Who Will Love Me Now?: Neglected, abused and rejected. A little girl desperate for a home to call her own. Maggie Hartley

At just ten years old, Kirsty has already suffered a lifetime of heartache and suffering. Neglected by her teenage mother and taken into care, Kirsty thought she had found her forever family when she is fostered by Pat and Mike, who she comes to see as her real mum and dad.

But when Pat has a heart attack and collapses in front of her, Kirsty's foster family say it's all her fault. They blame her temper tantrums for putting Pat under stress and they don't want Kirsty in their lives anymore.

Kirsty is still reeling from this rejection when she comes to live with foster carer Maggie Hartley. She acts out, smashing up Maggie's home and even threatens to hurt the baby boy Maggie has fostered since birth. Social Services must take Kirsty's threat seriously and Maggie is forced to choose between eight-month-old Ryan, who she's grown to love, or angry Kirsty, who will most likely end up in a children's home if Maggie can no longer care for her. Maggie is in an impossible position, one that calls in to question her decision to become a foster carer in the first place...

Amazing and powerful story

An incredible story showing the true power of a foster carer. Incredible work to save a little girl.

My favourite one of maggies books so far.

Maureen H says

A great read, couldn't put it down.

A well written story. I couldn't put it down, had to read it right through. It made me cry and smile. Praise to Maggie for doing such a wonderful job. Such a shame children are put though such traumatic situations.

Katie says

Really good book such a damaged child but so happy to read she got her forever home

Kristin Panaro says

I love this book! I was up for half of the night reading it. This book had a lot of twists and turns. I can only imagine how a child would feel going from one home to the next and feeling rejected. I know that children often think that it's their fault when things like this happen. I would definitely recommend this book.

Feelings...

I've read all of Maggie Hartley's books, and true to form, this one doesn't disappoint. The title of my review is feelings because through her talented writing I was able to physically feel each emotion, by each character, including baby Ryan's teething pain. I cried with Maggie at times, and with Kirsty's, too. If you're a fan of the "misery lit" genre, this book is not to be missed. If you're a fan of love trumps all, this book is not to be missed. In general, this book is not to be missed.

Loretta says

This will break your heart, then melt it. Imagine a child who believes she is too horrible to be loved - and sets out to prove it. Abandoned by her previous foster carers after a decade (although, I can understand why they gave in) Maggie must teach her that she can be loved, that she deserves love. It won't be easy - in a desperate attempt to make up for her birth mother's abandonment, her previous foster carers gave in to her every whim and unwittingly created a monster. But she's still just a little girl. Surely it can't be too late to unpick the damage.

If you're considering foster care, I recommend reading this. If you have a child you can't get through to, read this. If you want to cry with pity, anger and joy, read this.

Kirsty

Another excellent read from Maggie and all the help she gave to one troubled little girl 5 stars for a heart wrenching true story .

Rhonda Garrison says

I really didn't like Christie at the beginning of this book. I thought she was a little brat. But, just as Maggie did I too came to really care about her. I am glad she got the ending that she deserved.

Sam says

Who will love me now? Is the heartbreaking story of Kirsty a child who has become more than used to the feeling of rejection. With the help of Maggie Huntley, Kirsty learns to love herself and after some twists and turns she finds her forever family.

Maggie's writing is easy to grasp and she writes about such raw emotions beautifully. I'd definitely recommend because once you've invested time into Kristy's story you won't want to put the book down.

Chrissy webb says
