Dirty Rowdy Thing

Christina Lauren

Dirty Rowdy Thing Christina Lauren

Despite their rowdy hookups, Harlow and Finn don't even *like* each other...which would explain why their marriage lasted only twelve hours. He needs to be in charge and takes whatever he wants. She lives by the *Want-something-done? Do-it-yourself mantra*. Maybe she's too similar to the rugged fisherman—or just what he needs.

Amy (Foxy) says

Fanning myself The book lived up to its title ->**DIRTY ROWDY THING**. Finn had some mad skills with his mouth and **Harlow** was no shy thing when it came to cutting loose.

I didn't read book one in this series *but I will be now that I finished this one*. Even though, I came into this book with no previous knowledge, I didn't have any trouble catching on with what was happening and "had" happened in the first book. All that to say- even if you haven't read book one you can start with this one.

Harlow has come up with categories for potential lovers:

- ◆ **The Manhower** (dirty rock star, muscled quarterback, even the occasional irresistible hot nerd).
- ◆ **The Misunderstood** (artist, a quiet surfer, or a soulful musician).
- ◆ **The Mama's boy** (drives mom's hand-me-down Lexus and keeps it in pristine condition).
- ◆ Then there's Finn who doesn't fit into any of Harlow's categories.

A second chance romance?! Perhaps, it might be better to say this is Finn & Harlow's third or fourth chance romance. These two are reacquainted after Finn comes to town for business and attend his friends grand opening of a new store. Each, Finn and Harlow, harbor a secret that they don't feel like sharing with others. Both just want a detached relationship where they can forget their responsibilities and relieve tension with some "naked wrestling."

The no strings attached arrangement becomes blurred when they realize that they are each other's "person."

Christina Lauren's have hit the spot. I'm looking forward to reading the first book and learning about Ansel aka "Sweet Filthy Boy." And, of course, I want Oliver's book that will be coming out in 2015. Every once in awhile a book comes along that has the right amount of sexy times and plot... DIRTY ROWDY THING is that book.

SERIES:

Dark Wild Night

1 - Ansel | 2 - Finn | 3 - Oliver

3 Underwhelming Stars

I have come to the conclusion that I really don't like this series as much as the Bastard series and I am not sure if I will be continuing on with it. Harlow and Finn were married in Vegas, and other than spending a hot and sweaty weekend together after the annulment, they haven't seen each other for a while. When Finn comes to town for the opening of Oscar's comic shop, they are once again reunited. Although the **sex scenes were smoking hot**, I didn't feel any emotional connection to these two. Finn wasn't particularly swoon worthy in my eyes and he displayed some twatish behaviour towards the end which further decreased his appeal. This book had a few of the old cliches that have been overdone, and I found it a tad on the boring side.

The second half of the book was much better than the first, I enjoyed the scenes in Canada with the Fisher Brothers and Finn's dad.

Overall, it was an **OK** read :)

Catarina says

4 Sexy Stars.

In this second installment we have the story of Finn and Harlow. They also got married in Vegas but they annulled it in the morning after.

However, as a form of celebration, they spent a weekend in Vancouver having amazing sex, because that's one aspect they are pretty great together.

When they meet again in Las Vegas, where Finn has some business to take care they decided on friends on benefits. Although the friends part isn't that important because they don't like each other that much.

But when their personal lives start to interfere and they start to know each other better, they realize they have feelings for each other and that the friends part may be actually real. Even more, possibly.

The problem is, in order for them to be happy together they have to fight their differences, their jobs, the distance and the biggest problem: themselves.

This book delivered exactly what I was expecting. It was fun, steamy and easy to read. It was a pretty well written and entertaining story, although sometimes I felt it gave too much importance to the sexual aspect and disregarded their story a little.

However, if you liked the previous book, you probably should read this one too.

Rating: 4 Star.

Characters Development: Finn was good, he was honest and sexy but sometimes he came out as little immature. I mean, for a 32 year old guy he should man-up more. Most of the time, Harlow had more balls than him, and she is 10 years younger. Harlow was a big surprise for me, I didn't expect to like her so much. She as an amazing friend, loyal and pretty mature for her age. I loved the fact they were so connected to their families, I come from a gigantic family so I always love to see that aspect in books. However, Oliver and Lola always were my favorite couple, so I'm anxious for their story the most.

