Ride 'Til Dawn: A Bad Boy Secret Baby Romance (Filthy Fools MC) (Beards and Leather Book 1)

Nicole Fox

A ride on the bad boy left me pregnant.
I've had enough of heartache.

My life is one long never-ending nightmare, thanks to my vicious stepdad.
But that I'm eighteen, I finally have a chance at freedom...

And I've never felt freedom like I do on the back of Dusty's bike.

But with his hard muscles, glistening tattoos, and rugged face, I should be running for the hills—**not straight into his arms.**

A bad boy rebel who rides is trouble incarnate, and I've had enough bad luck already to last me a lifetime.

But I can't resist my outlaw knight in shining leather.
He wants to hold me.
Romance me.
Seduce me.
Protect me.

I keep telling him I'm not a girl who needs protecting.
I've always looked after myself...

But that was *before* the baby.

***RIDE 'TIL DAWN* is a full-length, standalone, super steamy, bad boy motorcycle club romance novel from bestselling author NICOLE FOX.**

This suspenseful, action-packed MC romance is intended for mature audiences, due to violence, strong language, dark themes and elements, and explicit intimate scenes. The romance between the alpha male bad boy and the fiery woman he can't resist ends with a guaranteed happily ever after (HEA) ending, has absolutely NO CHEATING, and does NOT include a cliffhanger of any kind.

Another good book by Nicole Fox.

I have voluntarily read and reviewed an ARC version of Ride til Dawn by Nicole Fox.

The story was sad and maddening, but the ending was near perfect.

I would recommend.

Happy reading!

From ok to bad and then worse

The initial book was ok. Not great but it was short and the story was a nice escape for a short time. Then there are 3 other full length books included and 2 of them were absolutely horrible. Terrible, unbelievable stories with parts that don't line up or make sense. I get that they are stories but you have to bond with the characters or the story or something and these just completely missed the mark for me.

Nicole writes these amazing stories that will entertain you and keep you riveted to your kindle! Marilee and Dusty both have scars and issues, can they trust again? The story got me hooked on the first page.

Pat says

This was one action packed book that grabbed my attention from the very first page! The characters were well rounded and the plot flowed smoothly from page to page which kept me totally hooked until the very last page! I could not put this book down so I ended up reading it in one sitting!

Rene says

Nicole had me extremely engrossed in this book from the very first chapter. It flows amazingly well throughout the book. She shows how someone can have power over another person but how it only takes one person to help show them there is a way out. This book has excitement, suspense, terror, happiness and amazing sex.

I received this book as an ARC copy for a voluntarily honest review.

Eva says

An action packed fast paced story couldn't put it down grabbed me from the beginning the story flowed so many steamy parts a five star story loved it. I voluntarily reviewed an advance copy of this book.

Kristen says

I'm so confused with how so many people likes this book. Maybe it's just me but it lacked so much i just wow so bad. I'm sorry I try my hardest not to be a spoil sport because it annoys me when people pick over the tiniest things but omg just NO.

Jasmine says

Dusty is is trying to escape his past by doing what he does best. But when out on a ride, a woman catches his eye and has to stop and talk to her and get to know her, even a little bit. But when Dusty finds out there is so much more to Marilee's story, will he help or leave? Is their connection too great to deny?

Marilee is 18 and is ready to leave her house. Ever since her father died and her mother married another man, life has been rough for Marilee and her mom, but her little brother has been there to help when needed. But now that she is 18, her abusive stepfather wants to take things further. Marilee tries to get away as best she can, but when things go south, can she save her mom and brother? Will Dusty help her?

I couldn't put this book down, it was excellent. I LOVE Nicole Fox and this was no exception, she knows how to write an excellent MC book! I received an ARC of this book from the author.
