## Fake, Volume 06 Sanami Matoh

There's a psychopath who likes to kill kids and cut off their hands on the loose, and Dee and Ryo must find him before he strikes again. Carol has the misfortune to cross his path, and soon her life is in grave danger. Bikky, Dee, and Ryo must take justice in their own hands (no pun intended), if they want to save their friend.

## From Reader Review Fake, Volume 06 for online ebook

### Bark says

This was another enjoyable entry into Dee and Ryo's world. This one seemed longer and more serious in tone than the previous books and much of it focused on Dee's childhood dad figure and explained why an orphaned street punk decided to become a police officer. Carol is kidnapped by a deranged serial killer who enjoys keeping "pets" and cutting off their hands when he's through with them. As I said, this was one of the darker entries.

---

### Emily G says

Not sure how I missed reviewing this manga! In the first story, a killer is hunting and collecting gruesome trophies, which becomes personal for Dee, Ryo and Bikky when Carol is kidnapped by him. The second story reveals some more of Dee's back story and the man that was the closest thing to a father for Dee.

The UST (unresolved sexual tension) is still escalating between Dee and Ryo, which is great for the reader, as we are treated to some very hot kissing scenes! But you do start to despair of them ever getting their act together - fortunately, we know that this isn't the case!

---

### Jenn says

Fake 6 (Fake) (Fake) by Sanami Matoh (2004)

---

### DeeNeez says

After saving Carol from a psycho, Dee shares his past with Ryo, of how and why he decided to become a cop.

---

### Kristina Brown says

I preferred the second half of this story which focuses on Dee's childhood. The characterisation in this series is just wonderful.

---

### Brianna says

Excellent. I love it.

---

### **Nikki says**

Okay, I was getting tired of it by now -- surely Ryo should have given in by now? But the plot part is as good as ever.

---

### **machinaheart says**

quick series review:

so, so good!

I had not read fake in years and oh, I am so glad I did so on a whim! the series is just so refreshingly free of many of the genre's most troubling and terrible stereotypes, it's a truly a breath of fresh air! and then there are the very lovable, well-rounded main and side characters... fake is just really, really good.

some of the smaller cases feel a bit rushed and I wish some arcs/cases had more time to them, but overall the crime story aspect of fake is solid.

content note:the manga can be quite graphic when it comes to the depictions of homicides, that's something to be aware of and maybe look into depending how sensitive you are to such things.

---

### **Leila Anani says**

Penultimate volume of the seven book yaoi cop romance. First story has Carol kidnapped by a serial killer targeting teenage girls and cutting off their hands as souveneers. Secon tale is another dark flashback into Dee's past looking at his surrogate father, a bent cop who gets killed finally doing the right thing. Perhaps not as engaging as previous volumes and less romance & comedy in favour of darker story lines, still great though.

---

### **Sherri says**

Carol, my darling. I actually really enjoy this volume because it shows us more of Carol, who I adore, and shows us how resourceful she is. Which makes complete sense considering she was introduced to us as a pickpocket.

---

### **Kirsti says**

The scenes with Carol getting stalked are just plain creepy, but still drawn in an excellent way. Carol's such a cute character, I always enjoying seeing beautiful drawings of her. Another quick story line though, I raced through this one. On to the Seventh and final book, I give this one another five stars!

---

**Sophie says**

This series really seems to be getting back on track - I enjoyed both of the stories in this volume, particularly the bone about Dee's 'father'.

---

**Sebastian Grayson says**

AHHHHHHHHHHHHHH I loved this volume just as much as I loved the rest of the manga. It's so good. I really want to finish reading it but I also don't because I don't want it to end.

---

**Gigi says**

I love this manga!!

---

**Shahna says**

Loved this series. It was the first manga I had ever read. Once of my favorites.
