## **Believe** Roxanne Crouse

Lilly Perry dreams of falling in love until she meets the mysterious Kalen who reveals she can see faeries. She can't say no to the gorgeous Kalen who invites her to a beach party where the guests transform into monsters and Lilly wakes on the beach abandoned and unable to remember what happened. Kalen must return to the Otherworld to fight rebel fey threatening his kingdom, but he promises to return.

No one believes Lilly's story, not even her family, who's convinced she was abducted and raped by the man she met, but Lilly knows something else happened, something magical. Lilly's new psychologist, Dr. Wasserman, has her committed to Harmony Creek. The longer Lilly's there, the more she realizes the girls in the ward have similar stories to her and Dr. Wasserman is keeping them for other reasons than their mental health.

Will Kalen return as he promised? Will Lilly have the courage to discover the doctor's secrets? Find out in the first book of The Otherworld Trilogy.
