## **From Reader Review I Spy Numbers for online ebook**

### **Elisa Pereyra-Molina says**

Finally numbers enter the series in this riddle book. This is a picture book with short sentences for young readers. This book is meant to target early readers and supports building vocabulary and counting while being an interactive book but has other uses.

This book can be useful for older students who are learning the English language. As well, children who are disabled or may have a TBI will also learn language from this colorful picture book.
