Roman Young, quarterback for the Dallas Destroyers, doesn't expect to get a gun shoved in his face by the beautiful red head, Katie Winters, when he arrives to sell the Inn he inherited from his uncle in Wolfe Creek, Utah. But, he's not surprised, either. It's the way his life has been lately. Just ask the tabloids that have happily reported his shattered knee, his wife's affair, and the car accident.

Unfortunately, Katie is wearing a wedding ring. Not that he noticed. He doesn't know why he doesn't tell her about the fact he's selling the Inn, even after she shoves a list of supply demands into his chest and rambles on and on about all the projects they have to do.

When he discovers her husband passed away a year ago, and her seven-year-old son asks him to come to dinner and movie night, things start to change. Or did they start to change when Katie took him sledding? Or when all he could think about was kissing her? Now he has to make a choice—keep ignoring the truth—or try one Last Play.

### **Mary McFarlane says**

This was a very easy and short read. Would have finished much faster had I not fallen asleep and decided to go shopping. I would have loved to see more Josh in this book because you can't be a 7 year old boy being all cute and funny. It seems pretty unrealistic that someone could fall in love after 2 days, maybe if he would have been working on the inn for maybe 2 weeks it would have been a bit better. Well on to the next book.

Last Play: Book 1 Last Play Romance Series: A Bachelor Billionaire Companion: The Last Play Series is by Taylor Hart. This is the book that started the series. All of the main characters are major league game players of different sports. This reminds me of my Mother-in-law who loved sports- any sport, especially football. Roman Young was the Dallas Destroyer's quarterback although he hadn't played in the final championship game due to his injury. However, it was sufficiently healed that he could have played; but the coaches didn't let him. Instead Sam Dumont was given his position on the team and he had taken Roman's position as husband to Sheena. Roman just knew he had to leave. He had gotten word from an attorney that his Uncle Jim had died and had already been buried. Now, he was headed to the Alaskan Inn to visit before he sold it. Roman's place was on the field.

Katherine (Katie) had been put in charge of getting the inn ready for occupancy. She was angry at Roman for not coming to the funeral until she learned the truth- Roman hadn't known when it was. Katie was a single Mom bringing up her child and as long as Josh was happy, so was she. What chaos will Roman bring into her life?

This book is really cute. It makes for short but fun reading.

Usually speaking, I do not mind cliched romance novels. However, Last Play honestly seemed to be extreme. The plot was overly predictable and there was a possibility for character depth, however, a puddle is deeper than these characters.

There was an amazing opportunity to delve into the grief and guilt Roman felt regarding his uncle, his death and the overall way he delved into the life of a professional athlete, but instead the reader is left with the typical tropes that usually accompany this type of novel. And for the most part, I would usually be okay with that, it's just in this instance, I felt there was so much that could have been accomplished and was just left hanging.

Like many authors today, quickly pump out five to ten books that make a series without allowing for any form of character development.

4.5 Stars!!!

Hart totally hooked me with this one! She really has a talent for writing romantic and heart touching stories. This one had me laughing out loud a few times and definitely grinning, a lot! I thoroughly enjoyed it!

Hart writes characters that feel real, tension that seems genuine and romance that is both charged and sweet! I am looking forward to the rest of this series!

NOTE: Currently this novel is free and the rest of the series is available with Kindle Unlimited. The novel is longer than a novella but shorter than my average read. Perfect for a quick read that feels lengthy in a good way!

\*I recieved a free copy of this novel from Instafreebie.\*

Last Play was a quick, easy read about superstar football player, Roman Young, who has to go to a remote town when his late uncle leaves him an inn. He meets feisty single Mum, Katie and quickly falls in instalove. I really wasn't fussed on this book. It was alright, but nothing to gush about. It felt like a first draft that needed a lot more fleshing out (it is possible do this in a romance novella- I have read some amazing ones). The characters were likeable, I just didn't buy their relationship. I won't be continuing this series.

This quick read features Roman Young and Katie Winters in a whirlwind romance that had me cheering the cute couple on. Roman is a pro quarterback whose uncle has just died and left him the family inn. He takes off to quickly liquidate his assets, but meets Katie and gets snowed in before he can put his plan into action. The characters were great; the writing was edited well; the setting in the snowy mountains of Utah was fun and the pacing kept me glued to my seat. Overall a sweet read that I enjoyed a lot.

