Amazon Elastic Compute Cloud: User Guide for Linux Instances Amazon Web Services

This is official Amazon Web Services (AWS) documentation for Amazon EC2. Amazon EC2 provides resizable computing capacity in the cloud. This guide describes the infrastructure provided by Amazon EC2 and demonstrates how to create and manage virtual servers, called EC2 instances, in the cloud. This documentation is offered here as a free Kindle book, or you can read it online or in PDF format at <https://aws.amazon.com/documentation/...>
