## Chloe's New Beginning Alicia White

Chloe Novikov thought she lost everything when her husband, Conner, died in a motorcycle accident. They only had five years together, but she thought she knew everything about him. When she gets a visit from a lawyer, she's shocked to realize that there are a lot of secrets he kept from her.

Adam and Brandon Novikov have been waiting a long time to meet their mate. Conner, their youngest brother, went out with high hopes of finding her, and he did, but he refused to bring her home where she belonged. When Chloe comes to Alaska to meet her late husband's family, the men are unsure of how to handle things.

This is the story of one woman's loss and how things change when secrets are revealed.

### **Brittany says**

Just did not like this one. Chloe starts off being all sad because her husband dies and then she ends up in bed with two other guys a day after she meets them. Really? Then it felt like the characters were not developed and not much of a story. Just rushed all around.

---

### **Khenta says**

Wasted money. The first chapter was very good, but the rest of the novel didn't live up to it. The female MC turns from grieving widow to eager participant in menage sex in the course of one day. The male characters turn out to be alpholes who behave condescendingly to the women.

And what's with the kidnapping and imprisoning of prospective mates? I don't think that even for a PNR that's acceptable behaviour.

And to top it all off, a faulty kindle file that had large paragraphs of chapters 10 - 12 missing. Although, in all fairness, that's probably not the author's fault.

### **Rose Leigh says**

Wide eyed and enthralled would have described me yesterday during my down day. (Hey! We all need them.) The beginning of the book had me crying. The death of her husband was heartwrenching, and the way the author caught a moment in which the heroine was lost in thoughts and feelings really caught me because that is hard to truly do. The story was a beautiful one that did include a very fast recovery for that pain thanks to pheromones and mating instinct. I started it yesterday, and I couldn't put it down.

### **Camile Carson says**

I am an Alicia White Fan! Chloe's New Beginning did not disappoint. I love her attention to detail and the riveting on the edge of your seat passion that she pours into every scene. Dramatic, passionate, sensual - everything a great romance novels deserves is served up in Chloe. A must buy and read! BUY

### **Beverly Price says**

It was sad that she lost her first love, but I loved how a sad beginning grew into a great ending! Great read!

---

### **Tia says**

I absolutely love these Alaskan Shifter books. They never seem to fail or disappoint. I loved that it started off with Chloe, however the whole Conner thing was just horribly sad. I definitely shed some tears from that. The scenes in the book with sex were mild but still very passionate and erotic. The ending of the novel was just as good, so it's definitely a novel to be reckoned with!

### **Melissa Kendall says**

[

Chloe's husband of five years Connor dies and she is wrecked with grief. Then about a month after his death she gets a letter in his will that tells her to go Alaska and see his family right now.

This I don't have a problem with.

What I do have a problem with is when she gets to Alaska she meets her dead husbands brothers and with in a da

### **Anna says**

Definitely sexy but a bit disappointing in places. I didn't like how Chloe flicks a switch a one point, stops being a grieving widow and becomes fully and sexually interested in Brandon and Adam without further thought for Conner and I disliked that Conner is barely mentioned from there on out. I also didn't like how it appeared a month after his death no one in his family except for Chloe was actually grieving Conner. A nice sweet romance that was missing a few too many emotional connections for me.

---

### **The BookChick says**

\*Sigh\*....someone really needs to invent the GR half star system. I rate this book a 3.5 but I'll round up for this book. This was a polar bear shifter story that wasn't uber sexy but was sweet. I would have like a bit more conflict in the story either between Chloe and the brothers or external forces. Notwithstanding, it was a solid and enjoyable story.

---

### **Tammy says**

Wonderful book, very touching cant wait to read book two

---

### **Emily says**

Chloe Novikov knows she is drowning, the death of her husband has consumed her with a feeling of emptiness. When she receives a letter from her husband explaining he wants her to finally meet his family and start fresh, she sees this as a sign. Chloe never expected brother Adam and Brandon Novikov to look so much like her husband, although they are brothers the sense of calming she feels with them near is comforting.

Adam and Brandon waited five long years for their mate to arrive. No one knows the real reason Connor never brought her back before his death but Adam and Brandon have no intention of letting her go now that they have her where they want her, between them.

So I wasn't sure what to expect by this shifter story, with the younger brother sent to find their mate and never telling her about his life. Alpha Adam I wasn't sure about in the beginning because he was pretty domineering, but once Chloe enters the picture he is a bit of a softie. Brandon was a smooth operator, very intense and there is no doubting his feelings. I would definitely pick up more in this series.

### **Jacqueline J says**

This one should really be less than one star. Plot? Not so you'd notice. Proper use of English? No real grasp of correct verb tenses. Dialog? Corny and stilted. This could have been stellar. The idea was extremely interesting. Grieving widow goes to meet her dead husband's family. Turns out they are shifters who were intended to share the woman but the husband for no reason reneged and kept her to himself. So now when she finally meets the brothers, the very next day mind you, she gets it on with one brother in the bath and then goes naked to eat breakfast with the other brother. Within 2 days she is doing a DP scene with both of them. What about the grieving? What about any sort of "holy shit I'm a slut for sleeping with my brothers-in-law within 12 hours of meeting them?" What kind of a person would think that was acceptable behavior upon meeting the in-laws? No one except a drug 'ho, that's who.

Totally ludicrous and the sex scenes were ordinary and way too much too often. Very little of the shifter world very little world building of any sort. No plot. I wanted to quit about half way in but made myself finish because I'd spent money on it. I really can't convey how stupid and poorly written it was. I suppose your mileage may vary.

### **Peg says**

**To new beginnings**

Chloe lost her husband in a motorcycle accident, she felt devastated. Per his last request, she finally gets to meet his family. This story had me hooked to the end, it's about finding love, finding out about shifters, and most importantly finding out about mates. I recommend this book to anyone loving all shifters.