Steam: Hot. Finn as a dirty mouth and a taste for silky ropes.

Sensible Subjects: (view spoiler)

Love Triangle: (view spoiler)

Cheating: (view spoiler)

HEA: (view spoiler)

3.5 stars

I enjoyed this, but my heart belongs to Ansel:) If I got to choose, the sweet, filthy boy would be mine!!

Thanks to the ladies from the buddy read! It was a fun one:)

My thoughts before reading:),

<https://www.goodreads.com/topic/show/...>

So, Finn is rugged, dirty, rowdy, and likes to take charge? No wonder I'm so excited about this book release:)

Buddy read for Tuesday:))

Lucia says

“He could only do rowdy because he felt what I felt: that whip-crack unleashing that comes when you meet the person who frees you.”

Harlow. The most straightforward heroine ever. When she knows what she wants, she goes for it. No games. No pretense. No over-thinking. I loved that about her. She was such a real character. Sweet, caring, confident with plenty of feelings which she was not afraid to show to people.

Finn. Manly, sexy, loyal and proud but down to the earth man. Quiet outside, but wild in the bedroom. He

did it for me big time. And I have to admit that I liked him better and found him even sexier than Ansel from Sweet Filthy Boy (plus Finn did not mess up in such a big way as Ansel did).

Scorching sex and dirty words. These authors definitely know how to write steamy scenes. Are you in mood for steamy romance without too much angst or drama? What are you waiting for? Read this book. No one writes better leisure stories than duo Christina Lauren. Their stories always make me smile and lighten my mood. Keep them coming ladies!

4.5 Holy Hotness Stars

Well, well, well...I thought I loved Ansel until I met Finn. It was tough to pick a favorite, but this Dirty boy had me at get the rope. LOL

Finn and Harlow are together again. Despite having been married, shared many earthshaking orgasms, these two know nothing about each other. Finn thinks Harlow is a rich princess who's main focus is shopping and Harlow thinks Finn is a roughneck.

It may take them awhile to see it, but I could immediately see how these two were perfect for each other. Harlow may come off as abrupt, but she is one of the most caring people. She loves her family and friends fiercely and she is extremely loyal to those she loves. Finn has been caring the weight of his family for years, and doesn't know how to step back and let someone care about him.

What Finn does know how to do, yes he is an expert in dirty talk, a rope, and all things rowdy.

These two finally get a chance to know each other and spend time together while Finn is in town for work. He is very closed off and refuses to open up and share about his problems, but as their relationship progresses he opens up and we get to see the real Finn. Despite a very real connection these two have so much to overcome. The first being neither knows how to be in a real relationship and the fact that they live in separate countries.

I seriously loved this story and this couple. It is such a fun read. Harlow is hilarious and had me laughing out. Finn is sexy and completely swoon worthy. This is a fun, very sexy read that will leave you with a happy ending. (pun intended)

I highly recommend this one!

**** 4 "cinnamon rolls" STARS ****

"He could only do rowdy because he felt what I felt; that whip-crack unleashing that comes when you meet the person who frees you."

~ HARLOW

I knew I'd love this!

Sure, there were minor things that bothered me -hence the minus 1 star- but overall, this was a very enjoyable and light read, which was what I was looking for in the first place anyway!

As we all know from Sweet Filthy Boy, **Harlow Vega** and **Finn Roberts** have met in Vegas, had a *crazy* night together with their best friends, got married, stayed married for 12 hours and then did the most sensible thing and got an annulment the very next day.

When Finn comes to California for business and also to visit one of his best friends, Oliver, all Harlow can think about is that she wants some more of that candy...*if you know what I mean.*

Both Finn and Harlow have problems in their own lives that they prefer to keep to themselves, so they choose each other as a distraction from everything else that's going on in the background. They choose to quiet their worries and troubles by touching and kissing and well...other things.

AND IT'S SO DAMN HAWT!!

But keeping it casual will not be easy for these two... As they start to get to know each other, they both realize how much they actually like being around each other. And when the thing they think they do best, having sex, even gets too raw and emotional, Finn and Harlow feel like they've been hit by a lightning.

