4 stars!

Okay! Me definitely like-y very much more than the others even though it was a bit predictable), still I liked it more than the others ;)

Now, with that final line, I'm absolutely looking forward for more of this series!

Now finally its all turning into love & we're all on the same page. I knew that Jacob loved Leila & for him to admit it, yes yes yes.

So glad the Rachel situation is over, didn't she just go over board with her plans. See guys could be more careful to jump into bed with wanna be bunny boilers. Except this one only does what she does for the press factor, very vein.

Loving the erotica scenes very hot. Now as I know there is still more to come, I take it they wont be over happy for too long. Would seem that loads of people are jealous, so we have to see how their life pans out in book 5.

Still enjoying this fast paced story, quite in love with these characters.

Esta cuarta parte me ha dejado atrapada. La historia se empieza a convertirse en más intensa y atrapa en cada página mas y mas.

In this installment Leila and Jacob have their first fight and finally getting were they have to be with a crazy client going between them Leila shows and pursues Jacob about their relationship and love for one other, I love this book more and more.

I have read all the reviews and they are all great but I just can't seem to get into this series yet! Everything is scattered and rushed. Not feeling it yet...I feel like we need to get to the meat of the story!

Linda says

I purchased the entire series and read it as one book (to read them one by one would have seriously annoyed me). I thoroughly enjoyed the series especially the fact that the BDSM was low-key and there was a story and other characters to it (a lot of the books lately are just soft-core porn). Thank you very much for a very enjoyable book that I couldn't put down until I finished the last page, Ava. You did yourself proud. xxx

Meggan Reed says

This one felt like the most cohesive of the lot so far. It went in order and moved at the slowest pace besides saying N olive you within a week of meeting. That actually hurts my soul a little. Progress!

Lewlin says

I'm not normally a fan of serialised books but I have to say that this series is keeping my interest.

Both Jacob and Leila are likeable people and I am caring more and more about them with each part.

Anita Powers says

This book is filled with both beautiful and heartbreak parts. Right from the start Rachel is causing trouble, she does something to Leila that is breaking her heart but Leila is doing it to protect Jacob but it is breaking her heart. Then just when it is supposed to be done and over Rachel shows her true colors and her true scheme and makes Leila look like she did something wrong. Jacob turns on Leila and tells her that her "services" are no longer needed and tells her to leave. She is devastated and broken. Allegra comes to take her to the airport, they talk, she shares things about her past, Jacob's father, and they decide to come up with a plan to get Jacob back. I love the plan and I am not going to put in this review what it is because I don't want to spoil it for others. The trip to his house in the Limo is so hot, I loved it. Once again she says too much which makes him feel too much and he pulls away but this time she doesn't let him and I finally think it is about time. We get to read about them waking up, enjoying a normal breakfast, and of course a round of hot sex at the breakfast table, nothing better right lol Then she says "it" and right away she thinks she sees something in his eyes. That is all I am going to say so I don't spoil what happens next.

Part 4 in this mini series.

If you haven't read the previous parts I would highly suggest it before reading this part to get the full effect

of their relationship.

So in part 4 we have the return of the b**ch Rachel who tries and sucessfully breaks Leila and Jacob up. Well at least for a bit. Leila with the help of Allegra and her nephew gets Jacobs attention back to her. Danceing and talking leads to a very intresting limo ride. Leila gets a little punishment which is one reason for the "intresting" ride. Back at his house the next morning the L word comes out. Then Rachel still has to be the center of attension. She is hold up in her hotel room threating suicide unless Leila comes to talk to her. After that episode Leila and Jacob exit the hotel and into the waiting arms of the paperatizzi where he annoucs that Leila is his girlfriend.

Wonder what will happen in part 5, if Rachel actually does back off and what else is going to happen to this couple.

I've still got tears streaming down my face. This started off sad and can't believe the events that happened and that B***** Rachel... But I'm soo pleased with how it ended! It was beautiful! Such a amazing series! Definetley a must read series everyone! Read if you haven't! Beautiful and hopefully maybe one day there will be a wedding? Baby?;-) and cannot wait to read anything the beautiful Ava produces!:-)<3

Jen Mcnamara says

I'm losing steam reading these books. The L word already? It's been, what? 4-5 days? They haven't had much conversation, they know NOTHING about each other, but its love?

Also, I'm confused as to what Rachel should be bringing to these book? It's like an episode of saved by the bell. Not much maturity.

Lily says

"The Billionaire's Heart" by Ava Claire is the fourth and final part in the " His Submissive" Series and it starts with Leila and Jacob having a nice day until Rachel shows up revealing she knows about the contracts and threatening to go to the press. So Leila makes a deal with her to protect Jacob even it means she has to lie to him. When he learns about this he puts an end to their relationship, but Leila won't give up without a fight.

In this part, we also learn more about Jacob's past and his relationship with his father and why he doesn't get attached...out emotion.

Like the first three, I really enjoyed very much reading this and it's sad that with this part this Series ends, but what a lovely ending...I love it.

Ava Claire did an amazing job and I can't wait to read more of her works. Thank you for writing this amazing Series and sharing it with us. Very well done, Ava.

Megan says

Just like the first three books, it was a book of rushing into “I love you’s” and just seemed cheesy. Though I did finish it, and I’m curious as to how the author made twelve books of this story.
