No doubt this is one of the award winning creations by Sharadindu. But some where missed the known author...the Novel is too lengthy, some times boring.. and lost the interest in the middle as the characters become very much predictable... It is obvious that Trisha would be alone in her fight at end... Deepnath will leave Manideepa...Bilu will have illegal physical relationship with Arun (this character seems to be imposed from the very beginning and it was obvious why this character was drafted) ... the Novel could not meet the expectation. the ending could be something else.. This book may be award wining ..but could not win the

It is completely a fiction in category and deals with Deep, the protagonist youth, his family, workplace and the subsequent platonic affair with Monideepa, wife of his boss, who claims to suffocate by an unhappy marriage. Shirshendu Mukhopadhyay had ample opportunity to make such a plot to take such turns so as to

allure a particular group of readers, but his genius does not do so. He has successfully managed to portray the psychological dilemma of Monideepa and Deep, their longing for each other, and ultimately finishes with utmost respect for each other not affecting the lives of other people, who depends upon them.

Manobjomin is the celebration of silent love, of self respect and above all, as the name suggest, of humanity. A masterpiece, must be read by all admirers of Bengali literature.
