## Modern Social Work Theory Malcolm Payne

This welcome new edition of a best-selling text offers a comprehensive survey of major theories relevant to social work practice and a clear assessment of the role and value of each approach based on the current critical literature. The book builds on the strength of the previous editions, with a major recasting of the first two chapters to bring them up to date, a wholly new chapter on feminist theory, and a greater emphasis on applying theory to practice. Taken together, the revisions will secure the continuing value of this world-class textbook as an invaluable companion for social work students and educators alike.

**Abdullah Benaziz says**

I think this book would be helpful for social workers

---

**Kemal Çiftçi says**

good

---

**Charles46 says**

This is a good book to learn how to be a social work practice

---

**Emma says**

A wonderful guide and summary of theories used in social work practice. I'd recommend this for any budding social worker in their studies or first few years of practice.
