Maureen says

A shorter story within the June Heal series but well written and thought out. It provides the necessary plot development to take us to the nextnlevel without gaps makes the series flow. This volume is only available in an electronic format. Some of the action involves conflict with the relatives over wedding plans , a theme known well by many from real life. They also.invol e the usual elements ofagic and mystery readers have come to rely on. Generallywell done and worth the read both for the plot development and general entertainment. .

Ellen White says

Last minute plans for a wedding now to have them arguing over which spiritual rituals will be done.Dark Spider versus Good Spider. June and Oscar just want to get married, they didn't grow up with spiritualists knowledge. Fun, light hearted will they get their wedding, enjoyable to read

Susan Miller says

Again. Words left out and the wrong words in some sentences. C'mon, get it right!!!

Too many errors in the this book also. We can't just one book come out without any errors?? That would be nice

Christine Lee says

I received a digital copy in exchange for an honest review.

The big day is finally here! June and Oscar have been through so much to get to this point! Light-sider, dark-sider, June cares less about the rituals involved in her wedding, than she does her (Charming Death) do us part! Will bickering aunts and mischievous pranks get in her way?

This story is a wonderful addition to Tonya Kappes' Charming Mysteries, and provides a great lead-in to the next full-length novel.

Tonya Kappes takes us back to Whispering Falls as the town prepares for their big celebration, as well as

June and Oscar's wedding. I love Whispering Falls, and Halloween is my favorite time to visit. Kappes' detailed descriptions build a very rich and vivid landscape for the latest troubles that threaten to ruin June's big day. The colorful characters and secrets once again make for a magnificent story!

Dianne Jessie says

Tonya has created a magical community of wonderful characters who feel like friends. It is always wonderful to return to the world of Whispering Falls!

It is supposed to be the happiest of times for June Heal. Tomorrow is Halloween and her wedding day! But all is not right in June's world or Whispering Falls. The Aunts are fighting about the wedding ceremony, the Karmina sisters are on her last nerve, there is an unsettled feeling in the air, and wherever Prince Charming appears there is a small yellow ball as well.

Do Tonya and Oscar get their happy ever after? Are the issues between the Aunts resolved? You will have to read "A Charming Death" to find out!

A Different Sort of Nuptials

A short but charming tail of nuptials in Mystic Falls , a familiar, crystal ball, ghosts,a town of spiritualists and a host of love. What a fabulous writer Ms.Kappes is.? Kat

Krissy Smith says

Tonya Kappes does not disappoint with A Charming Death. She finally gives the readers the wedding of the century we have all been waiting for in true Whispering Falls style. All of our favorite Whispering Falls characters come together to celebrate our favorite couple, June and Oscar, and give them the wedding of their dreams. Of course a wedding wouldn't be a wedding without some good old fashioned family drama. Come sit down, grab a June's gem, a cup of hot tea, and take a stroll through June and Oscar's wedding day.

I absolutely love Tonya Kappes' books! This story is from her Magical Cures Mystery Series which is my favorite. As usual - I loved it! Tonya has a wonderful talent for describing scenery and everything that happens in her novels and this was especially fun in this story because of all of the Halloween decorations that filled the streets of Whispering Falls.(I felt like I was there!) The ending made me teary eyed and I can't wait to see what is in store for June,Oscar and all of the other fun characters in Whispering Falls. If you haven't read any books in this series, I highly recommend it.

Tami Schafer says

Andrea says

I enjoyed this novelette in which Oscar and June finally got married! There was just enough of a mystery to whet my appetite for the next book, but it was the beautiful wedding storyline I enjoyed most. I've been rooting for this couple for what feels like years, and I'm so happy they are finally married! This book was a wonderful mix of mystery and romance, which was just what I needed to get me back to reading.

Loretta says

Whispering Falls was decorating for Halloween. All of the stores getting ready for the tourist. June and Oscar plan to be married on Halloween whe the two aunts, Eloise and Helen start arguing because June and Oscar want to have an American Indian ceremony. Problems start happening that could stop the wedding!

Couldn't put this down

This short story was so good. A little snippet of the next book and what to expect. I downloaded this book in red in a few hours without putting it down. Can't wait to start the next book

Sandy Bartles says

I love the June Heal series and have been waiting a long time for the wedding of June and Oscar. I think the author waited just the right amount of time to spring this Halloween wedding on us. I enjoyed how the aunts disagreed on the plans for the wedding, causing more problems for the couple. It kept us on our toes, wondering how it was going to turn out. You never know how things are going to turn out in the town of Whispering Falls.

Sue Ross says

Who doesn't like a wedding? No one I can think of and this wedding is no different. Well, except for the fact

that is taking place in Whispering Falls, a mystic community and the bride and groom are Light Siders and Dark Siders. So what could possibly go wrong? A lot of course.

This is a short read and a fun read by Tonya Kappes. The whole series is so charming and light, mixed with some magic. I have enjoyed each book so far and I look forward to the next one in the series. I hope it will continue for a long time.
