Trina says

Couldnt put it down, it was a great read. The love Beau has for Georgie is sweet. And the tragic love Between Ida and Beau's father is bittersweet.

Elizabeth says

I love her books, look forward to everything that she writes. You can tell she does her research on each one of her books and subjects, and there is never a dull moment

This book was so good it made me cry. At first I did not want to read because I thought that there was no way it could be a positive story because of the dates and times . This book was really a beautiful story about love in impossible times. Shara Azod has become one of my favorite authors waiting for the next installment of this story i know it will be just as good.

R.M. Miller says

I enjoyed this book. Yes, there are numerous typos and formatting and grammar issues; and perhaps the writing could be stronger in places; and there were a couple of things I didn't like about the plotting; but over all I found the story and the telling of it so strong that these problems didn't spoil my enjoyment of this ravishing tale of 'forbidden' love.

I was drawn in by the strongly depicted, engaging characters. I liked the pacey narrative, and a strong sense of time and place was evoked. And the story was intriguing and enchanting.

Most of all, I found myself completely absorbed by the portrayal of the intensely passionate love between the two main characters. This was the thing that really kept me riveted. And, ultimately, that passion is the core of this story about how love and desire can so powerfully dismiss the absurdity and evil of racial prejudice. On this level I feel the book accomplishes its ambition with great grace and beauty.

Que sera sera

What will be will be. No matter how hard Lilli Dupuis, Beau's mother conspired to keep him from repeating the same way of life his father Brandon did with his paramour Ida, she still failed. Brandon wanted to make sure his son and Georgiana Willard got their HEA the way he did not have the guts to do.

Georgie knew she only had a few choices in her life being the bastard daughter of a backwoods juke joint owner. The people of the small town were narrow minded and very hypocritical and painted Georgia with the sins of her parents. No respectable black man would marry her and all she wanted was to be respected. She was dead set against being a white man's whore, but when it came to Beau Cantwell Dupuis, she could not help herself. They fell deeply in love and Beau was itching to take Georgie to Canada where they could legally marry until the WW II started and he volunteered to fight for another country and came back unexpectedly changed with baggage. Georgie refused to tell him about her predicament stating that she did not want him to present her for keeping him doing something he wanted. But that unexpected baggage was something she had a difficult time forgiving Beau for. She knew that he must have had a good reason for doing what he did, but she was just painfully hurt.

Shara wrote a story that was both heartbreaking and heartwarming at the same time. Heartbreaking because I could feel the hopelessness that Georgie felt in her need to be loved and accepted. Heartbreaking that she and Beau found themselves in the situation they were in for that time in history was so hard to read in his efforts to find a way to make Georgie his. Heartwarming because they both found each other again after the hard road of life they traveled that made them more mature and accepting of each other. Georgie realized that upon forgiving Beau, she remembered something her father said "that it was better to live in love that to live miserable in a loveless marriage." That is what she almost did. That is what Beau's father Brandon had with his mother Lilli, but he found sanctuary in Ida's love. They were so in tuned with each other that she could feel when Brandon left this life. At least Beau and Georgie could live the life that his father and Idaho never got to live together.

Now, what I want to ask the author, Ms Azod, is there another book, because the ending points to some stuff being dragged up that I know Georgie would not appreciate?

P. says

Wow. This is a love story back in the 1930s. Interracial was beyond taboo - it was just unacceptable. But the heart wants what the heart wants and you can't help who you fall in love with. Even his father, Bradford, went through the same circumstance. Although Bradford didn't fight hard enough for the love of his life, Ida,

their love was so strong she physically felt him and collapsed when he had his heart attack.

Beau, my hero. Even in this time era he was looking for ways to make Georgie his. Even in with his wartime injury and mind riddle with fever he didn't want anyone else but Georgie. His reaction to Marie and her seduction attempt proved his body, heart and soul wanted no other but Georgie.

I see book was written awhile ago (5+ years), just wondering if there will still be a part 2?

Beth says

It was a roller coaster of a ride reading this book. Very good sad story for Ida and his father.

The Charmer: Lets Talk About Books says

Oh My Goodness! I read it and wanted more. I can't wait for book 2, to come out.

Julia says

I loved this book. It's set pre-WWII. It is interracial, Black woman/White man.

Nooniemom says

I enjoyed the telling of Georgie and Beau and the love they had for each other.

Pat Cromwell says

Georgie's Beau is a shamelessly good read.

Cyndi says

Anxiously awaiting the continuation. Feel in love with these characters

Another one by Shara Azod. This one had me on an emotional roller coaster! Set in the times when interracial couples were not allowed to be together or marry because it was against US law. Boy I still

struggle to believe that men in this world made it against the law to fall in love and marry someone due to the colour of their skin!!! Georgia and Beau's story affected me on several levels. Great read! Would recommend this story!
