## Rosario+Vampire, Vol. 6 Akihisa Ikeda

All-around average teenager Tsukune can't get accepted to any high school save one...but on his first day he finds the rest of the student body doesn't appear average in the least. Best of all, the cutest girl on campus can't wait to fling her arms around his neck! Wait a sec'--are those her teeth around his neck too...? Tsukune's going to have one heck of a hickey when he gets home from Monster High! But does he have a chance in H E double hockey sticks of raising his grades at a school where the turf war isn't between the jocks and the nerds but the vampires and the werewolves?

## **From Reader Review Rosario+Vampire, Vol. 6 for online ebook**

### **Stephanie Toogood says**

This volume has major differences than the anime. The story is so good. Have ordered the next volume because i really need to know what happens next.

---

### **Dante' Slaton says**

Still stuffering to a unhealed wonund on Tuskune's neck where Moka bit him to change him into a vampire things turn to the worse as a gang of monsterls attack them both out of the blue. Moka fears to the worse that the wound of Tuskune's neck is more deader then he thinks it is. More likely it will send him to his doom.

---

### **Julie says**

Omy, Tsukune! This was hard to read at moments. I love his character. He really gets in total knot of sorta life. Its sad it turns out the way it does, but happy in a way too.

---

### **Leila Anani says**

The darkest and probably best of the series so far. Really nice artwork. There's a lot more violence in this installment as monstrel kidnaps Moka and faces off against Tsukune, unstable by all the vampire blood in him. You'll want volume 7 on hand as this one ends on a nail-biting cliff hanger.

---

### **Nikki Sojkowski says**

Awwwww YEAH! Tsukune came to save that day, and damn did he look SEXY while doing it! Cheers for Vampire Tsukune! Normal him is a whimp though... And isn't very cute until in badass mode. And ten that Exorcist dude came in to lock up his powers :/ I mean it DID save his life... But still.

---

### **abatage says**

Tsukune's progression is definitely interesting and the angle Ikeda has taken on fleshing out all the characters is welcomed. Still a great series, a bit sad to be past the half way mark - only a few left!

---

## **Mehsi says**

Ah, yes, this volume! The poop is hitting the fan really hard in this one. :P Poor Moka, then again, she didn't have much of a choice in both times. Not with the biting, nor with the beating up. Maybe if she had known there was an alternative route... but for now it was just not something she thought of. It must have hurt. And talking about hurt, poor Tsukune. :( It must hurt oh so badly for him to turn into this, and then to find out about what happened later. :)

May write a longer review.

---

## **Hannah Russell says**

It's really cool (should i even use that word?) to see the art style develop and become more complex as the series progresses.

### **About the book**

*All-around average teenager Tsukune can't get accepted to any high school save one...but on his first day he finds the rest of the student body doesn't appear average in the least. Best of all, the cutest girl on campus can't wait to fling her arms around his neck! Wait a sec'--are those her teeth around his neck too...? Tsukune's going to have one heck of a hickey when he gets home from Monster High! But does he have a chance in H E double hockey sticks of raising his grades at a school where the turf war isn't between the jocks and the nerds but the vampires and the werewolves?*

### **My opinion**

I have gotten to the point where I need to forget about the anime as they are so similar yet so different. In this volume I had been set on what would happen and I'm surprised and kind of happy that what I thought wasn't the case. Now I have to keep reading to find out what is going to happen to this motley crew of monsters.

There is a lot less action than the previous volume which is really good as it allows for a "breather" to recoup from such an intense volume.

Definitely haven't given up on the series and will keep reading

---

## **Kate says**

can he just friggin pick a girl already??!?!?

---

## **Jessica says**

Continuing on with the tradition of this series of having the teachers and other authority figures cast in a negative light. At best, we have the homeroom teacher who is either willfully ignorant of what goes on, or willingly putting her students in danger and the bus driver who is plain creepy. Then there is Gin, the editor of the school newspaper, a werewolf and horn-dog who tried to blackmail Tsukune. Then there is the nasty group of student enforcers who bully, abuse and maybe even kill students. Finally, we have the string of

downright EVIL teachers and administrators, one being a Medusa, who was freezing students in stone, another was a molester, potential rapist and almost murderer, while the nurse was abusing her "harm none" dictum, by physically manipulating students and teachers into performing unconscionable acts. Maybe the author has issues with authority figures.

On another issue, it was nice to see how the effects and abilities that come with Tsukune drinking Moka's blood. The future promises to be interesting.

---

### **Andrea Evans says**

Moka is kidnapped as bait for Tsukune by the Monstrels who want revenge. Moka's other side tells Tsukune he needs to leave and go to human world or he will die while battling the monstrels. Tsukune has to have another donation of blood after saving Moka. He turns into a Ghoul. He goes crazy and starts to kill Monstrels. Moka tries to kill him. Ruby brings an exorcist who saves Tsukune. Moka is attacked.

---

### **Lauren says**

There was a fun playfulness about this series that I really enjoyed. The author threw in a healthy mix of comedic relief to each character and I loved how there were so many completely opposite personalities.

---

### **I'mogén says**

I loved revisiting this wacky, and overly perverse world (Hey, gotta appeal to the fans, right? :P ) As mentioned in previous R+V reviews, it follows the same/similar formulae each volume. Will the baddies never learn?! Tskune or Moka will kick everyone's butts, but Tskune + Moka = TOTAL DESTRUCTION!!!

I'm sure everyone will realize that sooner or later and allow the guys to live peacefully and complete their schooling nicely.

This particular translation, that I read via Mangareader.net, was a little dodgey, but I mean, I got the jist of what was being said.

The art style is something I enjoyed again, and I love the full page colour spreads!

Pick it up, give it a go and enjoy! ^^  
Gén

---

### **Author says**

I'm really beginning to be interested in the characters and their stories. I like the way the author writes the drawings are good too. I think this manga could become addicting because you know it's building to

something, and while you might have an idea, you can't be sure. I'm definitely wanting to keep reading.

---

### **Miss Ryoko says**

Wow!! Didn't see this serious volume coming! I am SO happy to see Tsukune suffered consequences from Moka's blood transfusions. I thought for sure because he's the "hero" that he'd somehow hero is way out of that...but I'm happy to say he didn't.

I wonder what will happen now! I'm glad this series improved and didn't start sucking worse than the first volume (despite it's predictability even still). That's good news, right? Still, I am unsure if I will read Season II after I finish up these ten volumes. We will see once I reach the 10th volume, I suppose.
