While patrolling NYPD Officer Emily Lansing comes across some strange situations, but little does she know that the giant man in the black trench coat she has just cuffed will lead her into the weirdest adventure of her life. Edge, a Shikar Foil Master, is not just any normal perp, he is warrior on a quest, a quest to eliminate the Horde and save both his world and Emily's. Will Emily be able to overcome her doubts and fears and aid Edge with his quest, or will the Horde over come us all?

Razor's Edge is the third book in the Horde War series by Ms. King. It is a wonderful paranormal book that is full of action and adventure yet the story also has true depth. Ms. King has created a world and characters that a reader can truly come to love and care about. There are not many paranormals out there that I can honestly say that about. Both Emily and Edge not only kick ass but they also strive to over come the destiny they fear their worlds will descend into if they cannot stop the Horde.

This is probably my least favorite Horde Wars book by Sherri L. KIng. It is still good, and worth reading but I thought it didn't have enough substance between the hero and heroine. It felt like it was more rushed to me...the heroine's character wasn't as well developed as in previous novels written by Sherri. I still liked it, but it could have been better.

Emily is a NY cop who has a run in with Edge who is a Shikar warrior. While she is trying to arrest him they are attacked by Daemons. After they band together to kill those monsters they have a hot sexual encounter. Emily wakes up in her apartment not knowing how she got there. She does remember the Daemons and Edge. Now she goes out every night looking to kill more of the monsters. Emily is being watched by the Shikar and eventually get's to meet more of them. She wants to become one of them to help save the human race. Turning her into a shikar could kill her but she is willing to take the risk. Emily is a kick ass heroine. She is attracted to Edge who is dark and dangerous. The sex between those two is steaming hot.

First line: “*Freeze, asshole!*”

Erotic paranormal romance. Daemons and Shikars and psychic humans. Black latex bodysuits that get put on with a paintbrush.

Film rights, anyone? :)

I enjoyed this one - fast and friendly!

Good read - book 3 of the Horde Wars. As usual, great action sequences with great characters. The Shikar hero, Edge, occasionally made me want to rip the arrogance off him but you've got to love a blade master with his skills. Emily, the human heroine, is a NY cop with a mission to save the world. These two don't burn up the sheets although they occasionally shred them...when they actually make it to a bed, of course.

After she meets up with the Daemons she knows there are worse things than drug dealers and pimps haunting her streets... Emily willingly joins the Shikar but can never be as fast or powerful as Shikar team she fights with. Even though two of them are converted humans, she is told she cannot be converted as she has no psychic powers. But what if they are wrong?

As usual, the author managed to produce a page-turning plot, characters you actually care about, but the usual satisfactory ending was a little weak. Emily and Edge are nicely resolved but 'climactic' battle seemed a bit short-changed. Lots of intriguing threads and characters left for more stories...

There is an ongoing story arc; read them in order.

#3 Horde Wars series - Erotic Paranormal

Edge & Emily

Loved it! Exciting, fast paced, H-O-T hot & sexy ... Sherri L. King is an author who always delivers a 5 star read!

Back Cover:

"NYPD Officer Emily Lansing ... encounters a Shikar warrior and a contingent of Daemons and comes to understand there are worse things stalking the night than murderers or thieves. Here there be monsters, and

The Shikar world is in all-out war with the [Daemon:] Horde ... But Edge, a Foil Master, will fight to the death ..."

I LOVE Edge, the uber-sexy Foil Master, with blades, swords, etc. that shoot out of his arms, hands, fingers. And, as usual, the females are strong, kick #utt characters in their own right. It's great to see characters from previous books and catch up with them again.

This book was amazing from start to finish. Imagine a world where danger lurks around every corner but you do on every day not knowing. While delicious half naked men protect the nights for the human race. Swoon worthy... Absolutly amazing
