Diana says

Me acostumbré a la típica relación de amor-odio en las historias de Rumiko que es extraño ver que Rinne y Sakura se lleven tan bien desde el inicio.

Son lindos juntos pero siento que les falta algo...una que otra discusión? alguna escena de celos? ya saben lo típico,siento que ambos son demasiado tranquilos y pacíficos, pero aún así me agradan,será interesante ver cómo se va dando el romance entre ellos.

Por cierto, Rokumon es un encanto de personaje, sale con cada ocurrencia.

Erika Schoeps says

Ah! so great. The true format of this series is revealed, as every few chapters is a separate story of haunting. Every story is an interesting little mystery, and always has a clever ending. Humor was thrown in again effectively, and I loved this one! The things that are lacking for me are romance(Seriously, where's the romance? Don't leave me hanging Takahashi), and the development of Mamiya, the main freaking character. Takahashi normally crafts strong, fantastic female figures, and Mamiya is lacking in personality of any kind. I don't understand! She just gets saved by Rokudo constantly and delivers plot points through her dialogue.

Miriam says

Fun, mostly respectful fantasy adventure about a girl who can see spirits helping a boy is half shinigami to assist ghosts.

The final story arc introduces an enemy who I expect will be a recurring opposition, and also explains the economy of Hell.

I recommend reading the endnotes. They aren't needed to follow the story but contain quite interesting information, as well as explaining the jokes (I had no idea Japanese was so punful!).

Julie (Manga Maniac Cafe) says

There isn't much here that's new or unique if you're familiar with Rumiko Takahashi and her works, but that's not a bad thing. With Rin-Ne, you know exactly what you're getting before you even crack the book open; slightly dense but likable characters, lightening quick pacing, and lots of laughs.

Dorothy says

I do like this series, but I don't think it's as good as some of Rumiko Takahashi's other works -- *Maison Ikkoku* is one of my superfavorites!!

Ronyell says

After I just read the first volume of Rumiko Takahashi's latest work "Rin-Ne," I was dying to read the rest of this series and I managed to pick up the second volume and I enjoyed this volume as much as the first volume!

Sakura Mamiya and Rinne Rokudo continue to go on even more adventures that deal with the afterlife, including trying to help an Ochimusha Ghost find his lost love and helping the ghost of a school girl that drowned in the swimming pool move on to the afterlife. Later on, however, Sakura and Rinne end up meeting a young man who is a devil named Masato who is plotting his vengeance on Rinne by stealing the soul of a comatose teenage boy and sending him to debt hell!

Can Rinne rescue the boy's soul before it is too late?

Read this volume to find out!

Wow! This volume was just as hilarious and exciting as the first volume! I just loved the way that Rumiko Takahashi is able to combine humor, drama and horror into this series so far, as it makes the storytelling even more interesting and unique to read and I just love the way that each character is being written. I love the fact that Rinne and Sakura's relationship is not as aggressive as Rumiko Takahashi's other works like "Inuyasha" and "Ranma ½" as it made them really stand out from Rumiko Takahashi's other couples and I enjoy seeing Rinne and Sakura working together to get the ghosts back to the afterlife while trying to learn more about each other. What I really loved about this volume is that we are finally getting some kind of story arc in this series as the story line that involved Masato seems to implicate that there will be more trouble for Rinne and Sakura up ahead and that Masato might be one of the first threats that Rinne has to face in his adventures and I am curious to see how that will play out in future volumes. Rumiko Takahashi's artwork continues to be gorgeous and creative as the scenes of Debt Hell are amusing to look at as Hell in this volume is depicted as a casino rather than a terrifying place where demons and monsters run rampant in a fiery pit.

Even though there are not as much scary images in this volume as in the last volume, the fact that this series has some scenes of the afterlife might disturb some readers who might find some of the demons in this book a bit disturbing to look at.

Overall, "Rin-Ne Volume Two" is a fantastic follow up to the first volume of this intriguing series and I definitely cannot wait to check out the rest of the volumes in this series!

Courtney says

It's been a while since I read this (almost a month, I think), so...

First story: a continuation of the last story of vol. 01. Rin-ne and Sakura are trying to the spirit of a love-sick samurai find peace by finding the re-incarnation of his beloved fiancée. Needless to say, it's not as easy as it initially seems. I actually like the ending of this one, though I'm not sure why. So much for the Samurai's unending devotion...

2nd chapter is a pool ghost. Not terribly original (anyone else remember the 'Are You Afraid of the Dark' episode?), but we'll go with it.

Starts out with the usual grab where someone gets pulled under, and the attack is spotted by Sakura. When the ghost realizes Sakura can see her, she orders Sakura to come back to speak with her. Sakura meets up with Rin-ne, who is already on the case and the two enter into the investigation trying to help the ghost move on. Unfortunately they have no idea where to start, and end up on the wrong track entirely until Rin-ne has an epiphany at the very end.

3rd story: We're introduced to a new character. Rin-ne's old nemesis shows up and brainwashes a spirit in order to get to Rin-ne. The enemy, a demon named Ryoga Masato is determined to gain revenge on Rin-ne for a wrong that was done to him in the past. He lures Rin-ne down to the underworld, only to find his plan backfire.

And I think this is the last real review I'll do for this series, unless a future one inspires me to write something. Like I said for the first book, it's entertaining but not really impressive. And it still reminds me a LOT of Takahashi's other works. A fun, light read but not one that'll win her any awards (IMO).

Jessica says

As the story continues, we get to see more of the world of spirits: their inner workings and rules. This look at a fantastic world provides quite a bit of interest in the stories. The characters of the ghost stand out more than the human leads at this point, but I trust this to change as the series advances.

Sara says

2.25

A rival has arisen. I don't really like him. He reminds me of Ryoga in Ranma, but not half as funny. He's just dumb and petty and pathetic. And his attempt to trap Rokudou in hell took up the whole volume. I guess it's getting funnier and as is Takahashi's way, I'm sure more interesting characters will appear shortly. I'm still kind of curious to see how this series shapes up (though it's still pretty weak at this point).

Timothy says

Looks like Rumiko Takahashi has not lost her humorous touch. Overall, I'm getting more of a Ranma 1/2 vibe than an InuYasha vibe. Both from the humor and the fact that this series seems to be more of just random hijinks each chapter on a loosely connected story.

Real Imaginations says

Pretty funny volume!! Hahaha!

Jessi says

I love this zany manga. It's funny and the stakes are so so low, so it's not anxiety inducing to read. It has actually helped me a bit with my fear of ghosts.

Maritza Elias says

Este volumen estuvo mucho mejor que el primero, me hizo reir mucho y hasta sentí pena por el pobre de Masato xD.

Thomas Maluck says

Book one was an alright introduction, and I was a bit skeptical that book two would find anything of much interest in the premise, but the series is consistently entertaining and looking forward to book three!

A few more 3+ reviews and I'd consider this series another winner from Rumiko Takahashi, may she always guide new manga readers to the bookshelves.

Chris says

That kitty is so cute and naughty
