**Killing for Her** Alexis Abbott

**One kill is all it takes for her to be mine.**

She's just a pawn in the Bratva's games. A virginal prize, exchanged from one boss to another. Her perfect curves and that sparkling smile, she'd be deadly if she hadn't been sheltered from the mafia's wicked world.

Now she's being thrust into it.

A marriage to a man I know has a terrible temper and a cruel sense of torture.

She deserves better. Better than him.

Better than me.

But I never said I'd save her out of the goodness in my heart.

I'll save her. I'll protect her.

And I will claim her. Even if it means the wrath of every family in Brighton Beach descends upon me.

I voluntarily reviewed an Advanced Reader copy of this book. Wow! What an amazing story! I loved Nikolai and Ana they were amazing together. All her life she's always trusted the only man in her life, her

father and when she becomes of age, he decides to let her in on a little secret that she is to be married off to an older man. Nikolai is a hitman for both her father and the man she's to marry, but he's bent on revenge and is working a plan to get rid of them both. Their meeting was by happenstance and when their eyes locked the chemistry was instant and she knew there was something about him. So many feelings are swirling around for Ana, how does she get away from this horrible man she's to marry? Will Nikolai come to her rescue? Will he claim Ana as his own? This book was off the charts, sexy, steamy and deliciously hot. I was sucked in from the beginning and couldn't put it down. Brava Alexis for another great Mafia book!!

Exciting Mafia Romance!!

Anastasia was brought up as the pampered daughter of a rich business man. Upon completing school she is eager to begin university, but her father arranged for her to marry. To a man her father's age!! Nikolai lost his parents when young. He has planned revenge for those who were responsible for years. When he sees Anastasia running from her fiancé's house he halts his current mission to assist her escape.

When faced with reality of the situation Ana is crushed. But she is much more than a pampered daughter and learned by watching the master. Can she reconcile her current father with the one she thought she had growing up? Will she understand when Nikolai needs to complete his mission?

Once again this author has created a dangerous man, which you cannot help but fall for. Nikolai's protective instincts toward Ana and their building romance creating a sizzling, poignant, exciting tale which I highly recommend!!

*Killing for Her* by Alexis Abbot is a fast read about a mafia princess looking for independence from her controlling father and a mafia hitman looking for revenge.

Anastasia is a princess of the Bratva. She is looking to strike out on her own. After so many years of being spoiled by her father, she is ready to give back to the community.

Her father however, has other ideas. He has planned an arranged marriage for her to a man as old as he is! She of course does not want this but, she has no other choice.

Nikolai is an assassin for the mafia. He lives for nothing but revenge and has no allegiance to anyone.

Ana and Nikolai meet serendipitously. She is trying to escape her fate and he is ready to claim his revenge.

Will Nikolai aid in her escape and will she be willing to help in his plan for revenge?

I love the premise of this book and it caught my attention. The first third of the book had me intrigued and settling in to read an angsty mafia romance.

Unfortunately, it fell below my expectations. The characters themselves were underdeveloped. There is really no introspection or growth that occurs with either character and because of that they were cardboard cut-out. I felt as though what makes them unique as characters was glossed over.

There were secondary characters but they only had cameos to aid the plot.

The relationship between Ana and Nikolai was a case of insta-love and because of this their love felt forced and happened too quickly.

The writing itself was ok but some awkward wording such as:

“I’m going to drain myself in you.”, “...my cock stiff as a pillar” and “..the sight of my spear..” lessened my enjoyment of the book.

Overall this was an ok read.

Recommended for those who enjoy a light, insta-love romance with a HEA.

### **Racy says**

What another interesting story that Alexis Abbott has brought us once again. She never fails to bring us one amazing story after another.

I can not imagine what it was like for Anastasia to be living in this false reality. To think you had a father that loved you and wanted the best for you to find you were nothing more then property that he could sell. To find out your father was not the man you thought he was had to be crushing and the fear she must of felt to given to a man to marry that she looked to as a second father.

In this story Anastasia will have her eyes open in so many ways. It had to make her doubt herself when it come to knowing who to trust but I love how she did not let that stop her in putting her trust in Nikolai.

Nikolai was this sexy hitman for the Bratva. I guess he had his revenge all planned out until he saw her. It was like Nikolai wasn't even living before he met her now she will become his everything. Something for him to love and protect.

I love the chemistry between these two. Not only sexually and trust me there are plenty steamy parts in this story but they were connected on a deeper level. They worked well together and this will help them on more then one occasion.

This was a great story and glad I got a chance to read the book.

I am just going to say that this author is the queen of mafia and if you have never read her work before you will want to jump in here. This story was the perfect balance of action, passion, details, and emotions. It is the story of Nikolai and Anastasia.

Nikolai is an assassin for the Russian Mafia (the Bratva) and his is exceptional at his job. When no one else

can get the job done or it is too important he is called in. What the Bratva don't know is that he is also on the path of revenge and just buying his time to strike.

Anastasia is the typical "spoiled, little rich kid," who is home after being away. She is from a high profile family, one in which her father dictates her life. Upon arriving home she discovers that her father wants her to marry a man of his choosing. Things happen and fate intervenes, and Anastasia and Nikolai soon find themselves one a new and passionate path.

As with this entire authors works, her men are alpha and possessive of their women. Nikolai is determined not to let Anastasia go and the obstacles they face and overcome make this story an adventure worth reading. I loved every word of this story, every emotion I experienced and all of the action and adventure. I you have not read this author work before, I highly encourage you to try this book. If you are familiar with her works, but this one, it is another amazing read. I am adding this one to my favorites file! I received an ARC and am leaving an honest review.

Anastasia is a spoiled, pampered mafia princess, but there is more to Ana than anyone would expect. Nikolai is determined to destroy the men responsible for murdering his parents, and will have an unexpected partner. When Ana attempts to escape from the man her father ordered her to marry, she is rescued by Nikolai. Exciting, action packed, suspenseful mafia romance with unexpected twists, and happily ever after. Fascinating, sexy, and sizzling hot characters. Fantastic book, I loved it!

I received a copy of this book from the publisher/author to review.

I loved this book If you are a fan of Mafia Romances then this is one you do not want to miss. This is the story of Anastasia and Nikolai. Anastasia is a very sheltered Bratva Princess. Her dad has made sure that her life was that way. But now that she is turned 18 he has informed her that in a week she will be married to a man that is the exact same age as him. As you can imagine Ana is having none of this. Enter Nikolai who is one of the best hitmen in the business. He is out for revenge against the man Ana is to marry and her father. A meeting of fate has Ana and Nikolai meeting and the story will have you one the edge of your seat from the beginning to the end. This is the love story of two people who are not meant to be. You however will fall in love with both of them and be rooting for them while hanging off the edge of your seat. This is an absolutely amazing book that you do not want to miss.

### **Misty Schott says**

This is an excellent mafia romance book. Anastasia is the epitome of a sheltered Bratva Princess. Without her even realizing it her dad has been making sure to keep her isolated and totally dependent on him. After

turning 18 and graduating finishing school her dad informs her that she is to be married in one week. The shocker is that he expects her to marry a man that is the same age as her father and she definitely doesn't love him or want to marry him at all. Ana is very unhappy about this and can't believe her father is insisting she do as she's told. Nikolai is a hit man and out for revenge against Ana's father and her fiancé. Find out what happens when Nikolai and Ana end up together. This is a great story, awesome characters and had me hanging on the edge of my seat to the very end. There are so many lies and all kinds of deceit that keeps you wondering what will happen next. An absolutely amazing book and definitely a must read for all mafia romance lovers out there.