"Stay. Let me...fuck, I don't know. Set up a bath for you, or...just stay here. It was intense. Wasn't it intense?"

It was. It was so intense that I'm suddenly second-guessing everything that brought me here.
~ HARLOW

They try to resist each other. They try to be just friends. They lie to themselves that *this* is nothing special... But at the end, it becomes too obvious for even them not to see that they are inescapably in love with each other.

"I have no idea how it happened, but I like Harlow Vega. A lot. I respect her. I want to get to know her. I want to fuck her for reasons that have nothing to do with distraction or my instinctive need to release semen.

I am so royally fucked.

~ FINN

Will this unlikely couple survive all the difficulties and succeed to blaze away at any obstacle in their path, in order to be together?

Harlow was a great female lead for most of the book. I liked her, I did. Except she ruined it at the last 10% of the book:

(view spoiler)

Finn was a bit too quiet and serious throughout the book, so I'm sure most people didn't like him that much, but I actually found his lack of chatter rather hot... I've always been into the loner kind of guys, so yeah...*giggles*

And I'm sure the fact that I imagined Finn as Henry Cavill the whole time must have helped a lot with the way I feel towards him LOL

My opinion about Finn also changed drastically along with Harlow at the last 10% of the book, because of his assholish and insensitive ways. I wanted to slap him so hard for a few times, yeah. But I couldn't stay mad so long, because...well, look at that face...

By the way, can we all agree that Harlow's dad is **THE COOLEST DAD IN THE WORLD?** I might have swooned a bit for him, too...

And **Not-Joe**! He was the **BEST** thing about this book! He stole every scene he was in, he was a total rockstar! **WE NEED A BOOK FOR HIM TOO!**

I can't wait for Oliver and Lola's book! The wait till September 2015 (**YEAH. NO KIDDING. ANNOYING. I KNOW.**) will be like *TORTURE!*

P.S: Thanks so much to my new buddy **Maida** for sending me the bonus scene at the end of the book, that was only included in the Audio version! **YOU ARE TOO AWESOME FOR WORDS!** ♥

Rachel Reads Ravenously says

4 stars

“Finn could break your vagina and be just handy enough to put it back together.”

Dirty Rowdy Thing is the story of Harlow and Finn. Harlow is the daughter of Hollywood royalty and Finn is a Canadian fisherman. In the last book Harlow and Finn got married alongside Mia and Ansel in Vegas, but after a 12 hour sex romp they went ahead and got an annulment. There were no hard feelings between them, Harlow even visited Finn up in Canada for another sex trip. One which after they were done, he promptly called her a cab.

Fast forward a couple months later and Harlow runs into Finn in a Starbucks in her hometown in San Diego. Finn is in town on "business" and staying with their mutual friend Oliver for an indefinite amount of time. Harlow and Finn come to the decision that they should continue their friends with benefits scenario. But it's not long until they begin to feel more for each other.

Well, this book was certainly dirty. Especially Finn and his dirty talk and affinity for tying Harlow up. I liked this a lot more than the last book because the last book was all about role playing. And I HATE role playing. This is what I see when I think of role playing:

And this is what I see when Finn ties people up:

Much classier, yes?

I digress.

Unlike the last book I really liked the characters for who they were in this book. Harlow is a strong, confident and loyal woman. She may be privileged but she's not spoiled. Harlow doesn't always have to understand her friends to love them. I liked that she was a fighter and had a bit of a vulnerability about her. She was also freaking funny.

“Come in. Sit anywhere but on the bed. Don’t look cute, don’t get undressed, and don’t touch my underwear.”

Finn is a stoic guy, but very insightful. He's a caring friend if not always vocal about it. He also see's Harlow for who she really is, except when he's teasing her about what he knows she isn't.

Like the first book, this book has the main characters keeping secrets from each other. I won't tell you the secrets because that would be spoilerizing, but I felt the characters made similar types of mistakes in this book that Ansel and Mia made. Just on a different level.

My only issue with this book? Finn at the end. For those of you who've read this, you know what I'm talking about.

(view spoiler)

The ending was a bit abrupt, I would have liked to see an epilogue. But I guess I'll have to wait until 2015 for that. Boo!

