*So close and yet so far.*

Rust O'Brien - esteemed Professor, secret sex god - is in trouble. He has been accused of violating the terms of his employment by having sex with a college student.

Dismissed and disgraced, Rust returns to his home in New York. But what of innocent Kate Penney, who loves him more than she can ever love anyone? Bereft and desperate, she goes after him. But does he love her the way she loves him? And can he control his blood lust for her which simmers under his flesh - a lust that goes beyond the merely sexual?

Unbeknownst to them, other factors and jealousies are at play. The shifter Gathering in New York looms, Rust's old lover returns, and a new suitor plays for Kate's hand. There is only one thing certain - that everything will all play out unexpectedly and devastatingly for all concerned.

WARNING: This story ends in a cliffhanger.

### **Frances P. Foster says**

#### **So so good**

She did it again. Book 3 is a wonderful book. Rust's lust for Kate is growing more and more. It is getting more intense with the story line and your finding out more about Rust and his past, but Kate doesn't care she love's him the way and what he is. Without giving anything away this is a great series so I'm on the way to read book 4.

### **Lynn says**

Kate and Rust are now in NY, she meets his parents and there is now a reporter stalking the family (also sent by a jealous Carlos) , there is drama and trauma while at the shifter Rave.... a spoiled rich young man and Rust have words over Kate and then Shalimar , Rust's ex who deliberately got pregnant to try to trap him (the child did not survive) reappears and he actually leaves Kate alone at this orgy while he goes off into the bushes with the ex while naked... yeah I am not liking Rust very much at this moment.

Rust fears losing control with Kate so he more or less runs away from her while they are in NY, so Kate packs up and heads to the airport to head back to school, where Rust catches her and actually mans up and breaks up with her to her face.... and as she is preparing to board the plane... they are both detained as the young man he had words with has been found murdered... and Rust has no memory of the evening other than waking up tasting blood.....
