## Jessica McSwain says

Claire is the personal assistant to Lucius at Bad Boy Magazine and is quitting because she can't seem to stop her body and heart to constrict for the bad boy player... But is he really? Now after giving her notice to leave he begs her to do one last photo shoot and it's at a hotel resort that is dedicated in BDSM. And to top that he wants her to dress the part, not because she is a model but because it makes the establishment comfort.

Before going to the meeting she stops at a store to get stuff and sees a collar that matches her outfit, it is teal with black and with knowing showing of great favoritism from Dom to Sub. While on the way to the room for the shoot she gets lost and ends up in an auction for Subs...great...now what?

Lucius is the billionaire owner of Bad Boy Magazine and he has had the hots for his assistant for two years and now she is leaving. Or she thinks she is...He sets up a photo shoot and will not take no for an answer from his Claire and he wants her to dress the part. While waiting he finds out that she was in the sub auction and went to save her. He did and before letting her off the hook of taking her as a sub since he did pay ALOT of money to get her.. But the thing is he dressed up and hiding who he was so she didn't know it was him.. He see interest and decides to test her this way. Everything is moving beautifully until the are about to do the act and she stops everything because she knows in her heart that it Lucius she wants and not this stranger, and tells him soo. He surprises her as well. What is to come of them? Will she tell him of her past experience with BDSM and is it ugly?

## Fiordiligi says

I enjoyed this story in a kind of guilty pleasure way. While the set up is not the most realistic, the novel started out funny and highly entertaining with me mentally gorging on a bucket full of delicious popcorn.

Unfortunately, somewhere towards the last third it kind of lost me, not because the story's brain-candy allure suddenly went missing but because the hero made an undying declaration of love and a proposal of marriage **BEFORE** they even shared their first kiss, let alone went at each others like monkeys. He is this super successful businessman and experienced dom and has been lusting after the heroine like forever, and finally, **FINALLY** she is showing interest in this whole kinkster stuff which is reason enough for him to profess his undying love and offer her a happy ever after \*headdesk\*. WTF? I am completely getting the wrong idea of America here because I only ever stumble upon those silly marriage proposals in books written by American authors.

And to make matters worse, when they finally start with the interesting stuff the book ends. Arggg, like in the middle of a sex scene which I didn't get before but which is the whole point of actually buying an erotic romance and it isn't a serial either. D

Claire has quit her job as magazine publisher Lucius Devereaux's assistant, but he manages to convince her to postpone leaving for a few extra days to help him with a photo shoot at a fetish resort catering to bdsm. He does this in the hopes to convince her to stay because he's been attracted to her since she first started working for him two years ago. While trying to find the room for the magazine photo shoot Claire accidentally gets roped in as a slave at a slave auction where all the proceeds go to charity. Lucius disguises himself and buys Claire.

I really liked this short story. I thought it was well written with pretty good character development for a novella. I would read more books by this author.

Nope.

This didn't have many reviews, but it had decent reviews and it was on sale for \$.99 so I gave it a try.

It's very short and I could not suspend disbelief enough to believe any of it. The heroine, Claire, and hero, Lucius, have known each other for a couple of years. She is actually his personal assistant. She has the hots for him, but he's a playboy, so despite all the flirting he does with Claire, she blows him off and keeps it all professional. But, Claire's tired of pining for Lucius, so she quits her job. He convinces her to stay long enough to help him complete one last event at a BDSM "resort". At the resort, she ends up on the auction block and Lucius, wearing a hooded mask, "purchases" her. Everything develops from there over the course of one night.

I didn't buy it because Claire had a bad experience with BDSM with a previous boyfriend. A really bad experience - one that left physical scars. But, she allows herself to be auctioned off as a slave to a "Dom" that she knows nothing about. That evening, she meets him in the restaurant at the BDSM resort and then willingly accompanies him to his private room. At this point, his identity is still a secret.

The "scenes" were mild and felt sort of forced and cold. They were strangers doing sexual things.

And the book could've used an additional read-through to catch missing/misspelled words.

Really enjoyed this one. There is a nice balance of erotica and romance. Claire is a great character. The free bonus story is good too and worth the download on its own. Both are fun and entertaining. Michele can not only tell a good story, but she is a strong writer and master at her craft.
