Pushing Petals Can Be Murder...

3 books. 600+ pages of Laughs, Mystery and Romance. 25% off the cover price.

The Final Arrangement

The Vulture is dead.

The body of Quincy McKay's nemesis and biggest competitor in the floral business has just been discovered in a casket at the mortuary, complete with flowers on the lid.

Derrick Gibbons, aka The Vulture, stole all of Quincy's funeral business, and now she's on a mission to get it back. But there's a problem--Quincy is now the main suspect in The Vulture's murder.

Armed with only her Zombie delivery van, good intentions, and the business card of a handsome cop named Alex, she must find the killer, save the flower shop, and keep from ending up in the next casket. If she can dodge burning bushes, the plague of a polygamist ex, and her mother's Mormon Mafia Spy Network, her life with Alex and her shop could become the perfect arrangement.

Deadly Arrangements

All florist Quincy McKay wants is success in business, a happy family and the perfect romance with Alex Cooper, the hottest cop in the state. Not necessarily in that order, of course. Is that so much to ask?

The trouble is, between Alex's job and planning weddings, it's getting harder and harder for Quincy and Alex to find any time to themselves. Every time the flames of passion ignite between them, someone or something shows up to fizzle the fire, including her meddling mother, her formerly absent father and even Elma, the handsiest waitress in the West.

Wedded bliss is contagious in small town Hillside. Should be great news for Quincy, except that one groom is missing and another is the prime suspect. Hard for a florist to make a living that way, and even harder for her to stay out of the investigation, especially when the suspect is her sidekick, K.C.'s fiancé.

Just when she thinks nothing else could go wrong, a ghost from Alex's past comes back to haunt them both, which could keep them apart forever, if someone doesn't kill Quincy first. She's stumbled into the clues to solve the case of the missing groom and finds a corpse as well, proving that planning a wedding can literally be murder.

A Christmas Arrangement

It's Christmastime in Hillside, but there's a lack of holiday spirit for flower shop owner Quincy McKay. She's in charge of the town festival and her shop's open house, but her Santa's a no-show and her flower cooler is on the fritz. To make matters worse, she's learned her ex-husband isn't as ex as she'd thought. Just when she

thought things couldn't get any worse, her boyfriend, hot cop Alex Cooper announces his parents are coming to town.

Alex Cooper is the perfect man in Quincy's book, but unfortunately his mother thinks so too. And no woman is perfect enough for her perfect son, but especially not the weird flower shop girl who works too much, can't cook and who she catches kissing another man in the department store. And what's this she hears about Quincy being married? Eleanor Cooper must help her son dodge a bullet (and not the kind from his job) during the romantic holiday season to prevent him from being ensnared in a regrettable relationship.

Quincy's dignity (of which lately she's in short supply), her reputation, and every business in town are riding upon the success of the city's Christmas celebration. If she can figure out a way to make it work despite failing equipment, helpers dropping out of the picture as fast as snowflakes in a blizzard, a troubling and inappropriate Secret Santa, and the possibility of arrest, she might win the respect of everyone in the town, but more importantly, Alex's parents.

### **Lezli says**

#### **A Wonderfully Hilarious Mystery**

I thoroughly enjoyed every moment reading these three books! They are definitely G rated, so they're good for teens too, but are a pleasant change for adults. These books will have you laughing and crying while trying to figure out whodunnit. Very well written with a great storyline and this author has a knack for writing humorous scenes! Looking forward to book four!

---

### **Elaine Bidstrup says**

This set of three books was interesting and unusual, since the main character, Quincy, is both a divorcee and a Mormon. She calls herself a "jack Mormon," as she does not practice everything that a more strict Mormon would. She doesn't attend any of the many ward events, or even attend temple services regularly, and she drinks coke, something strict Mormons would never do. She runs her Aunt Rosie's flower shop and is struggling to meet expenses, since a competitor has taken over all of the funeral business in her small town. She has also sworn off men, since her husband abused her. On the other hand as strange events occur around her business she makes the acquaintance of Alex, a policeman handsome policeman with "chocolate drop eyes." She tries to avoid his appeal, but is unable to do so. In the second book, she is again involved in a strange series of events that involves the death of a good friend of her delivery driver and her fiancee. She and Alex have many suspects, but are not close to solving the murder. The main suspect disappears and is believed to have been taking bribes. He does return and this ends with the arrest of the last person to be suspected.

