## Riju Ganguly says

Satyajit Ray is known as the creator of sublime movies, as well as Feluda and Professor Shonku. But to get a true measure of his incredible creativity, one must read his short stories and other works compiled in this volume. Highly recommended.

## **Poulomi Laha says**

These stories so well written. They have profound impact. Very unassuming and end with spine chilling action.

### **TIYASH PAUL says**

Neither am I qualified enough, nor do I have the audacity to even make an attempt at reviewing a Satyajit Ray book. His creations have always fascinated me and left me spellbound, that's all I can say here.

### **Indrani Sen says**

A five-star collection of short stories by Ray. Many I was rereading but the pleasure was no less. A masterclass on how to write perfect short stories.

---

### **Denim Datta says**

Satyajit Ray is no doubt a brilliant story writer, And all his stories Feluda, Sonku, and short stories are a brilliant piece of work.

It is pointless to give review on his works, as all bengali readers are familiar with Satyajit Ray's work.

### **Redwan Orittro says**

One of the best compilation of short stories I came across, and I am not saying this because I have sentimental value for it. Horror, thriller, mystery, comedy - this book as all. From 8pages to 50pages long stories, this will make you cry and after sometime smile at the beauty of the simplicity of the stories.
