Cyndi says

Since it was a free comic this was a quick read that touched on the overall story arc. But it was cool! One of our heroines has a chair that allows her to travel into the body of an ancestor. This ancestor is an assassin. Our time traveler can't effect anything, but she can view the action. This sounds great but my ancestors were farmers who worked their butts off in the Texas heat. Think I'll pass, thanks. ?

Bruce Ruadan says

I don't know all that much about the Assassin's Creed universe, but, thanks to a movie that came out a while ago, I do know about the Assassins, the Templars, and the function of that device called the Animus. And so, in Assassin's Creed: Free Comic Book Day by Anthony Del Col and Conor McCreery, a computer guy named Kody is tinkering with an Animus and making some improvements while his Animus jumper, a girl named Char, must learn that patience solves everything. Then, in a second tale, readers are introduced to a character who calls himself Black Cross.

This comic features two stories. "The Chair" and "Templars: Great Wall". I'm a bit disappointed in the first story. Here was Char, descendant of an assassin named Elsie, who Kody, the computer guy, thinks works the Animus chair like no other. Elsie, back in 1791, has a lesson to learn about some things being bigger than one person. Not much action there, though. In the second story, Black Cross gives readers some fighting in China in the year of 1971. Yay, finally some bad guys get Assassin-slapped! Not great, but worth a look for fans of the franchise.

Thais Morimoto (tatakizi) says

I always wanted to read Assassins Creed and I really liked it. Now I'm curious about the books. I'll check them out in the near future.

Sundays. highchair guy just by my number by b my by my by by by b in in in in night but guy ?! Got Dr cry by him by Dr Finn j

Elaine White says

I'm completely new to the Assassin's Creed world, but got this as a Free Comic Book Day offering on Amazon and thought it might be a great introduction for me, as I've always been intrigued by the idea. I found that it explained a few of the principal concepts really well, with beautiful illustrations and an intriguing plot. It's a decent start and it's enough to make me want to read more.

karina says

La gráfica es buena

No lo pude leer esta en ingles aunque los dibujos son buenos, Ojalá puedan subir nuevos títulos en español latino

Shweta says

Kickass graphics. The first story, Chair, makes you want to dive into the Assassin's Creed universe head on. An enjoyable taster.

Sam says

I didn't really get anything in this at all. I don't know whether I need to have read other Assassin's Creed books or have been immersed in the games but I struggled to make sense of the tales within this volume. The illustrations were good though.

Michael says

An enjoyable read

This is my first time reading any of the Assassin's Creed stories and this was a good comic to give an introduction to the world of it.

As part of Free Comic Book Day this free download was well illustrated and well written.

AJ Walker says

It's ok for a free comic

It's not bad for a free comic as long as you remember it's really an ad for the full version/series.

Carolina Téllez says

Great introduction. I'm on the next comic.

Belinda Missen says

Free Comic Book Day 2016 gives you the chance to sample some new and different comics, stuff that you probably wouldn't normally pick up. Like this one. It's not something I'd normally read, but contains two sneak peeks at upcoming issues. The stories were interesting enough that I'd likely look for these on the shelf.

Abraham Gutierrez says**Good book but could have been longer**

I liked it a lot by it wasn't long enough but I still rated it

Chris says

Interesting. Bonus stars for lack of sexual posing.

Makena Elizabeth Patterson says**It was a good COMIC!!! Re ember, COMIC**
