## Dangerous to Kiss Elizabeth Thornton

Handsome, kind, and unassuming, Mr. Gray seemed the answer to Deborah Weyman's prayers. For once she accepted the position he offered, she would finally be safe from the notorious Lord Kendal, a man she had good reason to believe had murdered her former employer -- and was now after her. But there were certain things about Mr. Gray that Deborah should have noticed: the breadth of his shoulders, the steel in his voice, the gleam in his uncommonly blue eyes -- things that might have warned her that Mr. Gray was no savior, but a very dangerous man....

Too tempting to resist...

Though she posed as a dowdy schoolteacher, Lord Kendal saw right through her disguise to the treacherous beauty beneath. Now, convinced that she alone can tell him the truth about Lord Barrington's murder -- and the whereabouts of Barrington's young son -- he coolly masquerades as the innocuous Mr. Gray. And only when it's too late for Deborah to run will she learn what it means to be at his mercy -- and powerless to resist his seduction....

Premier livre de cet auteur que j'ai lu. il m'avait fait forte impression à l'époque et est longtemps resté mon A&P préféré. J'aime beaucoup le couple Grey/Deborah ainsi que les personnages secondaires. Et l'intrigue est bien menée. Je l'ai relu plusieurs fois.

I really liked this book! Honestly, my only grievance was that I didn't have time to read it all in one setting! I thought it was nicely paced, had attraction, murder, intrigue, just a good story all around. The kidnapping at the beginning was a little shady, just because of the poor treatment of the heroine, but in truth, the hero was supposed to be an agent for the Crown, so in turn, he was just dealing with her as another criminal. It wasn't until his conscious came into play that it got really interesting!

Rapey, ragey and violent hero? Enough said. I'm not one to usually make a stink about this kind of thing but this hero was really bad. Add to that a heroine who acts without sense or motivation (she's terrified of hero but throws herself at him and seduces him like an experienced woman even though she is a virgin) and not very good writing and this book was terrible. I made it to the end but only by skimming through the majority of it.

#### **Dangerous to Kiss**

I really liked the book. It was a murder mystery along with a romance. The two main characters suspected each other so I think the other reviews didn't really take that into consideration. I like the author so I gave it a try in spite of the less than glowing reviews and was glad of it.

I don't know what it is, but when I know that I have less than 100 pages left in a book, I feel compelled to finish it. Thus, I finished this book in the wee morning hours this morning.

I have always enjoyed Elizabeth Thornton's books. I think she has great balance of romance, mystery, action/adventure and history. I loved the beginning of this one where he abducts her because he thinks that she has kidnapped his ward. Then he finds out that she thought that he was a murderer. All the while he is falling more and more in love with her. It was a great and gripping beginning and followed through quite nicely. It was little lengthy in the conclusion. I wouldn't have thought it would take them so long to finally get together, but even still, it was quite satisfying.

What a terrific read! The hero and heroine are both alpha characters and the sparks between them are hot enough to burn the reader's fingers on the page. There is a mystery to solve, but it doesn't take away from the main story of the romance. Great cast of secondary characters too - Gray's family, Deborah's brother, Deborah's ward Quentin, the spymaster Lord Lawford - I would love to read a romance with Lord Lawford as the hero!