4,5 HOT STARS

Girls leave whatever you're reading and start this now! The first book was good...but this one...OMG...It was amazing!This series is getting better and better! What can I say? The chemistry between the characters was amazing, the sex so hot and there were funny moments! It was exactly what I needed!Ladies be prepared...Finn is here to captivate you!

Finn and Harlow got married in Vegas for 12 hours when they were with their friends in Vegas. Unlike Ansel and Mia, Finn and Harlow annulled their marriage and that was the end of their relationship.They have gotten together again for a hookup but that's it.They haven't seen each other since then, Finn is here for a couple of weeks.They start to spent time together having hot sex...

But can they keep their feelings in check, or will they want more?

I thought Ansel was hot...but wait till you meet Finn and get to know him better! This man will make you feel hot all the time! Finn...mmmm he is so hot,cocky,alpha male and sexy! He isn't the type of man with roses...But he can keep your interested with other things!

Harlow is funny and so smart!!!I connected with her from the beginning!!The chemistry bettween them is of

the charts!!!OMG they were perfect for each other!!!Both characters are dealing with family issues and I liked a lot the scenes that involved them with their families.
Harlow and Finn cares so much for their families!!!This make me love them even more!!The sex is so hot and very kinky.I liked it a lot!!!Finn has a thing for rope :)))

If you haven't read this series, I think now it's the time to start it!!! :) I highly recommend it to everyone!! I can't wait for Oliver and Lola <3 <3

J *deep in the heart of Texas* says

4--**Dirty**--Stars!!!

Overall, I enjoyed this addition to the Wild Seasons series. Dirty Rowdy had the same terrific banter that Christina Lauren bring to all of their books. And the steam....

Finn was a deliciously dirty boy!

All was well until about the 75% mark and the conflict hit.

"I am the biggest, most self-absorbed asshole of all time."

Yes Finn, I would have to agree...

I was disappointed in my dirty boy Finn!

Still a fun and entertaining read! And I'll definitely continue on with the series!

Jennifer Kyle says

4 STARS

"I'm not sure if being with Finn is an escape, or a new dangerous obsession."

I really enjoyed this one it's funny and sexy.

I need one of these shirts and preferably with an actual Robertson Brother in it.

"He could only do rowdy because he felt what I felt; that whip-crack unleashing that comes when you meet the person who frees you."

Harlow is hilarious and Finn is the quiet type and together they find that they fit perfectly together. Finn is in town for a few weeks and they get to see one another through their friends. Finn has some misconceptions about Harlow and vice versa so the time together is an eye opener for both characters.

"I just figured you only wanted fucking, and so it's the only place my mind went. I didn't think we fit this way."

An enjoyable, sexy read that incorporated the whole cast of characters and three new ones, Finn's hot fishing brothers and Not-Joe. I hope all will be getting books of their own someday.

"You Finn's long-lost sister?" says Kenyon at the end of the bar. "Please say yes."

Harlow winces with a playful apology. "I'm the mail-order bride. He told me he has a castle. Does he have a castle?"

P.S. I want a Finn audio book please!!

Jurgita says

I love Christina Lauren's books so much. And It was good story, I really liked nearly loved this book. I mean, I gave it 4 stars. But there were some parts I didn't agree with the main character's (Finn's) immature actions.

The main characters were so realistic. I loved Harlow's character, she was really likable, I loved her connection with her family and friends. She was that person you would've loved to have as best friend. She was a fixer. But I didn't understand Finn's character at all, also his actions in the end.

So it was good story, Harlow and Finn's moments together were funny, sweet, sometimes crazy.

Angela (Reading Frenzy Book Blog) says

911, I've got a situation. You see, what had happened was I was reading *Dirty Rowdy Thing* by Christina Lauren and my Kindle spontaneously combusted. Like, we're talking flames shot out of that bad boy, and now my bedroom is covered in a thick cloud of smoke and my comforter is charred. In my defense, the book really should have come with some kind of warning about explosively erotic scenes so I would have had my fire extinguisher on hand. Just sayin'.

