Lightning in a Bottle Barbara Elsborg

Lightning isn't supposed to strike twice, but when the electrifying Erin Markov whirls into Felix's life she gives him more than his destroyed family home to think about. Erin's exciting and unpredictable, in and out of bed, if only he could get her to stop dancing in thunderstorms, rollerblading in the middle of the night, and leaping around on unsafe roofs. Plus she has this annoying habit of biting his neck.

Erin wishes she could remember who she is. The couple who claim to be her parents leave her in a dilapidated stately home with supplies of a revolting energy drink and instructions not to go out in the sun. Then she discovers sculptor Felix living next door and life becomes far more tasty.

Fairyblood says

Eric has no memory of who she is. She has to rely on everything her parents say about her, if that's who they really were. Her parents don't look much older than her. They tell her that she was in an accident, has a severe sun allergy, and has to drink Plasmix. They take her to stay in their newest purchase, Pevenhurst Castle, and oversee the renovations. However the place seems very familiar.

Felix is the thirteenth Earl of Sherbourne heir to Pevenhurst Castle, but having messed up everything is his life he has to sell it. He now lives in the coachhouse next door. Will it be absolute torture to watch his ancestral home finally being renovated the way he always wanted? Reduced to use his artistic talents making tombstones for pets, he meets the most amazing woman who is as wild as a force of nature.

Keep a fire extinguisher nearby for this one. There is a good story with this, but the brilliance in erotic writing will have you panting in no time with the longest running erotic scene that I've ever read. I think I'll be saving loads on my heating bill this winter!

It was okay, I think I'm getting tired of these, though. I'm probably gonna switch soon...

Storm update: scattered showers, driving rain and gusting wind.... WOO HOO THREE DAY WEEKEND. If the power goes, I'm gonna clean my room...

Didn't really enjoy this, not up to Barbara's usual standard. The sex was so abundant and robotic it felt totally unexciting or believable. The plot was also weak, I mean how long did it take to figure out you are a vampire? And the premise that noone planned to tell the lead female just didn't make any sense at all. After the previous two being good reads I think I'll take a break from this series and when I revisit hope number 4 is back on par :)

All I can say is FANTASTIC!! Book 3 in Barbara's Trueblood Series is an amazing and fun read with wonderful and exciting characters. The chemistry between Felix and Lightning is electrifying making it a definite must read!!!!!!!!!!!!!!

Good. I liked how she lost her memory so she could get to know him without the reminder of the rules of the past.

Another great story by Barbara. Two lost souls met together for a new beginning. The plot is good, so is the climax of the story. Though it is quite oversexed for me, the story makes up for it. Love that the first two couples from the other story are mentioned.

He loved her. With every beat of his heart, every breath he took, he loved her...He wanted some part of him in contact with her at all times, a hand, his lips, a foot sliding up her calf, as if that kept her safe, kept her anchored in his world. Only she didn't belong in his world and he was making it more difficult by refusing to let her go. Like trying to trap lightning in a bottle, he was hoping for the impossible....

BE mastered writing **detail smexy!!!** And this book is full of sizzling smexy. With Erin Markov, a Trueblood Vampire Princess, who have no memory of her past and Felix an Earl of Sherbourne, sculptor/artist, broke, and living on a coach next to her former home, Pevenhurst Castle. The first time they set eye on each other without knowing each other they do the did. And almost 75% or more of this book consist of smexy overload that you'll just want to flip pages to get to the real story...hehehe.. but since this is from BE expect the unexpected, a love story that is worth a lifetime. I super Like Felix in this book. So sweet, so hot, and oh so desperate to have Erin forever. ♥♥♥

"I can wait for you... So go back, do what you need to do, and then come back here to me. I promise not to pester you about making me a vampire, only I do promise to love you forever."

When Erin past started to come back & haunt her, she made the decision to let Felix go to spare his life. But too late, coz they already have a bond. Their dragon mated and no letting go.???

"I can't keep lightning in a bottle. I know that. You'll always be who you are. My wild and crazy Erin, and I'll always love you....I don't give a fuck about the sun. I have you and that's all that matters. Plus I'm never going to have cold toes in bed, ever again. So, Miss Erin Markov, Trueblood princess, sex goddess, love of my life, will you do me the great honour of becoming my wife?""

I don't like PNR but I'm making some exception, and that includes BE. And the smexy spoiler given by a friend....hahahahha.. all the clay making gif. Love it@♥@

This book was all sex and little plot. The sex scenes were good, but so many I found myself skipping. It had a good basic plot and I feel if some of the pages devoted to sex would have been devoted to plot, it would have made it a very solid book.

This one is about Erin & Felix. A little boring to start with. Again I was disappointed to be learning whole new characters again, but the connection was there a little earlier then in the other book. Not as funny as book 2, but plenty of laughs. Good mystery surrounding Erin, but could have been played out a little more, but great ending and last 1/4 of the book.

I can't keep lightning in a bottle. I know that. You'll always be who you are. My wild and crazy Erin, and I'll always love you

I love this book! from the first time Felix and Erin met , they went Wam Bam without even knowing each others name...so silly hahaha...

I love Erin...she's one hyperactive and insatiable woman and she don't eat only drinks 'plasmic' don't ask, that I have no idea:)and she's totally hilarious... warned by her parents that she's allergic to the sun...she found out later on that she's a vampire princess of a vampire race called trueblood...

I love Felix...oooooh total hotness...who wants some artist-sculptor hero..'me.me.me':). Being the thirteenth Earl by default, for his parents died in an accident,..had a bad reputation to everyone who knows his family,got lots of debt he then sold their ancestral home to the Markov(Erin's family)

there's lots of fun in this book despite the past of Erin that's scary, not dark just the ewwy kinda scary thing. I love both characters and their perfect chemistry...love their banter that made me laugh loud:D almost 3/4 of the story are sex scenes in a very detailed writing style, spoil the imaginations...bet you'll love that *cough:) the love scenes went in and out of bed/couch/floor/roof/in the rain/table/pottery wheel/bathroom/beach/soil 'six feet under'? nah they can't even move there:) hmmmm what's left oh the wall hahaha.

this is Exactly how I pictured Erin and Felix playing and making a clay pot.:D 'dirty, messy and NAKED'
*squeeeeeeee

and to think of it, this is just 1 out of almost 30 scenes they've done together..I'm still surprised my nose didn't bleed:)
