## Clamp School Detectives, Vol. 02 CLAMP

The CLAMP School is famous not just for being the world's most prestigious academy, but also for its students' penchant for partying. With so much going on, there's plenty of opportunity for something to go wrong, fortunately the CLAMP School Detectives are eager to protect all the school's goings on.

## **From Reader Review Clamp School Detectives, Vol. 02 for online ebook**

### **S Hiba says**

I swear to God this was one of the most silly things I've ever read

But it was cute and it was CLAMP and you know what it was nice to read about boys who respect women so much like shit I was falling love with these kids

---

### **Bine says**

Süße Charaktere, nette Geschichten, die aber leider keinen großen Eindruck bei mir hinterlassen hat. Alles ganz niedlich, aber kein Must-Read.

---

### **Rahmah says**

Masih menceritakan tentang OSIS SD + Klub Detektif Clamp School. Sebenarnya buat ukuran mini-series gini agak gimana gitu kalau ada romance yang kurang pas. Tapi dikomik ini, cuma Nokoru yang nggak dipasangin sama cewek ya :).

Btw,, terjemahan untuk nama panggilan banyak kesalahannya dikomik ini. Kayak Suoh atau Suo. Sebenarnya Akira itu manggil Suo, Takamura atau nama kecilnya? Mungkin menurutku aja ini agak mengganggu, karena namakan juga salah satu hal penting. Untuk lainnya karena nggak baca versi Jepang dan juga nggak ngerti kalau disuruh baca :p, jadi cukup paham ^^.

---

### **Catherine Mustread says**

Had trouble telling the characters apart....

---

### **Nastasia says**

3.5

---

### **Agnes says**

Suoh met his love :)

---

### **Lissibith says**

Another cute volume. Though even more than in the first volume, there's some stuff in here that just \*doesn't\* make sense, and you don't just need to suspend your disbelief, you need to manacle it to the wall (or just laugh, which is what I did in the end). As an example, at one point in this, the chairwoman of Clamp School creates a device to get aerial views of the campus. This device can go at varying speeds and give a good overview of the ground below. Seems legit so far, right?

The device is a missile. A missile whose speed can be controlled. And which can go so slowly it's drifting like a blimp, but can also go so fast that its passing can damage stuff it passes. Uh... huh.

Aside from that there's a bit of cute character development in episodic form, a new girlfriend for one of our main trio and lots of helping damsels in distress (even the completely irrational ones who probably should receive some sort of punishment for what counts as at least assault). That sort of awkward feeling never quite goes away so I can't entirely enjoy this for what it is, but there's definitely some fun moments and when a story hits all its marks, it can actually be very sweet.

Clamp School Detectives, Book 2 by Clamp (2003)

---

### **Mike says**

Given the episodic nature of most of the chapters and the frequent recounting of the premise the first volume isn't a prerequisite to read/enjoy this one.

The perfect trio of sixth graders is back to solve more "mysteries" regarding to the unhappiness of any and all "damsels in distress."

I wasn't a big fan of volume 1, finding the protagonists unnecessarily flawless and the stories mostly uninteresting. There was potential though, and I'm happy to say volume 2 capitalizes on it to a degree. One of the four chapters is more of the same, but the other three branch out a little to good effect. More time is given to character development and as a result the individual tales have more depth and appeal. I particularly liked the ghost story and the chapter that focused on Suoh.

Though still suffering some of the issues that plagued the early chapters they are less frequent here and

overall volume 2 of Clamp School Detectives is a much more enjoyable read.

---

### **Starbubbles says**

the funness continues! plus, the poster inside all three books is a fun treat! i wish that clamp would give out credit to who did what in later series like they do in their earlier works.
