In this second installment, the crew is back and is fighting for love harder than ever. Everyone has a secret agenda of their own that can ruin relationships and friendships. Only the strongest survive and the weak are exposed.

Ashanta Scott finally got to her breaking point, when she had no choice but to leave Kwenya behind. She escapes to Mexico where she meets a stranger named, Jesse. Jesse takes Ashanta under her wing and shows Ashanti just how strong she is deep down, and how to seek revenge on those that crossed her. When Ashanta comes back, she isn't the same timid woman she once was, and in place is a scorned woman out for blood. Without Ashanta, Kenya goes down a road of self-destruction. Kwenya is out for blood and won't stop until he finds out what happened to, Ashanta.

Rakita has plans of her own, she knows that without Ashanta in the picture, she can get Kwenya back into her life. Will her plan work or is it too late?

Desi has plans of her own, to expose those who crossed her. She comes up with a plan that might cost her, her life. After Bishop finds out the truth, will it be too late to rekindle the love between him and Desi?

The plot thickens, in the second installment. As only the strongest survive and the weak are exposed. Who will come out on top? Only way to find out is to join the crew and to see who is real in this urban tale of deceit, heartbreak and revenge.

Part 2 was a great continuation of the series. I really don't like Jesse at all. While a couple of them are my least faves, she has the number one spot. Looking forward to reading the finale

Good, fast paced, well thought out plot. Quinia, Ashanti, Desi, Bishop, Yolo, ReRe and the gang are still going through their ups and down and I'm still wrapped up in their story.

#### **Puzzled**

To many pieces in a puzzle that has different shapes and sizes. Everybody has a mask, hidden secrets and agendas. I love reading Natavia books. I laughed, cried, got happy and sad. Never a dull moment and the plot just thickens with each new book.

#### **STILL A FIVE**

A Five. The only criticism I have is that the main plot came too early and the story seemed to drop. I did not give up and guess what? It picked up again! Now I ready to see what the end is gonna be!  
No Sweat

GREAT book... LOVE IT...

only neg.... it took me around 30% before faces started to match up from the first books. That is the only thing I hate about these "to be continued" ... I forget what folks look like ... grrrr

Nevertheless this ish is getting deep!

Actually looking forward to the next one

I swear Natavia never disappoints. I hope Yolo knows what's up, Jesse just made me dislike her ass cause she's a snake in the grass and for somebody who really wants to know her daughter she have a hell of a way to show it. I'm really rooting for Desi and Bishop because they make a good couple, they compliment each other. They both did wrong so I hope they work it out and Ro with this stalker business need to get a life. Can't wait for part 3

**Sharon says**

Ashanta has been made into a new person and I don't think Jesse is going to be ready. Desi is that girl and I hope her and Bishop can make it through. I love these characters and I'm totally rooting for the

Love it, need pt 3

**Taz Will says**

I wanted to really like this one but it just seemed forced from the beginning. The way she ran off then met up with Jesse for that stupid plan was a mess. The point behind Jesse even coming into anything just for her to flip the script took away from the read. Then having him tied up, not sure if it was a year or fifteen but either way it was just dumb.

I thought Mondo was his brother but I'm not sure because her entire involvement was off. It was wrapped up

in the end but how it all went down was just so forced it was over the top. Not sure about reading the next one because it seems like the way Chaos is going about things his situation won't last long.
