Sugar and Spice Jean Ure

The latest fabulous story by Jean Ure, a must for any girl's collection! At Parkfield High no one would have thought nerdy Ruth and super-cool Shayanne would be friends – but maybe there's more to Shayanne than meets the eye.

Ruth is not enjoying her new school. Things were fine at her junior school, but here at Parkfield High, if you're not in a gang you're no one. Even her old mates don't want to know her any more and the bullies are making her life a misery.

Enter Shayanne, the new girl. Shayanne is cool, collected and doesn't give a stuff about any silly gangs. Ruth is astonished and delighted when Shay pals up with her. The bullies leave her alone and it's great to have a special friend again. But is the supercool Shay as together as she thinks, and why has she been excluded from two other schools?

i learned to appreciate my friends regardless of their characters...

Sumayyah says

funny comedy adventure and action!! good!! rut(the geeky one) is not enjoying school, as she has not friends. but when the new girls shayanne comes in everything starts to hop up. sayanne is cool, doesn't give a damn about homework. her mum and dad are vampires. (weird) and Ruth stops getting bullied in school, all thanks to shayanne. when the two of them get together, Ruth's mum is not pleased. she thinks that the girls is trouble. when they have a bit of fun they get caught and her mum was right she was trouble.

Book I read when I was a preteen

Gauri Godale says

frinds mean a lot!

Elephants says

This book was a great way of showing friendship. But I've read these kind of stories before. So it was slightly boring.

Quraishah says

what a cute book! its just lovely :)

Tara Calaby says

This was pretty predictable, and I don't think it's just because of my age. Rather, I have read a very similar ~twist~ in at least two other junior/ya books this year.

That said, it's always good to have books set in worlds where kids don't have perfect families with plenty of money, and don't go to schools where everyone's nice and you're encouraged to learn.
