this book speaks volume of knowledge. The comparative analysis of Islam with other religions, the predominant features of various civilizations before the advent of Islam and the gradual evolution of Islamic teachings along with their fusion with neighboring religious dogmas are notable features of this book. Further, if anyone wants to acquire true teachings of Islam, then this book would be most fruitful.

First book I ever read on Islamic religion and history, by the famous Indian religious scholar, historian, and reformer of the early 21st century. It is pertinent to mention, that this is remarkably informative & well written. This book speaks volume of knowledge. The age of Civilization, Turning negative in to positive and the gradual evolution of Islamic teachings along with their fusion with neighboring religious dogmas are notable features of this book. Further, if anyone wants to acquire true teachings of Islam, then this book would be most fruitful. Needless to mention this is a master piece for acquiring knowledge regarding the Islam. However, the language is archaic and the expressions are best. A complete book for a complete introduction of Islam, general topics as well as religious.

This small, illustrated book shows through quotations from the oldest Islamic sources that Islam respects the prophets and accepts the truthfulness of other religious traditions. The Chapters which are Stated in this book are in order sequence with political, social and religious conditions during 21st century and every Chapter gives a glimpse on positive aspects, importance, prohibiting the Concept of depreciating things and provides the optimistic solutions for every problem in life, The book rightly sketches his endeavours, his stand on Discovery of God, positive aspects of illness, Islamic way of life, the importance of reason, success out of failures and so on. Wise and authoritative, The Spirit of Islam to provide entry to the minds and hearts of Muslims the world over. It introduces us to the fairness, kindness and mercy of Mohammed; the aims of sharia law, through commentary on scripture, to provide an ethical basis to life; the beauty of Islamic art and the permeation of the divine in public spaces; The Spirit of Islam describes itself as a book of authentic knowledge, sometimes offering detailed accounts of specific historical events, and often emphasizing the moral significance of an events over its narrative sequence.
