## **Fallen Angel** Wayne Stinnett

A rushed rescue mission doesn't go as planned for retired Marine Jesse McDermitt and the crew of Gaspar's Revenge. The two kidnap victims are rescued, but they'd rather be taken back to the Jamaican drug runners who were hired to kill them than return home to laid-back Beaufort, South Carolina, and give the man who wants them dead the chance to hire someone more competent.

Crisscrossing hundreds of miles of open Atlantic Ocean, with a weather eye on a powerful hurricane, Jesse and his crew come up with a plan to lure out the man behind the double murder plot. A high speed run from the Out Islands to the South Carolina coast is fraught with peril. However, Jesse knows that the real danger lies in the sleepy little coastal town not far from where he was once stationed.

When southern politics, power, and money collide, double crosses are the name of the game. Guns blaze and big diesel engines roar in the spooky marshes of the Lowcountry, as an innocent child's life hangs in the balance.

## **From Reader Review Fallen Angel for online ebook**

### **Jeff Benham says**

Jesse and most of the alphabet soup agencies are back in this action packed thriller! A perverted congressman wants his mother-in-law and daughter dead to get sympathy in his reelection. Jesse and his crew foil the first attempt and then set it up to catch the congressman in the act of setting up another hit.

---

### **Shawna McDowell says**

#### **Jesse and crew get themselves in another pickle, and Finn is introduced**

These books keep getting better and better. The crew, now well known by the reader, have another tough situation on the water. And, we are introduced to Finn, Jesse's new clam-loving pup. Great job, Wayne!!!

---

### **Tony Hisgett says**

Another decent story but I am getting a bit tired of the plotline that relies on, what is meant to be a group of highly experienced top notch 'kickass' agents making stupid mistakes. Who would guess that Swamp would want revenge? Obviously not Jessie and his team.

I did like the new dog but I wish the author would make his mind up about the women in Jessie's life.

---

### **Chris says**

My standing review for the Jesse McDermitt novels:

Guy gets out of the military, buys a fishing boat and an island and subsequently finds himself catching bad guys with the government. Yes. Yes, it is far-fetched. But it's a hell of a lot of fun. These are not the best-written books. They're not fine literature. They're not really even good literature. But they're compelling, have some characters you really can't get out of your head, and they're mindless escapes for a day or two.

---

### **Orvil Hazelton says**

#### **WAYNE STINNETT: Consummate StoryTeller**

The Jesse McDermitt FALLEN series continues to grow. Mr. Stinnett spins a coastal adventure story raising the ghost of John D McDonald. As the thrill of the chase unfolds, the character development brings me, the reader, right into the cozy family of heroes lead by retired Force Marine, Jessie. He is a stoic, with many damsels to rescue as our Nation is saved from enemies, foreign and domestic.

## **Amanda J Hardin says**

### **Review of Fallen Angel**

These books are the greatest. You get an action packed adventure with the flavor of the Florida Keys thrown in the mix. Plus the characters are down home people you can relate to. An unbeatable combination.

---

## **Alfred Jennings says**

### **Hard to put this book down.**

This book got my attention on the first page and held it to the last one. Jesse is a believable character without super human attributes, just an intelligent individual with a good heart and a good head.

---

## **Jim A says**

Pretty good "no brainer". Just a fun read. This one takes place away from the Florida Keys. Mostly in the Bahamas and South Carolina.

For those who like 'kick ass' action novels without a lot of plot to think about.

---

## **Judy Churchill says**

This is another thriller with a slightly different twist. A corrupt, money hungry politician, whose wife is dead, goes so far as to contract for the murder of his daughter and mother-in-law so that he can have everything to himself. Jesse is involved in rescuing the two women from hired, Jamaican killers. He and his cohorts rescue them but they are recaptured for the money. It is a nail biter from beginning to end!

---

## **Bill Barnes says**

### **still going strong**

What makes this and all the previous books so special is the humaness of the characters. They grow on you and become real. They have a sense of humor, mostly honor and trust. While this is fiction, it would be nice if there a group like this operating just outside the politics and iicians. Traitors, rapists, drug smugglers and modulators have as much right as a rat or scorpion that finds its way into my house.

Looking forward to another.

---

### **Dave says**

Another great story filled with action and believable characters. I always enjoy Jesse and his team and am torn between reading as soon as I get my hands on a new story, or saving and savoring for a special occasion.

---

### **John Podlaski says**

I have enjoyed every Jesse McDermitt adventure by Wayne Stinnett. This author has a way of capturing the interest of readers at the very start and not letting them go until the end. This time, Jesse and crew go against a Jamaican drug gang to rescue two females and then work on goading a Congressman to admit that he offered a bounty to kill his daughter and Mother-in-law. However, the politician has some tricks up his sleeve too which jeopardize Jesse's plans and some of his crew.

Non-stop action from the very beginning with twists and turns to keep readers guessing. Great job. Keep 'em coming!!

John Podlaski, author

"Cherries - A Vietnam War Novel" and "When Can I Stop Running?"

### **Tracey Mccall says**

#### **Brilliant**

I just love this series! So well written with amazing characters you can't stop wanting more from. Every story is amazing.

---

### **Will Ferrick says**

#### **Best read**

This one of the best series on the market. I normally do not read this genre of book but I have fallen in love with this series and his other series. Keep up the great work and looking for the next Jesse McDermott book.

---

### **Denise says**

'Fallen Angel' was another story from a great series that pulled me in and didn't let go. I could feel my emotions get the better of me during quite a few scenes. That takes talent, in my opinion. The story line was well written and well thought out. Quite creative and imaginative. I can't wait to read the next book. A great add to your tbr list.