If you've read *Sweet Filthy Boy* you'll remember Harlow—the fun-loving, sexually forward recent college

grad—and Finn—the hot Canadian fisherman—as one of the couples who got married after a wild night in Las Vegas. The marriage was quickly annulled, but Harlow hasn't quite gotten Finn out of her system.

In *Dirty Rowdy Thing*, Finn crosses the line from dirty into one filthy, filthy boy. In other words, he's my kind of guy. If love making was a sport, he would be the reigning world champion, Olympic gold medalist, and Hall of Famer. In addition to knowing his way around the bedroom, he's family-centered, honest, easy going, and monogamous. What's not to love?

Honestly, despite their reunion being initially antagonistic, there really is very little drama between them. The plot mostly revolves around Finn's failing family business and Harlow's vulnerability. There are serious issues involving Harlow's family, and I really wish the authors had made more of that story. It would have added a bit more meat to the plot. All the same, this is an enjoyable read and I'm looking forward to reading Lola and Oliver's story in *Dark Wild Night*.

By the way, Christina Lauren. You owe me a new Kindle.

Christy says

4-4.5 Majestic Fisherman stars!

After reading *Sweet Filthy Boy*, I've been dying to get to the next installment in this series. It didn't let me down. This was just as good as the first for me, maybe even a little better! I loved Finn and Harlow!

After that one weekend in Vegas...Harlow and Finn were married for 12 hours. They have mutual friends, so they still see each other occasionally. And they have some crazy chemistry so when they see each other... well, one of two things is bound to happen.

Fighting or Fucking... both of these options are starting to sound pretty good.

There is a lot going on in both Finn and Harlow's personal lives. Finn is spending some time away from home trying to figure out the next step in his families business, and Harlow is coping with some other family issues. What they have is fun, it's hot, and it's sexy, but it's more than that. They need each other.

Finn swipes at my face with his thumbs. "I have to, sweetheart, you can't be bound up any longer."

It just feels like it's the only thing holding me together.

"I know," he says.

Oh God. I said it out loud.

I think this was so much hotter than the first book. There was this part... I just have to mention it...with Finn and the dirty talk... just OMG. And I was listening to this in audio book so you know I got that deep and sexy voice reading it to me!

"Good girl. Oh so fucking good, you like that? You like it? You're candy on my mouth, fucking sweet. Wet, so ready, you wanna get fucked now?"

I loved how their sex was hot and a little kinky, but they also had intimacy in there. They both needed one another. I am such a sucker for when 'just sex' turns into feelings and love and all that stuff.

I can honestly say, Harlow was so much better than I expected her to be. She was awesome. Harlow is so adorable and funny, and not the least bit annoying. I can't tell you how many lol moments I had with her. Even though she is going through a difficult time in her own life, she wants nothing more than to fix things for Finn. She's a selfless heroine.

Finn was my boy. I was loving anything and everything Finn. Until that part towards the end... yeah, you know what part I'm talking about. Finn knows too. He knows exactly what he did and that he was a giant jerk...

I am the biggest most self absorbed asshole of all time.

And so did Harlow..

I want to drive to Canada, kick him in the nuts, and then drive home. He's acting like a giant baby, and leaving town the way he did showed his ass.

?Even though I was pissed for a minute, I liked that that drama wasn't dragged out.

It was great getting to catch up with Ansel, Mia and the rest of the gang. We also got introduced to a new character... Not Joe. Bahahaha. I looked forward to all his little cameos. I hope he is featured more prominently in the next book because he is a fun and interesting guy for sure.

This is a series I highly recommend. Sexy, fun, entertaining and an easy read. I can honestly say I enjoyed this second book a little bit better than the first, and I liked the first a lot! Looking forward to the next book in this series! Bring on Oliver and Lola! I can't wait to see if they can top Harlow and Finn for me!

He could only do rowdy because he felt what I felt; that whip-crack unleashing that comes when you meet the person the frees you.

Brandi says

Fun and sexy. I really enjoyed Harlow and Finn, their banter was fantastic and the sex was hot. An overall good, fast-paced, solid read.

I want to see him haul a big net onto the deck of his ship. God, he would make majestic fisherman porn.

“He’s built like a man who works with his hands, has a sense of humor drier than the Sahara, and the thing that gets him off more than anything in the world is giving you orgasms. What a nightmare.”