The third and shortest book takes place around Christmas and the problems Quincy has in arranging the annual Christmas tour. Alex, is not a policeman in their local town, but is investigating criminal charges of another member of the local police. Also, Quincy meets Alex's parents and that causes more issues with their off-again, on-again romance.

---

### **Kathy Johnson says**

This was a fun set of books to read. I enjoyed all three. I read number two before I knew there was a set of three but reading them out of order didn't spoil anything for me. They were separate mysteries even though the characters wove through all three.

---

### **Susan Clark says**

#### **CHRISTmas Merry Magic**

Oh, what fun! Everything is believable. We feel right along with Quincy the heartaches and the frustration.

Laughter abounds. And we feel we are in the middle of a surprising and welcoming CHRISTmas snow. Bravo!

---

### **Charles says**

#### **Way cool, a new series to me to read.**

WOW with a name like Quinella I would try to use a nick name. The trials of a small Utah town florist leads to good laughs. Now to find next in series.

---

### **Reina Brouwers says**

#### **Great stories!**

I really liked this box set. I related to the main character Quincy. She made me laugh and cry. Her sidekick K.C. was a total Hoot! I was not able to put the book down. Good clean and cute read.

---

### **Judy Lewis says**

#### **A REAL HOOT!!!**

I loved it! Hands down, one of the smartest, sweetest, cutest, funniest and most entertaining series I've read in a long time. The characters will steal your heart and keep you laughing for hours! Looking for an adorable romantic comedy/mystery? Well, look no more! This series has it all! It's exceptionally well written and well edited - an absolute joy to read. There are three individual stories included in this compilation and each is a standalone novella. What didn't I like about A Cozy Mystery Box Set? Not a darn thing! Deliciously cute and delightfully entertaining!

---

### **Mary Manson says**

#### **Thoroughly Enjoyed This Box Set**

I just finished reading the first three books in Annie Adams's cozy mystery books series. They were fun, easy and enjoyable reads. This is the first time I have read books by this author. It will not be the last time!

---

### **Nancy says**

Stopped at 12%. Not engaging enough.

---

## **Helen says**

### **E-Reader. Cozy Mysteries**

Quincy McKay is running her Aunt's Florist shop, Rosie's Poseys.

If there is a murder or trouble, Quincy somehow gets involved.

She's still dating Alex, the sexy State Police Officer. He's out of town sometimes for a few weeks or months. It depends on his current assignment.

This three book series is really good! Book #2 & 3, pick what happened after book #1. Many of the same characters remain the same, but some new characters are added.

I don't say too much about each book. There are murders, danger & investigations.

You need to read these books! They don't take long to read, but Annie Adams is a good author. I hope you enjoy these books as much as I did.

---

## **Toni says**

### **Misadventures and Dis-arrangements.**

The three books of the Flower Shop Mysteries started off with book 1 being good, book 2 was even better; then book 3 tied it all up hilariously. This was a really fun series to read and the characters were absolutely perfect.

I highly recommend the series, but read them in order for the complete story.

---

## **Harmonie says**

### **first two are great, third is cute but not a mystery**

I'm a bit disappointed in the third story. Don't get me wrong it's a cute story but it reads more like a romantic comedy rather than a mystery. Actually there is no mystery at all unless you want to include the identity of the secret Santa as one. I don't.

I really liked the first book in the series and even enjoyed the second one but this one really seemed to ever of course. It was nice to see familiar characters and see Quincy's & Alex's relationship progress and all the hilariously embarrassing moments but without any mystery it just fell flat for me. I came for a mystery and only got rom-com.

The first and second books are good murder mystery with a healthy dose of comedy and a little romance. For some reason the third story fell of the rails and delivers absolutely no mystery and is all romantic comedy. All the stories are cute and entertaining but the third story fell flat because I kept waiting for the mystery and there just wasn't one.

---

### **Judy Morgan says**

#### **Could not have enjoyed this book more.**

Lovable characters that came to life as the story progressed. Funny enough in places that made me laugh out loud! I will look this author up again. Definitely feel good books.

---

### **Bernadette Hutton says**

#### **Flowers and crime**

Five stars for jumping the gun, keeping it real, throw in some savoury and unsavoury characters and you have a fantastic set of books. Characters who range from funny to scary. Characters who make you scream and some you want to shake

---

### **Vickie Sigler says**

#### **Movie script turned novel?**

This book read like a movie script turned into a novel. There just was not enough plot and character depth to make it believable. I'm disappointed because I enjoy cozy mysteries as a rule.
