Watch out for Blair

Different to say the least. Book 2 picked up on the cliff hanger book 1 left us on. Blair is gathering her wits about her self and figuring out where and who she wants to be. This is a light quick read that was enjoyable even though the author could've been a little more detailed in the writing.

Blair is coming into her own.

Can't wait to read more about the daughters of darkness. Will all sisters ever meet up and take Vlad out? Just wish there was a way I could stay up to date with all the authors about this series. Can't wait for the next book about Blair.

Kiana Dillahunt says

Love it

Very good series can't wait for book three, I'm reading her sisters books now excited for more to come from Blair.

Outstanding!!!

I started out by reading Daughters of Darkness, which piqued my interest immensely! I was not disappointed by the follow up of Blair's story and the meeting of her father Vladimir. I am off to buy the remaining books about the rest of Vlad's Daughters and can't wait to see what their reunions will reveal. I have to say that I really enjoyed this book and wholeheartedly recommend it to anyone that's looking for a good book to settle into for awhile.

Shifter Adventure

Good fast paced action adventure. Romance. Makes you want to read the next one. I read the first book first which lead me to this one.

Story was good but seemed choppy. I wouldn't rate this as an adult paranormal. The "steamy" scenes consisted of "We kissed deeply. He carried me to the bed and we left hours later."

Quite a few wrong words like me instead of my etc but nothing that made me want to stop reading.
I didn't enjoy it enough to continue reading the rest of the series though.

Vanessa says

I think this was a good sequel.

The story evolved really quick, but I don't necessarily see this as a negative. The fast romance was unrealistic from my point of view, but okay!

I liked Tristan in the beginning so I was a bit sad that he turned out to be such an ass, but oh well. It can't be helped.

Since the story is so fast and the book is very short I'm missing the character development and the dynamics of the relationships between our main characters.

Overall it was nice and I enjoyed it!

Gabrielle says

I loved this!! I could not read this fast enough. If you loved the first one like I did then this one will not let you down. Simply perfection.

Jack Washburn says

Always the cliffhanger.

I am working my way through all of the books. I already have book three. These are great stories. I can't wait until all of the sisters get together.

After having only read Blair's first 2 parts and prequel....

LIKED: the story plot ; the use of hybrid supes - witch/vamp, witch/wolf- for the main characters; speedy progression of the story; opportunity for so much more story to add in in the future of the series.

DIDN'T LIKE: frequent spelling, word errors; lack of descriptive detail (except in sex scenes) in order to keep the story short ; too much info about the separate parts could have been more time spent on the story instead ; story fails to get my empathy for the characters bcz it is too brief;

!!!! NOTE TO AUTHORS : Please inform fans of how many parts are planned for the Daughters series, to help us determine if it's worth blindly spending the \$\$\$\$\$

(for example 4 parts for 4 separate main characters is 16 @ \$4 each =) almost a fortune spent on un-edited short stories.....see what i mean?

HATED: Separating already short stories into so many parts, and then separating again for differing protagonists, just gets more confusing; bcz of all the "free sampling" of chapters in each book (part) & added info explaining the separated parts, included in every book, adds up to more confusion than necessary for prospective buyers.
