**To Tame a Tycoon** Judy Angelo  
HOW DO YOU TAME A TYCOON?

Enrico Megalos is bold, brash and a big problem...at least for his staff in the Miami office of Megalos Shipping. And that's where the lion tamer comes in.

Asia Miller, Personality Coach, is hired to tame the big boss. She takes on the challenge, not realizing until it is too late that while taming him she is also losing her heart...to the one man it doesn't pay to love.

Sun, sea and a steamy affair - a thrilling ride on the sensual side.

This one was pretty good. Not as awesome as the ones before but definitely a great one. Plus a hot Greek business guy! I was in love. I loved the dual POV's and that she could tame him and loved them with each other. they really brought out the good in each other. LOVED this book =D

Short but incredibly sweet.

### **Di says**

Not the best one of the series.

### **♥Knhebek, hbeebti♥ says**

This is a good erotic book with short stories. Needs more essence, but is a nice summer read. Could help if there is a lot more chemistry between the characters.

### **Sherry Sweeney says**

Not a bad series but they all tend to run along the same line. decent story lines if you dont mind similar story lines with different characters and circumstances.

have enjoyed them and would recommend, easy, smooth read does not require alot of extra thought to relate and enjoy the stories.

Wow, Enrico (Rico) & Asia. Love blossoms, but by god does she hold back right until the end. So afraid she is gonna get hurt, she is so in control for most of her life. So hard for her to take of a possible love affair, isn't

it funny what we try to avoid rather than take a leap of faith.

Lucky for us romance fanatics Rico is just as stubborn & doesn't give up. Refreshingly different story setting. Gotta love these billionaires & their toys. Also love the fact that even all their money they aren't perfect. But by god he's close to it.

Everyone has grumpy boss's, but what a good job she does taming the rich guy. Very hot & sexy moments to keep you going & some lovely moments to show that even with all that money he can be very down to earth & just be a normal guy.

This book was different, it was short also but it was good. Rico is an arrogant, dominate tycoon who believes that everything should be done his way. Asia is an image consultant & psychologist who is brought in by the human resource department of Rico's company to deal with & change his attitudes towards his business. what neither of them expect is to be attracted to one another. Asia puts Rico off until he is no longer a client & then she shows him the real Asia. They are good together & after a few pitfalls they finally get their act together.

Sweet, predictable romance. Good character chemistry.

I'm a sucker for a love story and this was no different. Alpha male, insecure female, we all know the story. This is a pretty good romance series, and most of the characters were lovable, but I didn't particularly like the main characters. Rico was too stubborn to be likable. Don't get me wrong, stubborn is good, but I didn't like his smug way of being stubborn. Asia was nice but a bit too professional for my taste (bordering on ridiculous). Apart from these nit picky things it was a good book that I did read again.

### **Melissa Maxwell says**

This series is getting better and better. Rico is a twenty five year old billionaire that uses too much yelling to solve his problems. His HR department hires Asia to help him better his interaction in the company. He agrees to meet Asia but is awestruck with her beauty and calm disposition. She helps him format his company to work better together. She calms him down in business but heats him up other ways. Will his new found calm be the guiding light to bring them together or will he be too wild for her fragile heart.

This 5th book's story line was cute but kind of boring. I liked the hot & steamy scenes. I liked some of the setting in this story. I liked how Asia stood her ground with Rico. I think Rico acting too immature for Asia. I think if Rico character was better & this story had more romance I would have given it more stars.
