Games Boys Play Fae Sutherland

When Zachary West and Officer Stephen Miranda met two months ago, it shook up Stephen's boring, paint-by-numbers life in ways he'd never expected. Now, though still in the closet at work, Stephen is realizing that the things he feels for his sparkly, out-and-proud lover are way beyond just lust and intrigue. He's falling in love, but can someone like Zach live even partially in the closet?

Zach's games of forbidden trysts and dangerous liaisons collide with Stephen's desire for more than just the moment at hand, forcing Zach to face one of his biggest fears – can he ever be enough for a real life hero? And should he even try?

Just as good as the first in the series. I hope for more. For such a short story it has a lot of depth to the characters and the situations. Also there is an amazing level of hotness here to the sex scenes but there's a wonderful humour underlying everything. Great read.

Fae Sutherland has delivered more fun, kinky sex and hilarious antics from the very sweet and zany Zach who always leaves a trail of glitter in his wake... love it!

We last met Zach the very glittery and hilarious twink and Sergeant Stephen Miranda, Officer Hotness, the closet cop in Gambling on Maybe and I fell in love with them both, so I was excited to pick up the next in the series to see how these two loveable characters were getting on. Zach is such an uplifting character, his zany, wicked personality just lights up the pages, and Stevie is as dependable and adorable as ever, Fae Sutherland's characterization is excellent these two are just perfect together, and I love Zach's voice, I see him so clearly in my minds eye and he just makes me happy!

Zach understands the bigotry within the Police Force and understands the antiquated unwritten rules, so he is happy to hang out and have copious amounts of hot sex in his apartment, keeping their romance a secret is really not an issue, he is just happy to have his sexy cop all to himself. Only the very sparkly Zach likes to add that sparkle to their relationship and illicit visits to some less than salubrious Motels or seedy bathroom stalls for some quick fast fucks are just the trick to adding some spice into being the Officers dirty little secret!

Zach is a free spirit, no inhibitions and absolutely no apologies for his zest for life, quick wit and intellect along with his flamboyant nature and his insatiable appetite for sex. He also has a very short attention span, generally preferring for it all to be on him. So when he has an epiphany in the bathroom stall of a dirty public toilets in the middle of some very hot and forbidden sex, it proves to be a pivotal moment in their relationship and he realises that his big sexy officer hotness actually loves him and not only that but he loved him right back and that scared the holy shit out of him.

Stevie is an honourable, honest and caring man and Zach see's him as worthy of being loved and as flighty and confident as Zach is, love is a whole new ball game and feeling vulnerable is not something he is familiar with. So, we have had the getting together, lots of kinky fuckery and now our two MC's have found love... where will Fae Sutherland take us next?

I love this series, it is light entertainment and a pleasure to read and I will certainly be picking up the next book in the series.

[the story wasnt about Stevie coming out of the closet or any major changes, it was more about Zach and Stevie having exciting encounters and discovering they love each other. (hide spoiler)]

A bit of dirty.

A good emotional kick to the gut.

This little follow up on Zach and Stevie was the delicious proverbial icing on the cake!

Tailtiu says

The book is much to short, I would love to read more about Zach and his Officer Hotness.
When will we get the "big" book???

Deeze says

For a short this was OK. But it has so much potential to be more.

Zach and Stevie are a great couple. Zach is sparkly and in your face, while Stevie is more reserved and would rather fit in than stand out. I imagine the hurdles they would face as a couple, plus the fun they would have together would be exactly the kind of book I'd put on my favourites shelf.

But sadly these little shorts don't give me the satisfaction I crave.

Macky says

Naughty but nice little follow up to 'Gambling Man' the book where we first meet Zach and Stevie. In this one Zach is just as sparkly and outre, and Stevie still keeping their relationship under the radar but they're having a lot of fun spicing up their sex life by making love in more unusual places and doing a bit of 'role playing'!

Not very long again, but still fun, this has some sizzling hot and some sweet moments that I really enjoyed but I think the first one is definitely my favourite! Short, sweet and a great time filler. Cant help liking these two endearing characters a lot.

Super quick Buddy Read with two of my faves... Mish and Nick.

Pea, I ~~loved~~ it...

Meh again, maybe worse. Thanks Buddy Readers!

Another sweet, short installment between Zach and Officer Hotness. This book moves the two guys forward into relationship grounds, and has both heat and some sweet, affectionate moments. Zach is still fabulous, and Stephen is solid and bemusedly besotted. This one felt a bit like the first chapter of a longer novel (oh, I wish) because although the arc is complete, the movement in the story felt small. I do hope someday we'll see more of these guys, preferably in a longer form that would allow more interaction and emotional growth and changes in between the hotness.

Nick Pageant says

Very short, very cute. I like both MCs. The sex is very good and the whole thing feels lighthearted and fun. Me likey.

Thanks to Mishy and Jen for the BR and to Cat for the rec!

While, yes, I did grumble when I found out that this was just *another* short story about Zach and his Officer Hotness, Stephen, but I couldn't help to still LOVIN' IT!!

Zach is just too adorable for words. The way he thinks of all those sneaky and kinky and naughty scenes to be 'played' with Stephen; since Zach thinks that because Stephen is in the closet, it is HIS duty to make that experience as fun as possible *grin*. The part where Zach starts to doubt about his worthiness, and decides to try being a little homemaker for Stephen is also fun.

Stephen, in the meantime, is his complete opposite -- and it's just sweet and cute to read how Stephen practically gives in to whatever scenario Zach comes up with (the hooker and undercover cop scene, HOT!).

I enjoy it; even if it's short.

But darn it, Fae, one of these days, you need to write a novella or full-length novel about these two!

MsMiz (Tina) says

3.5 - Feels like I have been waiting for Zach and Officer Hotness forever. So happy we got to see another installment from these fantastically vibrant characters. I love the indulgence in the roll playing. Officer Hotness gets a 10 in this book for his love and just being there with Zach.

I would not be sad to see more from these two. Thanks Fae! Any thoughts on making more or longer stories?

Mandapanda says

3.5 stars This is my favourite pairing in m/m romance. The conflicted, closeted cop and the flamboyant, out and proud younger man. Shame it's such a short story.:(
I hope the author writes more stories about Zach and Officer Hotness! I'd love to see how they go with Stephen coming out, moving in together, getting a HEA etc. They'd definitely make good MC's in a mystery novel. hint-hint!

Cory says

I need to find a cop and start dating him!! This was sexy and fun!! I really like Stevie and Zach!
