STANDALONE NOVEL - “Forget what hurt you, but never forget what it taught you.”

After finally accepting that her fiancé was incapable of loving her how she deserved to be loved, Dej walked away from her long-time relationship, with a steel door guarding her heart. But, being a woman in a male-dominated field, there was no room for 808s and heartbreak, so Dej shook that hurt off and continued to work to be one of the best on-air sports broadcasters that Oakland has ever seen.

Meet Saieed Bishop, born and raised in Los Angeles, California, with his mother and older brother, Semaj.

Since he was able to hold a ball, Saieed had dreams of being in the NBA. And now, at twenty-six, he’s finally living out his dreams, and feels like he has everything he could ever want, until he meets Dej.

Something about the dark chocolate beauty pulls him in, and he works overtime to make sure her heart didn’t turn to ice. Dealing with an overprotective mother, and a schedule that doesn’t leave much time for love, can Dej and Saieed overcome these obstacles as a couple, or is the scale tipped too far against them?

**Different but good none the less**

You switched it up on me this time but I still liked it. I'm glad Dej finally stopped playing and gave Saieed a chance. They made a great couple. His momma was something else with herself tho. I think I would of been like Tey and had to put her in her place. I wish it would of been a little more drama. I expected Jotti to act a fool after he got knocked out at the club lol

**A good book**

This is another good book by this author. I loved the friendship the girls have. I'm so glad Dej gave Saieed a chance & found love again. There mom was off the chain but in the end she realized she was hurting her son & apologized to Dej

**Nicely done**

I enjoyed reading the book. It was a nice change to read about characters with careers and normal problems. From some of my other reads it; I found myself waiting for the bombs to go off of trouble for the characters but it never happened. Which made the book feel that much more realistic.

#### **To love again after heart break!!!!**

Now Dej was hesitant to give Saieed a chance because Jotti crushed her heart, but he worn her down. Teyana was a beast friend and I loved her relationship with Semaj, the way he supported her was very commendable. Now Mamma Selene was just too involved in his business but I was glad he finally but her in her place....

#### **You did it again!**

Great read! I love how Saieed was patient with Dej, and didn't stop until he got her. Maybe a spin-off to see how their marriage goes, and how Semaj and Tey adjust to life with two kids?

#### **Good Job**

I loved the story and the love between both couples. I did feel like I wanted to know more, but overall it was a good book and id definitely recommend it to others. Good job

#### **Beautiful love ♥?**

I like the way Saieed showed her that true love does exist. Tey was a good friend to her. The mom was a mess but I'm glad she finally came around. Even though this was a stand-alone, it would be nice to hear more about these couples.

#### **Great book!!**

This book was great..Had me very interested...Had a couple of minor errors but all and all it was a great book!! Maybe a spin-off of the wedding or how the couples are doing!!!!

**Alexicia Jones says****True Love**

This was a really good read. Jotti was a mess and Selene was another mess. Dej and Saaied were too cute. My heart broke for her about her parents though. Tey is the best friend every girl needs. I wanna know more about Daj and Sai. I really enjoyed watching them fall in love.

**Roshema Batiste says****So Good!!**

Spin-off??? The wedding and how they cope with the distant when they both are pretty busy... I am glad she learned to love again and didn't let that mommy ruin their relationship cause she was a mess.. And Jotti OMG really He was a JOKE!! Great Book!!! Your the bomb ??????

**Shannon says**

Selene was irritating but I'm glad she realized Dej wasn't going anywhere. I like Saieed and Dej together. Tey and Semaj were a great couple too. I wouldn't mind another book with Saieed and Dej. Great job as always I enjoyed it.

---

**Alesia Russell says****Not the usual!!!**

This was different read to from this author. Great love story without the drama being drawn out. Dez had so much going for and lost so much..she didn't want to give Saieed a chance. Glad she opened her heart. Jotti was an idiot for thinking the grass was greener with Candace. Saieed finally stood up to Mom!

**tanessia ford says****Intense**

I couldn't put this book down! This was one of those books where it just sucks you in! You try to put it down but you're like just one more page, one more chapter! Until you're finished and you look at the clock and it's 4:30am and you didn't even realize it. This intense love story was unbelievable! You find yourself rooting and pulling for them! I wish there was more
