I read this all in one night, just before bed and immediately after reading the preceding volume, so i don't remember the specific details too well. That said, this volume continues building the relationships and the narrative, turning "Please Save My Earth" from a simple supernatural romance into a grand tragedy, a beautiful meditation on identity, age and madness.

I loved this volume !! It was so relationships-based but it was also confusing !!!!!'
I don't understand why rin broke the engagement and I feel so bad for haru but did shuu really have to give shion the vaccine ughhhh

Tina Olah says

Probably my least favorite volume of the story so far...a large chunk of this one was mainly about character relationships and didn't advance the plot much. Overall though still a great volume (and a great series).

Aurélie Knit & Read says

L'intérêt principal de ce manga ne réside pas dans le dessin, qui n'a jamais été très beau et a mal vieilli. Mais l'intrigue ! Oh l'intrigue ! Impossible de ne pas accrocher à ce récit qui fait sans arrêt la navette entre 2 espaces-temps mystérieusement liés. Amours, trahisons, vengeance et machinations à gogo... On a envie de savoir que sont devenus les uns et les autres, qui a fait quoi dans le passé et comment cela affecte le présent de nos personnages au Japon.
Un classique du *Shojo* que j'ai adoré de bout en bout.
