The Illustrated History of the Nazis: The nightmare rise and fall of Adolf Hitler

Paul Roland

The Illustrated History of the Nazis: The nightmare rise and fall of Adolf Hitler Paul Roland

'No one can deny Paul Roland is a complete master of his subject.'

Colin Wilson, author of *A Criminal History of Mankind*

A rogues gallery of social misfits formed the Nazis' inner circle. They hated and conspired against each other, but were held together by their admiration for the Fu?hrer, and step by step they dragged their nation towards the abyss.

Drawing on recently discovered documents from the former Soviet archives and first-hand accounts from correspondents who were in Berlin during the desperate days leading up to the outbreak of war, author Paul Roland unravels the web of diplomacy, deceit and double-dealing which Hitler spun to ensure the war he had always wanted.

This is the extraordinary true story of the little Austrian corporal with the twisted psyche who rose from obscurity to command the world's most formidable military machine, before destroying himself and the empire he claimed would last a thousand years.

From Reader Review The Illustrated History of the Nazis: The nightmare rise and fall of Adolf Hitler for online ebook

David says

For a relatively short book on the topic of the history of the Nazi Party, which is essentially also a history of Adolph Hitler, this book packs a lot of facts and details including some new information that I hadn't read elsewhere. Author Paul Roland (Goodreads Author) provides a pretty thorough list of references and sources and puts everything into a coherent and easy to follow order resulting in a book that keeps your interest and doesn't let you get confused. Great read and hard to stop even when I have other things I should be doing! Anyone interested in WWII history and especially the war in Europe would get something out of this book.
