Deadly Revenge

D.S. Butler

Deadly Revenge D.S. Butler
One by one, they will pay for the past...

DS Jack Mackinnon's career is in serious trouble. Still in the Detective Chief Inspector's bad books and excluded from the Major Investigation team, Mackinnon is assigned the case nobody wants. As Mackinnon investigates, he discovers a horrifying link to a crime committed a decade ago.

Not forgotten. And never forgiven...

DEADLY REVENGE is the third book in the DS Jack Mackinnon series. The series order is as follows:

- 1.) Deadly Obsession
- 2.) Deadly Motive
- 3.) Deadly Revenge
- 4.) Deadly Justice
- 5.) Deadly Ritual
- 6.) Deadly Sin (coming soon)

Hans says

Mackinnon and Brown are doing fine again. Although the focus is more on Mackinnon this time. The pace is good from the start and the story about heroin is intriguing and believable.

Sharon says

Deadly revenge is the second book in the series of DS Mackinnon, it can be read as a stand alone, so don't worry if you haven't read the 1st one. Deadly Revenge is much darker & grittier than Deadly Motive. D S Butler has really found her niche here, with her thrilling style of writing. DS Mackinnon is on the case of suspected contamination of drugs., as the story unfolds it reveals hidden secrets & plots of revenge, it grips you with a sense of realism & and fear of the dreadful horrors that happen to the victims. As each chapter unfolds it brings you deeper & deeper behind the scenes of the drug dealing world with lots of twist, without the need of shocking violence. Despite the topic & lifestyles you feel sympathy for non stereotypical characters you would normally look down on. This book certainly packs a powerful punch and Butler gives Martina Cole (without the swearing) a run for her money in this terrific gritty crime novel.

Patricia Mccammon says

Ok

Heroin addicts are bleeding to death. DS Jack MacKinnon is trying to find the source of the contamination. Is it deliberate or an. Accident.

Isabel Turner says

Drugs

Another great book which I couldn't put down until I finished it. I sincerely hope this writer will be writing some more books which I will look out for.

Gary Van Cott says

3.5 stars. The second book in a row with medical elements in the plot. This book was ok although I don't like the jumping back in forth in time. At least the author was clear about it.

sandra says**Another great book**

I've read all three and all were great so I'm ready to start number 4
drugs are running rampant and lots of people die daily it's so sad

Joyce Kirkwood says**One good cop!**

This was very believable. A good storyline and lots of intrigue and adventure. This is the kind of mystery I enjoy!

Betsy says

A thoroughly depressing book. It may be realistic, but it was hard to finish. Don't read it on a bad day.
