### **Kim says**

Rafe wins Evelyn a virgin in a bet with Evelyn's fahter, and Evelyn's ok with it because she has secretly longed for Rafe for years. Would have been a better story with more detail and length.

This 3rd novella in the erotic "Sin" trilogy by Jess Michael's was my favorite! When I saw that is was going to be about Juliana's sister Evelyn and Raphael "Sin" Sinclair I got really excited. We know from book 2 that Evelyn was given as payment to Sinclair for unpaid gambling debts by her father. We also know that Juliana is desperately searching for her sister and imagining the worst. I began this book eagerly anticipating what would happen next. Well, JM certainly delivered a scorching hot finale to this story line. I loved the way things played out between Evelyn and Sin. Their connection, both physical and emotional, just kept growing and growing. The passion between them was so incredibly steamy with a slight BDSM edge (no pain involved) that I was surprised my kindle didn't go up in flames! I will continue to read all things Jess Michaels.

Evelyn Greville, the younger sister of Juliana, was given to Raphael "Sin" Sinclair as a payment. What she didn't expect was for Sin to find her journal where all her wicked thoughts seems to have been written down and Sin is the one who will teach her. When I first read this novella, I thought that the reason Raphael wanted Evelyn was because she was an innocent but there was more to it. A past that involves his father, her father and revenge.

Each book of this series was hot and steamy. I just really wish that it wasn't a novella because then Jess could have written more about the characters and the past.

### **Greselley says**

It was a hot, hot, hot book! Should have a glass of water ready before you start reading. I certainly don't like BDSM since I think it lacks emotions but in here, I can truly feel the passion in every moment. Jess Michaels really never fails to surprise me in every book of hers. And she could brought such a great story in just few pages. This series is a proof to that. And this story is definitely a nice way to end such wonderful series.

I must say that I loved this series and I'm glad I finally read it. Once again the love scenes in this book were

extremely HOT. I also felt a lot of the emotions that the H&H went through. This was a very good ending to a very good series.

I LOVE Jess Michaels...I think her style is economical bt incredibly effective. I love that she builds up the momentum in her books to such a degree that it doesnot cheapen the storyline...I like that her stories have substance and emotion. I LOVE the SIN trilogy, wonderfully uplifting stories.
