.