**\*Full Review\***

I love a good clean contemporary romance novel and this one fit the bill! Once I can stop running around and sit down at my computer I'll write a full review.

I've seen so many friend's reviews for books by Taylor Hart that I finally read one and really enjoyed it! I keep reading these emotional and thought provoking, heart wrenching(to some extent) novels and I thought this one will be a sweet, fun lighthearted read. For the most part, yes it was. But with some of the craziness of my life there were some aspects that hit close to home that I found myself very emotional during this read. I think I'll probably be that way with many books for a while to come. Lol! Don't let my saying that I was emotional from this one deter you if you are looking for a fast, fun, light read because I think if I wasn't experiencing some of the things I'm experiencing I wouldn't have been as emotional.

Warning, my time is short so this will just be a quick blurb and not anything too in depth, which I'm sure is just fine by many of you, but it's definitely not quite like my other reviews. ;)

Roman is a big shot Quarterback for a professional football team. He has had many ups and downs between his career and his personal life. His knee went out which caused him to be down for the final big game and his wife had an affair which led to their divorce. Roman's uncle and greatest supporter(his other family members are gone or nonexistent in his life) has recently passed away. Roman didn't find out until after it happened because his uncle didn't want him to feel torn between getting back in the game or leaving all his hard work behind to come take care of him. Roman flies out as soon as he hears and finds himself stuck in a snowed in town up in the mountains in Utah at his uncle's bed and breakfast inn. He hopes to sell but his first few minutes there throw him into the path of Katie. She is a spitfire and keeps him on his toes throughout the book. Katie has been the caretaker at the B&B and is trying to get Roman to help her get it up and running and remodeled.

This was just a sweet, clean, fast paced contemporary romance novel that I really enjoyed. I liked the author's explanation of the title, Last Play. Katie and Roman had a lot to work through emotionally on their own but were able to strengthen and help each other as they did so.

The ending was so cute! I loved it. Without spoiling it for anyone it had me smiling pretty big and I kinda giggled too. :-D I'm definitely excited to try more of Taylor Hart's books, she has a fun, easy going writing style.

The book was clean with some mild kisses.

I downloaded a free copy from Amazon.

Happy Reading!!!

I have a lot of friends who absolutely loved this book as well as the entire series. So please do not let me not being able to get into it stop you from checking this series out! Enjoy! :)

When football star Roman Young arrives at the Inn in Wolfe Creek, Utah it's during a massive snow fall and the power's out. He's only there to check out the Inn he inherited from his uncle and sell it. He's not prepared to have someone with a shotgun threaten to shoot him because she thinks he's a squatter, but Roman adds it to the list of things that have gone wrong in his life the last couple of years--his injured knee, his cheating wife, and a car accident.

He's not ready for Katie Winters, with her red hair and green cat-like eyes. Roman thinks she's married because she wears a wedding ring, but finds out she's a widow with a young son. His Uncle Jim hired her to do work around the Inn before he got sick. She's a force to be reckoned with as she gives him a long list of supplies they need so they can accomplish all the work the Inn needs before it reopens in the Spring.

I liked Roman. He had made mistakes, some serious ones, but he was trying to get his life back on track and keep out of the media spotlight like his Uncle Jim had told him to do when he first started playing professional football. I felt sorry for Roman because his uncle kept his illness from him and told his attorney not to let Roman know about the funeral until after the playoffs. Roman had no control over that but the people in town treated him as if he hadn't cared about his uncle. That seems to be a common theme in books that take place in small towns. The prodigal son or daughter comes back and everyone treats them as if they know everything when more times than not they don't know the story.

I didn't like Katie at first. She was really hard on Roman when she didn't know that he didn't know about his uncle's illness and death until it was too late for him to do anything about it. She also had things to work through like Roman.

This is only my second book by this author and my first in this series. I got a free copy from Amazon and figured what did I have to lose if I didn't like it. I'm glad I took a chance on this story because I liked it. The author explains the title of the book in the story.
