Love of the Dragon Harmony Raines

No Cliffhanger

What's the the worst thing that can happen to a dragon who is nearly as old as time itself? Make his soul mate young and immature. Then tell him he has to look after her while her sister goes away.

But to top all that? Want her to have a normal life. And then stand by while she wants to date boys and push her curfew.

For Zoah it would be so much easier to tell her who she is to him. But he knows that she'll fall in love with the idea of him, not actually with him. He doesn't want that, becasue he wants Charlotte to have her freedom, something that has already been taken from her once before.

When Charlotte finally senses the bond between her and Zoah she keeps it to herself. In doing so she leaves him no choice, and when his duties of caring for her are over, he leaves.

Over the next couple of years she grows and blossoms, sure he watches over her from time to time. But she doesn't know if he will ever come back to claim her.

On a visit to Spellholm, she finds something that sets things in motion, leading her to distant shores, and into danger she thought long past. Her only hope is that Zoah will finally accept what is between them and act on it.

But for Zoah, it may already be too late...

Suitable for adults only.

Judy Lewis says

BLUE DRAGON BLUES !!!

Wow! I love it! Love Of the Dragon is the fourth book in the amazing Her Dragon's Bane Series by Harmony Raines and it totally rocks. Who doesn't love dragons? Right? Raines has done a brilliant job of continuing the exhilarating saga of the two dragon brothers, Connor and Zoah and their two mates, Serena and Charlotte, who also happen to be sisters. This fourth book is centered mainly on Zoah and Charlotte although our favorite characters from the first three books are included as well. This is a complete story with no cliffhanger. I know this particular point is important to some folks. The story is exciting, thrilling, riveting, compelling, addictive, original, romantic, arousing and sensual. The dialog is smart, well written and flows smoothly. The characters are fascinating, captivating, imaginative, engaging and sexy. Raines uses her incredible talent and exceptional skill to expertly combine these elements to give her readers a very entertaining and highly satisfying paranormal romance with magic, fantasy, adventure and suspense. I was totally enthralled. I was turning the pages so fast my IPad couldn't keep up. In Books One through Three, Connor with help from his brother Zoah, was able to rescue his fated mate Serena and her younger sister Charlotte from the evil Samuel. It is then that the confirmed bachelor, Zoah discovers that the 15 year old Charlotte is his fated mate. Oh my! Zoah unlike his brother, never wanted a mate, not after seeing what happened to his father when their mother died. Nope, never going to happen to him! The universe must have a sick sense of humor making a 15 year old a fated mate for a dragon that has already lived thousands of years. What a joke! Besides, what could she possibly see in him. He's a fossil compared to her youth. But it's too late - he's already in love with the lovely young Charlotte and even worse, he wants her to be in love with him, but that could never happen. Or could it? No, he loves her too much to ruin her life. But we all know that fate can never be denied! Sexy dragons-check! Beautiful virgin-check! Danger, drama, adventure, suspense-check! Witches, mermaids, a minotaur and evil enemies with malevolent intent-check! Sweet romance, a few years of angst and a little beautiful sex-you bet! That and a whole lot more! Fabulous entertainment and an awesome read!

Wonderful! Wonderful! Wonderful!

I truly love the way this author brings to life the strength, passion, and adventure in these stories. I didn't want to put this book down! Page after page I was drawn more into the characters. I'm so excited to read the next book in the series. Awesome read! Enjoyed every minute of it! ?

Her Dragon's Band series book 4

Wow this is a great series like the rest of her books. It's easy reading and bend story is well told. I recommend this book to my family and friends. Happy reading.

Mei says

Captivating and intriguing...Red and blue dragons (large and small), baby dragons, witches, vampires, mermaids, a Minotaur and Samuel? This story includes it all and it was fun to read. And thank God, no cliffhanger! It is three years later and Zoah and Charlotte are still star-crossed mates. When I first started reading, I had to raise an eyebrow and hope this wasn't going to be primarily about some lecherous old man pining after a young female virgin (after finding out Charlotte was only fifteen in the previous books)! Still, I was uncomfortable with Zoah being so much older than Charlotte and am glad that Raines played down the intimacy between them until the last few chapters of the book. I wasn't prepared for hot and steamy between them. Funny Charlotte is the young one but Zoah is the one who needed to grow up! Azure is adorable, Tara is still as evasive as ever and Samuel is still breathing. I had a feeling he might be and wasn't disappointed that he reared his head again. It would have been too neat and easy to have him perish in the fire...Evil never dies. My heart is sad for Fin because he is completely alone. Lastly, the editing, the editing, the editing! It is still TERRIBLE! Dragon shifters are now on my list of must read because they are HOT!

Carol Everson says

Alright HEA for now

So we have Zoah & Charlotte finally getting their heads on straight. There siblings have children. Things are good. Even the Dragon Lord has acknowledged his mate. Tara is a strong witch knows things. Great read can't wait for Tara's story with the Dragon Lord.

Elizabeth says

Charlotte and Zoah

This was actually a fantastic read packed with action, adventure, intrigue and romance. Charlotte is a human and Zoah a ancient dragon that didn't believe in soul mates until he meets his own, Charlotte. The problem? She is 15 years old teenager!!! He goes away with the intention of never coming back but destiny has other plans. Highly recommended

Catherine Montgomery says

Gooood Read!

I'm really glad these two finally came to their senses! Just as with them sometimes we need to lose something important to us to realize what we actually need and want. I would recommend it to anyone!

NoraJLeSueur says

Loved it!!!!!!!

I liked the way that they characters and storyline were continued from one book to another in the series. I can't wait to read the next book in this series. If you like adventure and romance you will love this series.
